Martin Of Tours Parish Priest Mystic And Exorcist:

Martin of Tours Christopher Donaldson,1985 **The Old English Lives of St Martin of Tours** Andre Mertens,2017 St Martin of Tours is one of Christianity's major saints and his significance reaches far beyond the powerful radiance of his iconic act of charity While the saint and his cult have been researched comprehensively in Germany and France his cult in the British Isles proves to be fairly unexplored Andre Mertens closes this gap for Anglo Saxon England by editing all the age's surviving texts on the saint including a commentary and translations Moreover Mertens looks beyond the horizon of the surviving body of literary relics and dedicates an introductory study to an analysis of the saint's cult in Anglo Saxon England and his significance for Anglo Saxon culture **The Restoration of the Monastery of Saint Martin of Tournai** Herman (of Tournai),1996 Recounts the chain of events that led to the restoration of the abandoned monastery Herman provides an intriguing account of the complex personal motives political undercurrents and social conflicts that surrounded the establishment of a monastic community **A History of Exorcism in Catholic Christianity** Francis Young,2016-04-27 This book traces the development of exorcism in Catholic Christianity from the fourth century to the present day and seeks to explain why exorcism is still so much in demand This is the first work in English to trace the development of the liturgy practice and authorisation of exorcisms in Latin Christianity The rite of exorcism and the claim by Roman Catholic priests to be able to drive demons from the possessed remains an enduring source of popular fascination but the origins and history of this controversial rite have been little explored Arguing that belief in the need for exorcism typically re-emerges at periods of crisis for the church Francis Young explores the shifting boundaries between authorised exorcisms and unauthorised magic throughout Christian history from Augustine of Hippo to Pope Francis This book offers the historical background to and suggests reasons for the current resurgence of exorcism in the global Catholic Church **A Sociological History of Christian Worship** Martin D. Stringer,2005-07-14 In this book the 2000 year history of Christian worship is viewed from a sociological perspective Martin Stringer develops the idea of discourse as a way of understanding the place of Christian worship within its many and diverse social contexts Beginning with the Biblical material the author provides a broad survey of changes over 2000 years of the Christian church together with a series of case studies that highlight particular elements of the worship or specific theoretical applications Stringer does not simply examine the mainstream traditions of Christian worship in Europe and Byzantium but also gives space to lesser known traditions in Armenia India Ethiopia and elsewhere Offering a contribution to the ongoing debate that breaks away from a purely textual or theological study of Christian worship this book provides a greater understanding of the place of worship in its social and cultural context **The Early Medieval World** Michael Frassetto,2013-03-14 This book examines a pivotal period in ancient human history the fall of the Roman Empire and the birth of a new European civilization in the early Middle Ages *The Early Medieval World From the Fall of Rome to the Time of Charlemagne* addresses the social and material culture of this critical period in the evolution of

Western society covering the social political cultural and religious history of the Mediterranean world and northern Europe The two volume set explains how invading and migrating barbarian tribes spurred by raiding Huns from the steppes of Central Asia contributed to the fall of the Western Roman Empire and documents how the blending of Greco Roman Germanic and Christian cultures birthed a new civilization in Western Europe creating the Christian Church and the modern nation state A Z entries discuss political transformation changing religious practices in daily life sculpture and the arts material culture and social structure and provide biographies of important men and women in the transitional period of late antiquity The work will be extremely helpful to students learning about the factors that contributed to the decline of the Roman Empire an important and common topic in world history curricula
