This creative resource provides pastors with several unique marriage liturgies including ceremonies for a traditional wedding, a wedding of an older couple, a second marriage with children, a marriage combined with communion, and more. Included are meditations for a marriage when both parties have been divorced, a widowed mature couple, a wedding in an outdoor setting, a formal wedding, and the marriage of a couple with a baby, and more.

John Wesley and Marriage Bufford Coe, 1996-04. In this book, a Methodist minister examines the sources of John Wesley's ideas about marriage and shows how those beliefs found expression in the cleric's revision of the Anglican wedding service. Author Bufford W. Coe describes the radical differences between a typical eighteenth-century wedding and a church wedding of today. He also tells the fascinating story of Wesley's romances with Sophia Hopkey and Grace Murray based on his own private diaries and shows how those relationships, as well as his miserably unhappy marriage, were affected by Wesley's beliefs about matrimony. Four days after Wesley decided he would marry, at the age of forty-seven, he spoke to a group of unmarried men and encouraged them to remain single. In the matrimonial service he devised for American Methodists, Wesley eliminated the custom of the bride being given in marriage by her father, although Wesley consistently taught that Christians should not marry without the consent of their parents. Wesley strongly condemned the Roman Catholic Church for requiring celibacy of its priests, but his own rules required that

Methodist preachers who married during their initial probationary period were thereby disqualified In 1784 Wesley published *The Sunday Service of the Methodists in North America with Other Occasional Services* Coe studies the components of Wesley's marriage liturgy from the Sunday Service to try to determine why Wesley revised the Anglican wedding service in the way that he did **BOOK JACKET Title Summary** field provided by Blackwell North America Inc All Rights Reserved *Words at the Wedding* William J. Byron, 2007 This book offers a series of concise thought provoking chapters primarily written as helpful reflections for engaged couples preparing for Christian marriage and married couples but suitable as well for clergy seeking ideas for wedding homilies or in marriage preparation programs **Women and Gender in Early Modern Europe** Merry E. century print editions as well as multiple manuscript copies which predate the print witnesses For the first time these sermons appear with full critical apparatus The Introduction provides the first dedicated account of the place of sermons in the social liturgical and theological contexts of these occasions in post Reformation England A headnote to each sermon describes its textual state and supplies local historical social and intellectual context and suggestions for further reading Extensive commentaries document Donne s use of sources both acknowledged and unacknowledged translate passages in foreign languages and gloss important and unfamiliar words Although largely neglected by previous scholarship these sermons emerge here as unique the only known sermons for churchings challenging for views on women and marriage more conservative than many of Donne s contemporaries and as evidence of Donne s Calvinist sacramental theology and his anti Catholicism They are also fine examples of Donne s skill in crafting emotionally compelling sermons suited to the unique demands of both occasion and auditory
