legislature and Johnson thereby lost a wonderful opportunity to return to Washington only a few months after the end of his presidency In 1872 Tennessee stipulated that its new congressional seat would be an at large one This suited Johnson who favored a statewide rather than a district race When he could not secure the formal nomination of the state s Democratic part he boldly declared himself an independent candidate Although he knew full well that his actual chances of election over either a Republican or a Democratic rival were slim Johnson stayed in the fray Confederates exerted one the Democratic party and he succeeded The Republican contender emerged victorious much as Johnson had calculated and therefore in a somewhat perverse this strengthened Johnson s political clout for another day The day came in 1874 when he launched his campaign for the U S Senate Johnson labored mightily throughout the state in this cause by the time the legislature convened he was the major contender for the post But Democratic party successes in the gubernatorial and legislative elections had encouraged a number of other hopefuls Eventually the legislature staged fifty five ballots before Johnson carried the day in late January 1875 As fate would have it President Grant summoned a special session of the U S Senate to meet in March enabling Johnson to claim his seat well ahead of the normal schedule The ex president strode confidently into the Senate chamber the scene of his impeachment embarrassment in 1868 and took the oath of office Many well wishers as well as old foes greeted the battle scarred political veteran whose vindication had been achieved at last After lingering in Washington after the close of the Senate session Johnson returned to Tennessee where he lived out the short remainder of his days With the exception of serious financial reverses and a nearly fatal battle with cholera in 1873 Johnson s sole focus had been his political rehabilitation Considering his return to the Senate albeit brief the argument could be made that he succeeded But considering the verdict of most historians it remains debatable whether he achieved his aims The Editor Paul H Bergeron is professor of history at the University of Tennessee Knoxville

John McKinley and the Antebellum Supreme Court Steven P. Brown, 2012-10-12 Provides a penetrating analysis of US Supreme Court justice John McKinley Steven P Brown rescues from obscurity John McKinley one of the three Alabama justices along with John Archibald Campbell and Hugo Black who have served on the US Supreme Court A native Kentuckian who moved in 1819 to northern Alabama as a land speculator and lawyer McKinley was elected to the state legislature three times and became first a senator and then a representative in the US Congress before being elevated to the Supreme Court in 1837 He spent his first five years on the court presiding over the newly created Ninth Circuit which covered Alabama Arkansas Louisiana and Mississippi His was not only the newest circuit encompassing a region that because of its recent settlement included a huge number of legal claims related to property but it was also the largest the furthest from Washington DC and by far the most difficult to traverse While this is a thorough biography of McKinley s life it also details early Alabama state politics and provides one of the most exhaustive accounts available of the internal workings of the antebellum Supreme Court and the very real challenges that accompanied the now abandoned practice of circuit riding In providing the first in depth assessment of the life and Supreme Court career of Justice
