## **Martin Luther German Saviour:**

Martin Luther, German Saviour James M. Stayer, 2000-03-03 Theological trend setters after the war were dogmatic or systematic theologians Whether men of the right like Karl Holl or men of the left like Karl Barth they wanted to return to Luther's fundamental Reformation theology and to justification through faith alone In the mid 1920s however Barth saw the dangers of Lutheran theocentrism wedded to German nationalism and moved towards a more Reformed Christology and a greater critical distance from Luther The other six major Weimar era theologians discussed Karl Holl Friedrich Gogarten Werner Elert Paul Althaus Emanuel Hirsch and Erich Vogelsang connected their theology to their Luther studies and to their hopes for rebirth of Germany after the humiliation of the Versailles order To differing degrees they presented Martin Luther as the German saviour and all except Karl Holl who died in 1926 worked out specifically theological reasons for supporting Hitler when he came to power in 1933

*Martin Luther* Alberto Melloni, 2017-12-20 The three volumes present the current state of international research on Martin Luther's life and work and the Reformation's manifold influences on history churches politics culture philosophy arts and society up to the 21st century The work is initiated by the Fondazione per le scienze religiose Giovanni XXIII Bologna in cooperation with the European network Refo500 This handbook is also available in German

*The Promise of Martin Luther's Political Theology* Michael Richard Laffin, 2016-10-20 Michael Laffin demonstrates the promise of Martin Luther's thought for contemporary political theology by showing how Luther has been over determined in standard genealogies of modernity which frequently deafen us to his unique contribution Laffin argues that contemporary theologians have typically followed a narrative derived from the work of a previous generation of political historians and philosophers which tend to screen out or distort the Reformers contribution to political theory Common to these narratives are charges against Luther for his perceived univocal and nominal ontology resulting in a privatized and spiritualized Christianity thus falsely dividing the world into autonomous spheres Additionally the narratives claim that Luther follows in the wake of voluntarism leading to an insistence on human passivity that leaves no room for pagan virtue Thus politics is reduced to an authoritarian imposition of order In contrast to the dominant narratives of political modernity Laffin re-examines these narratives by focusing on the political significance of areas in Luther's corpus often neglected in contemporary accounts of his political thought especially his commentaries on Scripture and writings on the sacraments Attention to these writings brings forth the crucial themes of the two ecclesiae and the three institutions Constructively these themes are deployed in critical engagement with contemporary political theology particularly as represented in Radical Orthodoxy and the new Augustinianism

*Martin Luther* Robert Kolb, 2009-02-05 Martin Luther's theology presented a paradigmatic shift in defining God and humanity refuting the foundations of Aristotelian anthropology with a new emphasis on the Revealed God and his unconditioned grace Robert Kolb traces the development of Luther's thinking within the context of late medieval theology and piety at the dawn of the modern era

The Oxford Handbook of Martin Luther's Theology

**Luther and the Beloved Community** Paul R. Hinlicky, 2010-05-17 Is Christian belief tenable today Is it possible to be a creedal Christian With the help of Martin Luther Paul Hinlicky here explores classical Christian beliefs regarding the person and work of Christ and human nature and destiny He also counters contemporary objections to creedal faith from the so called new perspective on Paul to Pope Benedict's rejection of the Augsburg Confession to the continuing challenge of Marx Luther and the Beloved Community does not present Luther's medieval thought as a possibility for today but does make him available for the future as a teacher of the faith and a help for tackling contemporary questions of Christian belief According to Hinlicky Luther is misused and misunderstood by those of his own tradition and needs to be understood not as hero of the faith but rather as the proponent of a beloved community that does not yet fully exist In performing this makeover Hinlicky reveals genuine new insights concealed within Luther's rhetoric

**How Luther Became the Reformer** Christine Helmer, 2019-03-26 No story has been more foundational to triumphalist accounts of Western modernity than that of Martin Luther the heroic individual standing before the tribunes of medieval authoritarianism to proclaim his religious and intellectual freedom Here I stand How Luther Became the Reformer returns to the birthplace of this origin myth Germany in the late nineteenth century and traces its development from the end of World War I through the rise of National Socialism Why were German intellectuals especially Protestant scholars of religion culture and theology in this turbulent period so committed to this version of Luther's story Luther was touted as the mythological figure to promote the cultural unity of Germany as a modern nation in the myths many retellings from the time of the Weimar Republic forward Luther attained world historical status Helmer finds in this construction of Luther the Reformer a lens through which to examine modernity's deformations among them anti Judaism anti Semitism and anti Catholicism Offering a new interpretation of Luther and by extension of modernity itself from an ecumenical perspective How Luther Became the Reformer provides

resources for understanding and contesting contemporary assaults on democracy In this way the book holds the promise for resistance and hope in dark times

**Luther at Leipzig**, 2019-09-16 On the five hundredth anniversary of the 1519 debate between Martin Luther and John Eck at Leipzig Luther at Leipzig offers an extensive treatment of this pivotal Reformation event in its historical and theological context The Leipzig Debate not only revealed growing differences between Luther and his opponents but also resulted in further splintering among the Reformation parties which continues to the present day The essays in this volume provide an essential background to the complex theological political ecclesiastical and intellectual issues precipitating the debate They also sketch out the relevance of the Leipzig Debate for the course of the Reformation the interpretation and development of Luther and the ongoing divisions between Protestantism and Roman Catholicism **1517**

Peter Marshall, 2017-07-25 Martin Luther's posting of the 95 Theses to the door of the Castle Church in Wittenberg on 31 October 1517 is one of the most famous events of Western history It inaugurated the Protestant Reformation and has for centuries been a powerful and enduring symbol of religious freedom of conscience and of righteous protest against the abuse of power But did it actually really happen In this engagingly written wide ranging and insightful work of cultural history leading Reformation historian Peter Marshall reviews the available evidence and concludes that very probably it did not The theses posting is a myth And yet Marshall argues this fact makes the incident all the more historically significant In tracing how and why a non event ended up becoming a defining episode of the modern historical imagination Marshall compellingly explores the multiple ways in which the figure of Martin Luther and the nature of the Reformation itself have been remembered and used for their own purposes by subsequent generations of Protestants and others in Germany Britain the United States and elsewhere As people in Europe and across the world prepare to remember and celebrate the 500th anniversary of Luther's posting of the theses this book offers a timely contribution and corrective The intention is not to debunk or to belittle Luther's achievement but rather to invite renewed reflection on how the past speaks to the present and on how all too often the present creates the past in its own image and likeness

**Working for the Public Good** Leslie F. Weber Jr., 2025-10-21 Weber demonstrates conclusively that despite historical critiques of quietism European Lutherans developed a social ethics in the centuries following the Reformation that brought about fundamental systemic and structural changes in social services law education health care the formation of states and nations and public morality Those changes eventually led to the development of the welfare state In so doing Weber challenges interpretations by scholars such as the German Lutheran theologian Ernst Troeltsch who argued that Lutheran theology created a church operating at a remove from society's pressing questions Weber's comprehensive coverage of northern European society from the Reformation era through the nineteenth century utilizes the tools of sociology theology history and ethics to demonstrate that Lutheran ethical theory a Lutheran understanding of the social order and Lutheran social reforms lie at the heart of modern European social institutions Grounded in a Lutheran ethic of faith active in love for the neighbor Lutheran ethics transformed the

household and polity developed government care for the poor protected public health and promoted social welfare within a new moral and legal order that continues to underpin contemporary social democracy across northern Europe

**Theology and Ethics for the Public Church** Samuel Yonas Deressa, Mary Sue Dreier, 2023-11-24 How might the Christian church effectively engage today's politically charged profit motivated world while remaining faithful to its biblical and theological roots The contributors in this book argue that public theology provides a promising pathway forward The public theology emerging from these pages has been influenced by the theological interests and commitments of Gary M Simpson Lutheran pastor and systematic theologian His approach to public theology is intersectional and global he artfully weaves together Lutheran theology and the civil society arena of Critical Social Theory These essays provide three angles of vision on faith active in twenty first century public contexts contextual ethical and theological While not mutually exclusive these distinct strands of thought engage and challenge the church to substantial reflection on the challenging and often bewildering circumstances of the twenty first century social world Some reflect on God's activity within particular global contexts others offer new perspectives on Lutheran confessional traditions still others step boldly into innovative theological assertions As the Christian church is ever forming and reforming this book urges it to grapple with the publicness of its timely and timeless mission

Luther's Treatise On Christian Freedom and Its Legacy Robert Kolb, 2019-11-08 This book analyzes Luther's treatise On Christian Freedom and its revolutionary re definition of what it means to be Christian as one freed by Christ from sin the accusation of God's law and death in order to be bound or bonded to the neighbor Robert Kolb puts the treatise in its historical context tracing its key ideas as they developed out of his medieval background and as they continued to mature throughout his life A contextual analysis of the text accompanies an overview of how this treatise was used or ignored throughout subsequent centuries including the more extensive impact it has had in the last half century

**Luther's View of Purgatory** Min Hwan Kim, 2025-07-21 This study addresses what has been a previously unexamined subject in Luther scholarship and presents how Luther re interprets the concept of purgatory in line with his biblical and theological insight The book gives the background of the development of the doctrine of purgatory particularly of penitential theology as well as a brief summary of Luther's so called Reformation breakthrough Furthermore it explicates how in the Explanations of the Ninety Five Theses 1518 Luther articulates the notion of purgatory within the framework of justification by faith alone and the theology of the cross So this book demonstrates the way a minor subject in Luther purgatory interacts with his major theological subjects justification and the theology of the cross Careful analysis helps readers follow Luther's way of thinking in the course of the Reformation

**The Pastoral Luther** Timothy J. Wengert, 2017-03-17 Sixteen church historians here examine Martin Luther in an uncommon way not as Reformer or theologian but as pastor Luther's work as parish pastor commanded much of his time and energy in Wittenberg After first introducing the pastoral Luther including his theology of the cross these chapters discuss Luther's preaching and use of language including humor investigate his teaching ministry in

depth especially in light of the catechism and explore his views on such things as the role of women the Virgin Mary and music The book finally probes Luther's sentiments on monasticism and secular authority Contributors Charles P Arand James M Estes Eric W Gritsch Robert Kolb Beth Kreitzer Robin A Leaver Mickey L Mattox Ronald Rittgers Robert Rosin Reinhard Schwarz Jane E Strohl Christoph Weimer Dorothea Wendebourg Timothy J Wengert Vctor Westhelle H S Wilson A Companion to Paul in the Reformation R. Ward Holder, 2009 The reception and interpretation of the writings of St Paul in the early modern period forms the subject of this volume Written by experts in the field the articles offer a critical overview of current research and introduce the major themes in Pauline interpretation in the Reformation *Before Auschwitz* Paul R. Hinlicky, 2013-06-27 What can Christian theology in North America learn from the rise of Nazism in Germany in the 1920s and 1930s This book explores an explosion of scholarship in recent decades that has reopened questions once thought to be settled about the relationships between Nazism Liberalism and Christianity In the process of criticizing the retrospective fallacy and urging a properly hermeneutical historiography its method in historical theology causes us to reflect back upon our tacit commitments suggesting that we are closer to fascism than we are aware and that although the devil never shows its face twice in exactly the same way the particular hubris of grasping after final solutions along biopolitical lines that is the racially scientific version of fascism that was Nazism is and remains near at hand today within our horizon of possibilities unrecognized in just the ways that it was unrecognized by Germans before Auschwitz The book takes a fresh look at the theology of Adolf Hitler and finds themes that are disturbingly familiar It summons to the renewal of Christian theology after Christendom in the form of critical dogmatics where the motif of the Beloved Community replaces the fallen idol descended from Charlemagne **Athens and Wittenberg** James A. Kellerman, R. Alden Smith, Carl P.E. Springer, 2022-12-05 Scholarship has tended to assume that Luther was uninterested in the Greek and Latin classics given his promotion of the German vernacular and his polemic against the reliance upon Aristotle in theology But as Athens and Wittenberg demonstrates Luther was shaped by the classical education he had received and integrated it into his writings He could quote Epicurean poetry to non Epicurean ends he could employ Aristotelian logic to prove the limits of philosophy's role in theology This volume explores how Luther and early Protestantism especially Lutheranism continued to draw from the classics in their quest to reform the church In particular it examines how early Protestantism made use of the philosophy and poetry from classical antiquity Contributors to this volume Joseph Herl Jane Schatkin Hettrick E J Hutchinson Jack D Kilcrease E Christian Kopf John G Nordling Piergiacomo Petrioli Eric G Phillips Richard J Serina Jr R Alden Smith Carl P E Springer Manfred Svensson William P Weaver and Daniel Zager **Skepsis and Antipolitics: The Alternative of Gustav Landauer**, 2022-12-12 Gustav Landauer was an unconventional anarchist who aspired to a return to a communal life His antipolitical rejection of authoritarian assumptions is based on a radical linguistic scepticism that could be considered the theoretical premise of his anarchism The present volume aims to add to the existing scholarship on Landauer by shedding

new light on his work focussing on the two interrelated notions of skepsis and antipolitics In a time marked by a deep doubt concerning modern politics Landauer s alternative can help us to more seriously address the struggle for a different articulation of our communitarian and ecological needs

**Renovatio** Phil Anderas,2019-06-17 Much mainstream Luther scholarship and Lutheran theology holds that Martin Luther downplayed denied derided or just plain ignored the holiness without which no one shall see the Lord Heb 12 14 Phil Anderas advances a revisionist thesis from the first inklings of his Augustinian turn c 1514 to his death in 1546 Luther held and taught a robust theology of progressive renewal in holiness carefully calibrated to the sober reality of residual sin and the astonishing gospel of grace in Jesus Christ As it is set forth in the works that embody Luther s most considered judgments c 1535 46 this gospel centered and irreducibly trinitarian dogmatics of real renewal in holiness is Augustinian and evangelical in equal parts As such it commands the regard of theologians who stand in the tradition of the Church s doctor gratiae The argument proceeds in three steps first an exposition of the mature Luther s dogmatics of sin grace and holiness second an investigation of the roots of this dogmatics in the theology of the 420s Augustine with whom a younger Luther was busily engaged c 1514 16 third an account of the continuities and discontinuities that characterize the development of Luther s theology from its embryonic state in the mid 1510s through the breakthroughs of the 1518 21 period to the settled position of the old Doctor

**A Theology for the Bildungsbürgertum** Leif Svensson,2020-04-06 This book provides a new approach to Albrecht Ritschl s theology Leif Svensson argues that Ritschl s theological project must be related to three cultural developments historical criticism materialism and anti Lutheran polemics and understood in the context of the de Christianization of the Bildungsbürgertum in nineteenth century Germany Albrecht Ritschl remains the great unknown of nineteenth century theology In this important study Leif Svensson sheds new light on Ritschl s thought by relating it to contemporaneous social and cultural developments Rooted in deep familiarity with German intellectual life of the time the book convincingly illustrates the value of a history of theology that is mindful of its various contexts Johannes Zachhuber University of Oxford I confess I was hesitant to blurb a book on Ritschl but then I read it Svensson s well researched presentation of Ritschl s thought is compelling and forceful I highly recommend this book Stanley Hauerwas Duke Divinity School Svensson s work ably places Ritschl s contribution to theology in the broader context of the intellectual and cultural history of the nineteenth century Students of Protestant theology and thought and all interested in the complex relationship between Christian theology and modernity will learn something of value from this important study Thomas Albert Howard Valparaiso University
