Marginal Jew: Rethinking the Historical Jesus, Volume IV John P. Meier,2009-06-02 John Meier's previous volumes in the acclaimed series *A Marginal Jew* are founded upon the notion that while solid historical information about Jesus is quite limited people of different faiths can nevertheless arrive at a consensus on fundamental historical facts of his life In this eagerly anticipated fourth volume in the series Meier approaches a fresh topic the teachings of the historical Jesus concerning Mosaic Law and morality with the same rigor thoroughness accuracy and insightfulness on display in his earlier works *Towards an Understanding of the African Experience from Historical and Contemporary Perspectives* Festus Ugboaja Ohaegbulam,1990 This introductory survey provides a rich understanding of the African experience which until recently either had been omitted from the curriculum of institutions of higher learning or was distorted in written and oral literature The book identifies the post World War II civil rights movement in America and the independence revolution in Africa as the most decisive forces that generated interest in the study of the African black experience Includes four theoretical models for interpreting the black experience The author discusses the place and role of Africa in the development of human civilization focusing on Africa's Nile Valley civilizations and Western Sudanic empires It probes aspects of traditional African culture including the family traditional political institutions and religion and analyzes the impact on Africa and its peoples of such historical traumas as slavery colonialism and decolonization **John Milton: Introductions** John Broadbent,1973-12-13 At the head of the Cambridge Milton series stand two general books *John Milton Introductions* and *Paradise Lost Introduction* These set the tone for and give the background to the editions of individual books John Broadbent and the contributors to the present volume provide original studies on different aspects of John Milton's life times work and ideas There are chapters on his relation to the music science and visual arts of the age and there is ample material to stimulate further reading thought and research The book can be used by a wide range of readers and students of Milton as an original work of reference a bank of ideas and resources on which to draw and to develop **Sex and the Single Savior** Dale B. Martin,2006-01-01 Probing into numerous questions about gender and sexuality Dale Martin delves into the biblical texts anew and unearths surprising findings Avoiding preconceptions about ancient sexuality he explores the ethics of desire and marriage and pays careful attention to the original meanings of words especially those used as evidence of Paul's opposition to homosexuality For example after a remarkably faithful reading of the scriptural texts Martin concludes that our

contemporary obsession with marriage and the whole search for the right sexual relationships is antithetical to the message of the gospel. In all of these essays however Martin argues for engaging Scripture in a way that goes beyond the standard historical critical questions and the assumptions of textual agency in order to find a faith that has no foundations other than Jesus Christ.

Africa in Contemporary Perspective Manuh, Takyiwaa, Sutherland-Addy, Esi, 2014-05-08 An important feature of Ghanaian tertiary education is the foundational African Studies Programme which was initiated in the early 1960s. Unfortunately hardly any readers exist which bring together a body of knowledge on the themes, issues and debates which inform and animate research and teaching in African Studies particularly on the African continent. This becomes even more important when we consider the need for knowledge on Africa that is not Eurocentric or sensationalised but driven from internal understandings of life and prospects in Africa. Dominant representations and perceptions of Africa usually depict a continent in crisis. Rather than buying into external representations of Africa with its lacks and aspirations for Western modernities we insist that African scholars in particular should be in the forefront of promoting understanding of the plural, overlapping and dense reality of life and developments on the continent to produce relevant and usable knowledge. Continuing and renewed interest in Africa's resources including the land, mass economy, minerals, visual arts and performance cultures as well as bio-medical knowledge and products by old and new geopolitical players obliges African scholars to transcend disciplinary boundaries and to work with each other to advance knowledge and uses of those resources in the interests of Africa's people.

The Gospel of Matthew John Nolland, 2005-11-01 Having devoted the past ten years of his life to research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church. Without neglecting the Gospel's sources or historical background Nolland places his central focus on the content and method of Matthew's story. His work explores Matthew's narrative technique and the inner logic of the unfolding text, giving full weight to the Jewish character of the book and its differences from Mark's presentation of parallel material. While finding it unlikely that the apostle Matthew himself composed the book Nolland does

argue that Matthew's Gospel reflects the historical ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition Including accurate translations based on the latest Greek text detailed verse by verse comments thorough bibliographies for each section and an array of insightful critical approaches Nolland's Gospel of Matthew will stimulate students preachers and scholars seeking to understand more fully Matthew's presentation of the gospel narrative

Margaret Sanger Jean H. Baker, 2011-11-08 Undoubtedly the most influential advocate for birth control even before the term existed Margaret Sanger ignited a movement that has shaped our society to this day Her views on reproductive rights have made her a frequent target of conservatives and so called family values activists Yet lately even progressives have shied away from her citing socialist leanings and a purported belief in eugenics as a blight on her accomplishments In this captivating new biography the renowned feminist historian Jean H Baker rescues Sanger from such critiques and restores her to the vaunted place in history she once held Trained as a nurse and midwife in the gritty tenements of New York's Lower East Side Sanger grew increasingly aware of the dangers of unplanned pregnancy both physical and psychological A botched abortion resulting in the death of a poor young mother catalyzed Sanger and she quickly became one of the loudest voices in favor of sex education and contraception The movement she started spread across the country eventually becoming a vast international organization with her as its spokeswoman Sanger's staunch advocacy for women's privacy and freedom extended to her personal life as well After becoming a wife and mother at a relatively early age she abandoned the trappings of home and family for a globe trotting life as a women's rights activist Notorious for the sheer number of her romantic entanglements Sanger epitomized the type of free love that would become mainstream only at the very end of her life That she lived long enough to see the creation of the birth control pill which finally made planned pregnancy a reality is only fitting
