## **Marriages In Russia Couples During The Economic Transition:**

Marriages in Russia Lisa Cubbins, Marina Malysheva, Elena Meshterina, Marina Pisklakova, Natalja Rimashevskaja, Dana Vannoy, 1999-04-30 Researched and written by a collaborative team of Americans and Russians Marriages in Russia explores the myths and realities of how the first years of market transformation have affected Russian family life The research project in which 2418 individual interviews of randomly sampled heterosexual couples are used was initiated to determine if the relationships between gender attitudes and the relative social statuses of spouses based on such factors as education occupational prestige and income influence the marital quality spouses experience Whether these variables are linked to domestic violence as data show they are in the United States is also examined The results are surprising in that they often contradict general beliefs about Russian gender attitudes and gender attributes and the analysis of these findings is ultimately a fascinating look at the post Cold War realities of family life in Russia

**Marriage, Household and Home in Modern Russia** Barbara Alpern Engel, 2021-08-12 Barbara Alpern Engel's Marriage Household and Home in Modern Russia is the first book to explore the intricacies of domestic life in Russia across the modern period Surveying the period from 1700 right up to the present day the book explores the marital and domestic arrangements of Russians at multiple levels of society and the impact of broader historical developments including war and revolution upon them It also traces the evolution of marriage household and home as institutions over three centuries whilst also highlighting the inter relationship between public policy and private life in what is a wholly original historical assessment of domesticity in modern Russia In the process the author expertly synthesizes the key works arguments and discussions in the field mapping out the historiographical landscape of this compelling aspect of Russian social history Marriage Household and Home in Modern Russia is crucial reading for any student or scholar of modern Russian history

Men in Contemporary Russia Rebecca Kay, 2016-12-05 Rebecca Kay assesses how men in post Soviet Russia are represented through media and popular discourses Using case studies she explores the challenges which have arisen for men since 1991 and the ways in which their responses are shaped by and viewed through the prism of widely accepted attitudes towards gender The lives and concerns of men in provincial Russia are examined through ethnographic fieldwork combining extensive participant observation with in depth interviews The book reveals how individual men strive to maintain a sense of equilibrium between the activities in which they are engaged and the ways in which they are perceived both by others and by themselves The findings of the research have produced significant areas of contrast and comparison with the author's earlier work on women This is drawn out throughout the book placing the study of Russian men in a broader gendered context The issues raised by the men mirror concerns discussed in men's studies literature and popular discourse beyond Russia The book is therefore of interest to a wider international audience as well as contributing to ongoing interdisciplinary debates in Russian Studies Anthropology Sociology and Human Geography addressing the need for new approaches to understanding post Socialist change

Funding Civil

Society Lisa McIntosh Sundstrom, 2006 This book investigates the impact of Western democracy assistance programs on the development of Russian women's and soldiers' rights NGOs in Russia. **Handbook of European Homicide Research** Marieke C. A. Liem, William Alex Pridemore, 2011-10-17 This comprehensive work provides a sourcebook of information about the substantive methodological and policy-oriented aspects of homicide research in Europe. Part one of this work covers the most recent substantive and methodological information about European homicide research. The second part contains detailed case studies on homicide research in 15-20 individual European nations. This work will be both conceptual and practical. Conceptual aspects will focus on theoretical frameworks and patterns and trends of violence in Europe. Practical aspects will examine the results of empirical research topics relating to different data sources and the variation of legal definitions of violence throughout Europe and policy issues relating to variation in homicide prevention and punishment of homicide offenders throughout Europe. This handbook will not only provide an up-to-date reference that brings together known information but will also offer previously unpublished comprehensive literature reviews and original research findings. The editors' distinctive approach is to provide readers with an English language central source of information about the voluminous literature on European homicide research that is currently spread widely in dozens of different European and American journals. **Global Civil**

**Society and Its Limits** G. Laxer, S. Halperin, 2003-04-30 This volume critically examines the promise of a global civil society. Exploring issues in cases of diverse social justice movements, the contributors show that a global civil society is still far from emerging and its promotion may even harm the realization of grassroots democracy. The Internet is an exciting new means for activists to communicate internationally and citizens' movements increasingly coordinate campaigns through transnational advocacy networks but most effective civic action still takes place at national and local levels. Social Capital

and Social Cohesion in Post-Soviet Russia Judyth L. Twigg, Kate Schecter, 2016-09-16 This work shows that the collapse of socialist employment and social service systems and of the USSR itself has had profoundly damaging effects manifested in dislocation and homelessness, ethnic strife, family breakdown, declining life expectancy and soaring rates of violence and crime. *"HIV is God's Blessing"* Jarrett Zigon, 2011 Zigon's ethnography provides a fascinating window onto the concrete processes through which people undergoing rehabilitation for drug addiction are remade as moral persons. This book adeptly combines ethnographically based descriptions with forays into theology and Soviet history to deliver a compelling account of self-transformation in a contemporary Russian Orthodox milieu. Eugene Raikhel, University of Chicago. Over the last decade anthropologists have increasingly come to study the role of morality in shaping the course of social life. Within anthropological debates around morality, Zigon has been developing one of the most creative and challenging positions. In this book he pushes his project to a whole new level, working it out carefully through an important ethnographic case. Those

interested in morality in any field will want to read this striking exemplification of the way an anthropology of morality can help us think about social life in new ways Joel Robbins University of California San Diego      *Soviet Baby Boomers* Donald J.
