sustained contemporary articulation of America's agrarian Jeffersonian ideal Publishers Weekly **After Dinner Games** Robert D. Doell, 2000-09-13 Aaron Evans isn't looking for mystery or romance when he moves to a quiet Seattle neighborhood and attends services at a local church. He isn't even looking for religion. He is searching for an environment that will further help his children ease the pain of their mother's sudden death two years ago. When Aaron's eight-year-old son draws a picture in church of Elvis Presley's ascension to heaven on a toilet seat, it attracts the attention of two very different women. Mildred Vinster, a cantankerous octogenarian, is offended. Holly Lawrence, Aaron's new neighbor, is amused. Mildred's murder a few hours later leaves Holly heir to an old Bible. A hollowed-out section of the Bible contains a bag of synthetic diamonds. The Bible also leaves clues to the location of a wealth of real gems. As Holly's relationship with Aaron turns to love, the mystery surrounding the diamonds deepens. The answer to where the diamonds came from and why Holly received them begins in prewar Nazi Germany and leads from the drug trade in Canada to the casinos of Las Vegas, where finding the real diamonds turns into a game of life or death with the odds stacked against them **Routledge Handbook of Family Law and Policy** John Eekelaar, Rob George, 2020-07-26 Changes in family structures, demographics, social attitudes, and economic policies over the last 60 years have had a large impact on family lives and correspondingly on family law. The Second Edition of this Handbook draws upon recent developments to provide a comprehensive and up-to-date global perspective on the policy challenges facing family law and policy round the world. The chapters apply legal, sociological, demographic, and social work research to explore the most significant issues that have been commanding the attention of family law policymakers in recent years. Featuring contributions from renowned global experts, the book draws on multiple jurisdictions and offers comparative analysis across a range of countries. The book addresses a range of issues including the role of the state in supporting families and protecting the vulnerable, children's rights and parental authority, sexual orientation, same-sex unions, and gender in family law, and the status of marriage and other forms of adult relationships. It also focuses on divorce and separation and their consequences, the relationship between civil law and the law of minority groups, refugees and migrants, and the movement of family members between jurisdictions, along with assisted conception, surrogacy, and adoption. This advanced level reference work will be essential reading for students, researchers, and scholars of family law and social policy, as well as policymakers in the field **Mutuality Matters** Herbert Anderson, Edward Foley, 2004 Previous principles of hierarchy, inequality, and duty that defined the relationships between husband, wife, and children have been challenged and often replaced by more fluid bonds of equality, intimacy, emotional self-disclosure, communication, and mutual trust. The key question that has emerged for our times then is: how exactly do families sustain genuine mutuality, democracy, and strong relationships? Figuring out good answers to this question is the major theme of this book, and the origin of the title **Mutuality Matters** **Women and Islam** Zayn R. Kassam, 2010-10-21 This balanced exploration provides the basis for an energetic engagement with what it means to be a Muslim woman in a globalized world. The expert essays in *Women and Islam* are

designed to stimulate discussion and help readers achieve a more sober understanding of the lives of Muslim women around the world. They explore the issues Muslim women face as they fight for gender justice and meet the challenges of living in a globalized post 9/11 world, whether in Iran or France, Ethiopia or the United States. Each chapter examines a different part of the globe, exploring issues arising from cultural and religious codes as well as from internal and global politics, economics, education, and the law. Readers will glimpse the many and diverse ways in which Muslim women are actively involved in addressing the conditions embedded in their discrete environments and taking up the opportunities afforded to them, adopting strategies ranging from the political to the legal, from the theatrical to the religious.
