Martha Place A Novel Inspired By The Actual Case That Shocked The World:

Martha Place Stedman Mays, 2005-03 The year is 1899 The place is Sing Sing Prison in New York Never before has a woman been executed by the prison's new device for capital punishment the electric chair But all that will change tomorrow when Martha Place is scheduled to die in the Death Chamber at Sing Sing for a mysterious and murderous household crime spree Martha has been unable to tell her story in court since to do so would reveal publicly what she must conceal Finally in the nocturnal isolation of her cell with her only friend the Night Matron by her side Martha feels compelled to break her long silence and tell the truth behind the headlines At once a tale of hidden obsession and a meditation on the cathartic power of storytelling Martha Place is a Victorian noir novel that takes the reader on a journey through the life of an unforgettable heroine

Danger and Vulnerability in Nineteenth-century American Literature Jennifer Travis, 2018-03-12 Nineteenth Century Americans saw danger lurking everywhere in railway cars and trolleys fireplaces and floods and amid social and political movements from the abolition of slavery to suffrage After the Civil War Americans were shaken by financial panic and a volatile post slave economy They were awe struck and progressively alarmed by technological innovations that promised speed and commercial growth but also posed unprecedented physical hazard Most of all Americans were uncertain particularly in light of environmental disasters like hurricanes and wildfires about their own city on a hill and the once indisputable and protective hand of a beneficent God The disasters accidents and social and political upheavals that characterized nineteenth century culture had enormous explanatory power metaphoric and real Today we speak of similar insecurities financial informational environmental and political and we obsessively express our worry and fear for the future Cultural theorist Paul Virilio refers to these feelings as the threat horizon one that endlessly identifies and produces new dangers Why he asks does it seem easier for humanity to imagine a future shaped by ever deadlier accidents than a decent future *Danger and Vulnerability in Nineteenth Century American Literature* or *Crash and Burn* American invites readers to examine the threat horizon through its nascent expression in literary and cultural history Against the emerging rhetoric of danger in the long nineteenth century this book examines how a vocabulary of vulnerability in the American imaginary promoted the causes of the structurally disempowered in new and surprising ways often seizing vulnerability as the grounds for progressive insight The texts at the heart of this study from nineteenth century sensation novels to early twentieth century journalistic fiction imagine spectacular collisions terrifying conflagrations and all manner of catastrophe social political and environmental Together they write against illusions of inviolability in a growing technological and managerial culture and they imagine how the recognition of universal vulnerability may challenge normative representations of social political and economic marginality
