other cultures This book challenges this belief by exploring diverse cultures and perspectives from the majority world which
are often overlooked It highlights the importance of learning from cultures in the global South and East dismantling
stereotypes that frame them as sexually conservative or inferior Various drawing on structuralist postcolonial and
decolonial theory as well as social anthropology the book critically examines binaries related to culture age sex and intimacy
highlighting the need to decentre Western perspectives as the benchmark while other cultures and practices are

named Nora Barnacle and a not yet famous writer named James Joyce left Ireland together for Europe unwed So began a
deep and complex partnership and eventually a marriage which endured for thirty seven years This is the true story of Nora

the woman who transformed by Joyce's imagination became Molly Bloom arguably the most famous female character in twentieth century literature. It is also the story of Ireland, a social history encapsulated in the vivid recreation of Joyce and his small Irish entourage abroad. Ultimately it is the portrait of a relationship of Nora's complicated, committed and at times shocking relationship with a hardworking, hard drinking genius and with his work. In **NORA: THE REAL LIFE OF MOLLY BLOOM**, the award winning biographer Brenda Maddox has given us a powerful new lens through which to see both James Joyce and the woman who was in turn his inspiration and his salvation. **The Sexual Creators** André Guindon, 1986-02-07

It looks at how romantic love has become a core part of modernity and a dominant part of the Western marriage discourse and considers how the ideologies of romantic love are or are not replicated in the legal meaning of marriage. This examination raises two key issues. If love has become central to people s understanding of marriage then it is important for the legitimacy of law that love is reflected in both the content and application of the law. More fundamentally it requires us to reconsider how we understand law and to ask whether it is engaged with emotions or separate from them. Along the way this book also considers the meaning of love.

itself in contemporary society and asks whether love is a radical force capable of breaking down conservative meanings embedded in institutions like marriage or whether it simply mirrors them This book will be of interest to everyone working on love marriage and sexuality in the disciplines of law sociology and philosophy
