# Martial Twelves Of Epigrams

**D Keegan**

## **Martial Twelves Of Epigrams:**

**A Prosopography to Martial's Epigrams** Rosario Moreno Soldevila, Alberto Marina Castillo, Juan Fernández Valverde, 2019-02-19 A Prosopography to Martial's Epigrams is the first dictionary of all the characters and personal names found in the work of Marcus Valerius Martialis containing nearly 1 000 comprehensive entries Each of them compiles and analyses all the relevant information regarding the characters themselves as well as the literary implications of their presence in Martial's poems Unlike other works of this kind the book encompasses not only real people whose positive existence is beyond doubt but also fictional characters invented by the poet or inherited from the cultural and literary tradition Its entries provide the passages of the epigrams where the respective characters appear the general category to which they belong the full name in the case of historical characters onomastic information especially about frequency meaning and etymology other literary or epigraphical sources a prosopographical sketch a discussion of relevant manuscript variants and a bibliography Much attention is paid to the literary portrayal of each character and the poetic usages of their names This reference work is a much needed tool and is intended as a stimulus for further research **Martial's Epigrams Book Two**, 2004-01-08 This edition provides an English translation of and detailed commentary on the second book of epigrams published by the Latin poet Marcus Valerius Martialis The past ten years have seen a resurgence of interest in Martial's writings But contemporary readers are in particular need of assistance when approaching these epigrams and until now there has been no modern commentary dedicated to Book II This new commentary carefully illuminates the allusions to people places things and cultural practices of late first century Rome that pervade Martial's poetry It analyzes the epigrammatist's poems as literary creations treating such topics as the structure of the individual poems and of the book as a whole and the influence of earlier texts on Martial's language and themes **A Companion to Ancient Epigram** Christer Henriksén, 2019-02-12 A delightful look at the epic literary history of the short poetic genre of the epigram From Nestor's inscribed cup to tombstones bathroom walls and Twitter tweets the ability to express oneself concisely and elegantly continues to be an important part of literary history unlike any other This book examines the entire history of the epigram from its beginnings as a purely epigraphic phenomenon in the Greek world where it moved from being just a note attached to physical objects to an actual literary form of expression to its zenith in late 1st century Rome and further through a period of stagnation up to its last blooming just before the beginning of the Dark Ages A Companion to Ancient Epigram offers the first ever full scale treatment of the genre from a broad international perspective The book is divided into six parts the first of which covers certain typical characteristics of the genre examines aspects that are central to our understanding of epigram and discusses its relation to other literary genres The subsequent four parts present a diachronic history of epigram from archaic Greece Hellenistic Greece and Latin and Greek epigrams at Rome all the way up to late antiquity with a concluding section looking at the heritage of ancient epigram from the Middle Ages up to modern times Provides a comprehensive

overview of the history of the epigram The first single volume book to examine the entire history of the genre Scholarly interest in Greek and Roman epigram has steadily increased over the past fifty years Looks at not only the origins of the epigram but at the later literary tradition A Companion to Ancient Epigram will be of great interest to scholars and students of literature world literature and ancient and general history It will also be an excellent addition to the shelf of any public and university library

**Plagiarism in Latin Literature** Scott McGill, 2012-07-05 A study of the concept of plagiarism in Rome and the functions that accusations and denials had in Roman culture

**Ancient Rome** William E. Dunstan, 2010-11-16 Ancient Rome masterfully synthesizes the vast period from the second millennium BCE to the sixth century CE carrying readers through the succession of fateful steps and agonizing crises that marked Roman evolution from an early village settlement to the capital of an extraordinary realm extending from northern Britain to the deserts of Arabia A host of world famous figures come to life in these pages including Alexander the Great Hannibal Julius Caesar Cleopatra Augustus Livia Cicero Nero Hadrian Diocletian Constantine Justinian and Theodora Filled with chilling narratives of violence lust and political expediency this book not only describes empire shaping political and military events but also treats social and cultural developments as integral to Roman history William E Dunstan highlights such key topics as the physical environment women law the roles of slaves and freedmen the plight of unprivileged free people the composition and power of the ruling class education popular entertainment food and clothing marriage and divorce sex death and burial finance and trade scientific and medical achievements religious institutions and practices and artistic and literary masterpieces All readers interested in the classical world will find this a fascinating and compelling history

**The Bibliographer's Manual of English Literature** William Thomas Lowndes, 1861

**The Epigrams of Sir John Harington** Gerard Kilroy, 2017-03-02

Many scholars have been calling for a new edition of Sir John Harington's Epigrams Gerard Kilroy using the three manuscripts arranged and revised by the author offers the first complete text in print of Harington's four hundred Epigrams uncovers Harington's elaborate design of forty theological decades and restores the emblems and political elegies that Harington uses to frame his complete collection and define its serious purpose

[The Bibliographer's Manual of English Literature Containing an Account of Rare, Curious and Useful Books, Published in Or Relating to Great Britain and Ireland, from the Invention of Printing, with Bibliographical and Critical Notices, Collations of the Rarer Articles, and the Prices at which They Have Been Sold in the Present Century by William Thomas Lowndes, 1861](#)

**The bibliographer's manual of English literature, containing an account of rare, curious, and useful books, publ. in or relating to Great Britain and Ireland** William Thomas Lowndes, 1861

**Roman Receptions of Sappho** Thea S. Thorsen, Stephen

Harrison, 2018-12-17 Sappho a towering figure in Western culture is an exemplary case in the history of classical receptions There are three prominent reasons for this Firstly Sappho is associated with some of the earliest poetry in the classical tradition which makes her reception history one of the longest we know of Furthermore Sappho's poetry promotes

ideologically challenging concepts such as female authority and homoeroticism which have prompted very conspicuous interpretative strategies to deal with issues of gender and sexuality revealing the values of the societies that have received her works through time Finally Sappho's legacy has been very well explored from the perspective of reception studies important investigations have been made into responses both to her as poet figure and to her poetry from her earliest reception through to our own time However one of the few eras in Sappho's longstanding reception history that has not been systematically explored before this volume is the Roman period The omission is a paradox Receptions of Sappho can be traced in more than eighteen Roman poets among them many of the most central authors in the history of Latin literature Surely few other Greek poets can rival the impact of Sappho at Rome This important fact calls out for a systematic approach to Sappho's Roman reception which is the aim of Roman Receptions of Sappho that focuses on the poetry of the central period of Roman literary history from the time of Lucretius to that of Martial

The Bibliographer's Manual of English Literature, Containing an Account of Rare, Curious, and Useful Books, Published in Or Relating to Great Britain and Ireland, from the Invention of Printing ... and the Prices at which They Have Been Sold in the Present Century William Thomas Lowndes, 1861

**Aroma** Constance Classen, David Howes, Anthony Synnott, 2002-11 This text argues that smell is repressed in the modern West and its social history ignored It attempts to break the olfactory silence of modernity by offering an exploration of the cultural role of odours in Western history and in a wide variety of non Western societies

The Spectator, 1925

**The Mask of the Parasite** Cynthia Damon, 1997 A much needed cultural study of parasitic people in Roman drama politics and society

**A View Of The English Editions, Translations And Illustrations Of The Ancient Greek And Latin Authors** Ludwig Wilhelm Brüggemann, 1797

**Epigrammaton Liber VII** Guillermo Galán Vioque, 2002 This is the first comprehensive commentary line by line and word by word on the seventh book of the epigrams of Martial Literary linguistic and metrical matters are examined in depth and special attention is paid to the relationship with the poet's other books and with the rest of Greek and Latin Literature as well as to the use of recurrent motifs obscene language puns double meanings and proper names

"A" View of the English Editions, Translations and Illustrations of the Ancient Greek and Latin Authors, with Remarks Lewis Wilhelm Brüggemann, 1797

**A History of Roman Literature (2 vols.)** M. von Albrecht, 2019-09-16 Michael von Albrecht's A History of Roman Literature originally published in German can rightly be seen as the long awaited counterpart to Albin Lesky's Geschichte der Griechischen Literatur In what will probably be the last survey made by a single scholar the whole of Latin literature from Livius Andronicus up to Boethius comes to the fore Literature is taken here in its broad antique sense and therefore also includes e.g. rhetoric philosophy and history Special attention has been given to the influence of Latin literature on subsequent centuries down to our own days Extensive indices give access to this monument of learning The introductions in Von Albrecht's texts together with the large bibliographies make further study both more fruitful and easy

Epigrams from the Anthologia Latina, 2013-11-06 This new scholarly

edition consists of the Latin text with translation and detailed commentary of a sequence of epigrams from the Anthologia Latina Shackleton Bailey 78 188 The introduction discusses whether these epigrams constitute a unified collection and are the work of a single author examines their likely date and place of composition which it is argued is North Africa under Vandal rule and sets them in their cultural context The line by line commentary covers issues of literary linguistic and historical significance Although text and interpretation of these pieces present frequent difficulties the author confirms that they make up a fascinating collection of considerable importance and merit contrary to the low reputation generally associated with the Anthologia Latina The book will be of great interest to students of Latin literature and language in general the epigram tradition in particular and the culture of Vandal Africa     A General Bibliographical Dictionary  
Friedrich Adolf Ebert, 1837

## **Martial Twelves Of Epigrams** Book Review: Unveiling the Power of Words
