## **Marriage And Sacrament A Theology Of Christian Marriage:**

*Marriage and Sacrament* Michael G. Lawler, 1993 At a time in human history when women and men are more concerned about interpersonal relationships and when there is an extensive questioning of the specific relationship between a woman and a man in marriage Marriage and Sacrament offers an understanding of how to live out the Christ meaning and Church meaning of that relationship so that by living martially and sacramentally couples can reveal to the world and to the Church the deeper meaning of all human love The book examines the relationship among love marriage and sacrament it examines the meanings of the sacrament of marriage its biblical basis its history and what happens when it comes to an end it examines sexual love indissoluble love fruitful love and ecumenical love in relationship to both marriage and sacrament Marriage and Sacrament is an indispensable resource for pastoral ministers and ministry students as well as all who contemplate or are now partners in marriage

*The Mystery of Marriage: A Theology of the Body and the Sacrament* Perry J. Cahall, 2014-12-01 This remarkable study offers a comprehensive explanation of the Catholic Church's teaching on the sacrament of marriage Incorporating the rich insights found in St John Paul II's Theology of the Body Dr Cahall presents a theology of marriage that incorporates the biblical systematic pastoral and historical traditions which have shaped our understanding of this sacrament

*Christian Marriage and Family* Michael G. Lawler, William P. Roberts, 1996 A definite shift in the Catholic Church's understanding of marriage took place at Vatican Council II Rather than perceiving marriage as a contract whose primary purpose was the procreation of children the council spoke of marriage as an intimate partnership of life and love Then recapturing an earlier tradition it went on to describe the family as a domestic church In this book seven theologians who have lectured and written extensively on marriage probe the rich theology of marriage and family that emerged from Vatican II and explore some of the implications that flow from this theology Part One reflects on the sacramentality of marriage and on the family as a church of the home Part Two examines the pastoral implications this has for marital and family ministry and spirituality BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

**Secular Marriage, Christian Sacrament** Michael G. Lawler, 1985 **The Savage Sacrament** Eileen Zieget Silberman, 1983

**Engaging the Doctrine of Marriage** Matthew Levering, 2020-08-12 This book is the next volume in Levering's Engaging Doctrine series The prior volume of the series examined the doctrine of creation The present

volume examines the purpose of creation the marriage of God and humans God created the cosmos for the purpose of the marriage of God and his people and through his people the marriage of God and the entire creation Given that the central meaning or prime analogate of marriage is the marriage of God and humankind the study of human marriage needs to be shaped by this eschatological goal and foregrounded as a dogmatic theme After a first chapter defending and explaining the biblical witness to the marriage of God and his people the book explores various themes marriage as an image of God original sin as the fall of the primordial marriage the cross of Jesus Christ and marital self sacrificial love the procreative and unitive ends of marriage marriage as a sacrament and marriage s importance for social justice and for the upbuilding of the kingdom of God Along the way the book provides an introduction to the key biblical patristic medieval modern and contemporary thinkers and controversies regarding the doctrine of marriage

**Marriage After Modernity** Adrian Thatcher, 1999-09 For most Christians marriage is considered a sacrament created and uniquely blessed by God Yet the theology of marriage rarely matches the actual experience Marriage is too often a violent loveless institution and it is increasingly delayed avoided or terminated Marriage After Modernity offers new hope for Christian marriage at a time of unprecedented social and theological change It provides an unreserved commendation of Christian marriage reaffirming its status as a sacrament and institution of mutual self giving At the same time it breaks new ground It draws on earlier traditions of betrothal and informal marriage to accept some forms of pre marital cohabitation and provides a new defense of the link between marriage and procreation by sketching a theology of liberation for children Chapters shed new light on divorce and legitimate theological grounds for the parting of the ways contraception and the question of whether marriage is a heterosexual institution Particular attention is paid throughout the book to overcoming the androcentric bias of much Christian thought and the distorting effect it has had on marriage Marriage After Modernity argues for a vision of marriage which does not abandon its history and which draws upon its premodern roots to grapple with our current social cultural and intellectual upheavals

*What God Has Joined* Peter J. Elliott, 2010-03-01 Much has been written about marriage from the sociological and psychological point of view and as an object of civil and canon law But in terms of systematic theology this treatment of marriage as a sacrament may very well be unique Every effort has been made to keep the text from becoming too academic while at the same time providing the average educated reader with a wealth of original insights into the mystery of marriage in creation and as transformed by Christ Chapters cover sacramental consent bond and covenant as well as the quest for the sign Such thorny problems as the role of faith in the sacrament marriage with an unbaptized person the most pressing ecumenical questions and the relationship between the sacrament and contraception are studied in depth Finally the sacrament of family is treated at some length with an eye to its social and redemptive dimensions

Christian Marriage Today Klaus Demmer, Aldegondé Brenninkmeijer-Werhahn, 1997 This book is the result of a symposium sponsored by the International Academy of Marital Spirituality INTAMS which brought together a group of distinguished scholars and

theologians to discuss the current social and spiritual emergency of Christian marriage. Going beyond a strictly theoretical evaluation of the sacrament of marriage, the contributors examine the subject from a pastoral viewpoint and address the praxis situation of couples trying to live out the implications of the sacrament. The volume will be of interest to theologians as well as to catechists involved in the preparation of couples for the sacrament. Klaus Demmer begins the book with an overview of INTAMS. He provides background information on the symposium, outlines the main themes discussed, and introduces the essays included in the volume. The first essay by Jörg Splett presents a philosophical reflection on the nature of Christian marriage and the way in which it fulfills the person. From a historical perspective, Michel Rouche then provides a survey of the many changes in the concept of marriage and the family throughout European history. Ladislav Rysy contributes a fascinating essay in which he describes the sacrament of marriage as a special vocation. He examines the divine and human action in the nuptial ceremony and focuses on God as the principal actor in the event. Rysy meditates on God's revealed thoughts on marriage, on God's presence during the ceremony and throughout a couple's married life, and on the implications of the Christian doctrine of marriage for spirituality, liturgy, and canon law. The final essay by Carlo Rocchetta traces Vatican II's terminological shift from marriage as a contract to marriage as a covenant and outlines the main guidelines for a new theological conceptualization of marriage as a sacrament.

bibliography It also includes three new chapters on classical biblical and patristic sources      How Marriage Became One of the Sacraments Philip L. Reynolds, 2016-06-30 An indispensable guide to how marriage acquired the status of a sacrament This book analyzes in detail how medieval theologians explained the place of matrimony in the church and her law and how the bitter debates of the sixteenth century elevated the doctrine to a dogma of the Catholic faith      Christian Marriage David Michael Thomas, 1992 This book represents a theology of marriage It is not intended as a manual for solving marital problems or as a self help guide on how to improve one's marriage Rather its basic goal is to bring forward into our time with all its uniqueness and peculiarities major insights of the Christian faith as they relate to married life Through the love of wife and husband woman and man through loving words pronounced in public in formal ceremony and unfolded in the time that ensues through the couple's collaboration with God's creative power in bringing new life into the world through the spirituality lived in transforming creation the sacrament of marriage brings the Spirit of God into the world Each couple has the power to block this process but what is more important to affirm is their capacity to advance it And it happens From Chapter 1      *How Marriage Became One of the Sacraments* Philip Lyndon Reynolds, 2015      **Commitment to Partnership** William P.
