Hasidic sayings, collected and edited by Martin Buber. (Translated by Olga Marx.)*, 1947 **Martin Buber's Ten Rungs** Martin Buber, 1995 Fanciful and sober by turn these Hasidic sayings don't swerve from their basic purpose to arouse in man an awareness of his condition and to show him the way to the righteous life

Songs of Degrees John Taggart,1994 Songs of Degrees brings together 19 related essays on contemporary American poetry and poetics published as journal articles between 1975 and 1989 by poet and theorist John Taggart Over the past two decades Taggart has been a significant intellectual and artistic force for a number of major American poets By focusing on the work of several major and less well known American experimental poets from the 1930s to the present Taggart not only traces the origins and evolution of this experimental tendency in recent poetry but also develops new theoretical tools for reading and appreciating these innovative and complex works The essays are written from the engaged perspective of an active poet for other poets as well as for those who would like to read and think about poetry in a participatory fashion The essays thus present inside narratives of some of the most challenging contemporary American poetry The range of Songs of Degrees extends from the Black Mountain poets Charles Olson and Robert Duncan to such language poets as Bruce Andres and Susan Howe Taggart closely examines the work of the objectivist poets George Oppen and Louis Zukofsky Three essays are devoted to each of these poets providing detailed readings of individual poems and considerations of each poet s overall achievement Taggart also concentrates on poets whose work has not been widely recognized or is only now beginning to be recognized These include Theodore Enslin Frank Samperi and William Bronk Taggart s essay Reading William Bronk is the first extensive reading of this relatively unknown but truly outstanding poet Taggart s essays also focus on his own poetry He describes the composition process and the thinking behind it as well as the poet s own evolving sense of what the poem can and ought to be These very personal reflections are unique in their attention to current questions concerning form and the issue of spiritual vision Avoiding political and cultural reductionism Taggart throughout keeps his eye and heart on the poetic singing his own Songs of Degrees even as he discovers notes of the same music in the works of other [Recharging Judaism](#) Rabbi Judith Schindler,Judy Seldin-Cohen,2017-12-04 Recharging Judaism is the essential and timely guide for every synagogue and community seeking to strengthen the bonds of Jewish communal life through advocating for social justice This volume delves into the enriching civic engagement and acts of righteousness already undertaken by Jews and Jewish communities across the country and further explores the positive differences we can all affect upon the future of America There are a myriad of ways in which advocating for social justice and participating in civic engagement can create lasting

Paul Steinberg,2018-09-30 This book began with Paul Steinberg s realization that although religions are struggling to meet the needs and trends of our modern age spirituality is not Its contemporary manifestations continue to thrive and Jews can be found throughout all varieties of spiritual leadership in America Facing the fact that for whatever reason Jewish leaders simply have not done a good job of translating the ancient spiritual wisdom of their beliefs into contemporary language and images that resonate with mass appeal Rabbi Steinberg knew that the faith of his fathers was ready for a new spiritual message And so he has written it a message that is both particular to Judaism and uses Jewish language and text as starting points for a view that is universal enough to include spiritual concepts terms and expressions from many other spiritual traditions **Spiritual Growth A Contemporary Jewish Approach** provides both a language and a set of Jewish spiritual principles that are accessible and integrated with contemporary life as well as being deep and authentically real i e not dumbed down for anyone It is a work that emerged out of Rabbi Steinberg s own personal experiences pains and spiritual journey the trials and growth documented in his highly successful book *Recovery the 12 Steps and Jewish Spirituality* There are not a lot of works like this There are books on Jewish scholarship history and theology But books on Jewish spirituality tend usually to focus on a particular motif such as the feminine grief aging or Kabbalistic biblical interpretations **Spiritual Growth A Contemporary Jewish Approach** presents its message through the psycho spiritual world view of 2018 but without the language and narrative of a therapist It is an important contribution to the spiritual seeking community at large to Jews who have become alienated from their faith and to anyone interested in learning more about what a historically vibrant spirituality can bring to today s troubled world *Inspired Baby Names from Around the World* Neala Shane,2015-04-06 Thousands of Names and the Blessings They Can Impart This unique guide includes 6 000 plus names from all corners of the globe and each entry illuminates the name s distinctive spiritual historical and cultural background its poetry Names from the traditional to the newly coined are fully explained Pronunciation guide origin alternate spellings and meaning are enhanced by the affirmation carefully chosen for each name Lists of names by meaning names by ethnicity and most popular names by decade provide easy reference Whether your aim is to honor ancestors capture a child s essence or convey parental hopes *Inspired Baby Names from Around the World* will help you greet and bless your new baby with heartfelt meaning
