Manitza Kotze, Nadia Marais, Nina Muller van Velden, 2022-02-28 Inasmuch as sex and sexuality are not words often spoken from pulpits and in academic theological circles a vast number of utterances have been made in the name of so called Christian values and biblical views on sex and sexuality These are often given from moral ethical perspectives and seemingly very prescriptive who should have sex with whom when sex should take place which purposes sex should serve and especially when sex is wrong Moreover often there is little or no recognition of the complexities surrounding human sexuality resulting in what appears to be a blueprint for sexuality applicable to all persons This volume contains fourteen theological and ethical reflections by South African scholars on human sexuality with the aim of exploring what a sexual reformation within Christian dialogue might entail Presented in three sections namely systematic theological reflections biblical reflections and ethical reflections the essays represent a range of topics from a variety of perspectives Luther and marriage sexual abuse in the Catholic Church body theology and the sexual revolution reproductive technologies sexuality and reproduction reproductive loss hermeneutical choices and gender reformation in South Africa queer engagements with bra Joseph explorations on Paul and sex rape culture and violent deities the church's moral authority and sexual ethics practical theological considerations regarding infertility empirical research on masculinities in Zambia and the lived experience of transgender people in African Independent Churches

God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families Terry M. Turner, 2017-12-18 God's Amazing Grace Reconciling Four Centuries of African American Marriages and Families is an insightful study that will be welcomed by thoughtful practitioners and all who ponder the African American family's complexity Readers familiar with the deep rich reservoir of African American family literature will recognize many of the black scholars referenced in this work Readers unfamiliar with these sources will be grateful to discover them and the effective use of disparate literature This work will become a different kind of guide for studying American history through the lens of the African American family Underneath all the research is the search for answers to the compelling questions Is there a correlation between slave owners denial to slaves God's design for the family and the familial chaos that has plagued African American families for more than a hundred fifty years And if there is connection what is it The author has brought something new to a familiar topic of discussion the Bible The unique moral compass that steered this study is solidly anchored in the bedrock of holy scripture In this work the history and sociology of African American marriages are examined in light of the questions asked by Holy Scripture In so doing Dr Turner skillfully attempts to help readers make sense of the story of black families in America May this book mark the beginning to a new reality for African American families Dr Willie Peterson senior executive advisor adjunct professor of

Crouse,2017-09-08 The desire for our children to be free from want and danger and to be able to enjoy their youth in innocence would seem to be universal Conventional wisdom says that parents in every socio economic level of society share the dream of preserving their children s innocence All want to provide a childhood and adolescence that shelters and protects children from the harshness of life and nurtures them until they are able to withstand the onslaught of reality One need only look at troubled areas of the world such as Northern Ireland parts of the Middle East or any number of other points on the globe to see how weak is any communion forged out of these universal desires for the welfare of children Even in the United States the competition of ideas and values about what represents the good society in which to raise our children is fierce as are differing views about the value of innocence and even life itself These differing ideas and values affect people s actions even when they have never reflected on them or have never cared enough to formulate those values into a coherent worldview Crouse contends that without morals children are at risk Moral boundaries not moral relativism provide a safe haven for children by preserving their innocence and protecting them from predators and pedophiles When authentic religious faith has been quashed children are no longer safe When the underlying values are wrong when there are no common values unifying a people even the best programs and most honorable of intentions are doomed to failure Well intentioned programs and policies inevitably fail miserably without an undergirding moral foundation as is documented by an abundance of data and the social trends in America today

Equality and the Family Don S. Browning,2007 In Equality and the Family Don Browning pulls together essays he has published in the past in order to shed light on the path we should take in the future He contends that practical theology can be envisioned as a practical research program and he uses the very concrete example of the family to illustrate how this works Though it may sound unlikely that equality in the family can be based on Christian ideas Browning insists that it can and that it should His desire is to be pro family and pro marriage in ways that create justice and equality within the family Based on this goal he argues for the church s ideal model of the mother father partnership to be balanced with an understanding and acceptance of the pluralism of family forms as a part of modern life including church life A brief introduction of each essay is included to help the reader understand the original context of the piece

to understand the state of matrimony in global Christian circles today Regnerus finds that marriage has become less of a foundation for a couple to build upon and more of a capstone Meeting increasingly high expectations of marriage is difficult though in a free market whose logic reaches deep into the home today The result is endemic uncertainty slowing relationship maturation and stalling marriage But plenty of Christians innovate resist and wed and this book argues that the future of marriage will be a religious one Fatal Doting on Honey Wife Chun Huaqiukai,2019-12-05 She was a crafty gangster princess accidentally tying the wrong person and attracting demons to descend upon her He was a ruthless businessman and with a paper contract he confined her to a game called revenge He hated her hated her and yet refused to kill her Love is a poison Even though it was highly toxic Mo Xiaodai still drank it all She had three memories in her life They all cried for that man and laughed for him **Don't Settle** Scott Carroll MD,2016-11-07 Do you want to know the real secret to a satisfying and successful marriage Getting and staying happily married is probably one of the hardest things most of us will ever attempt In fact marriage is so challenging that you have to marry well to start with to even have a chance of success Even worse the advice you've heard all your life is either wrong or at best incomplete Heartbroken after his second divorce Dr Carroll was determined to solve the puzzle of how to have a successful marriage Drawing on his professional expertise as a psychiatrist and a wealth of field research he emerged with a powerful yet simple system for finding your perfect match Using neuroscience genetics behavioral science psychology and his work with shamans and other spiritual healers he will teach you how to marry science with spirituality to attract the perfect man for you the man you were meant for and how to get him to the altar in as little as a year You'll learn why the usual advice doesn't work why amazing chemistry is a bad sign what type of man is perfectly suited for you how to energetically attract him how to know he's really the one and of course how to get him to the altar If you're tired of the singles scene and frustrated by failed attempts at love *Don't Settle* is the step by step complete solution you've been looking for *LOVING to COMMUNICATE* Daniel Louis,2021-12-13 Discover the secrets to effective communication and connection in all areas of your life from personal to professional We all want to be understood by others Whether you're in the workplace at home or out and about being able to communicate what you're thinking is an essential skill to have After all we've all experienced the frustration of being misunderstood or having our words twisted How often have you found yourself in the middle of a conflict that could have been avoided with the right communication Or been forced to deal with issues that arose from a lack of understanding Communication is about more than simply speaking your mind To effectively convey what you're feeling and thinking takes skill and requires effort no one is born knowing how to be the perfect communicator While it might seem like some people are naturally gifted at getting their ideas across the truth is that they learned how to do so What does that mean for you It means that you're capable of becoming a person who speaks their mind clearly and honestly and is able to connect deeply with others You can become a master communicator even if you find yourself often feeling tongue tied and hesitant In *LOVING to COMMUNICATE* here is just a fraction of what you will

Them Before Us Katy Faust, Stacy Manning, 2021-02-23 Them Before Us has flipped the script on adult centric attitudes toward marriage parenthood and reproductive technologies by framing these issues around a child s right to be raised by both their mother and father Set against a backdrop of sound research the compelling stories throughout each chapter confirm that a child s mental physical and emotional well being depends on being loved by the two people responsible for their existence It s a paradigm shift that will impact the personal and the political and reframe every marriage and family conversation across the globe Them Before Us dispels many prevalent harmful myths concerning children s rights such as Kids need only love and safety moms and dads are optional Love makes a family biology is irrelevant Marriage is about adults it has nothing to do with kids Children are resilient and will get over divorce Studies show no difference in outcomes for kids with same sex parents Sperm and egg donor kids are fortunate because they are so wanted Surrogacy is a great way to help wannabe parents have a baby Reproductive technologies are just like adoption Are you tired of a culture that views adults as victims in family matters when it s clear that kids are the ones who truly pay the price If so we are your people and this is your movement
