purposeful music making toward social justice      Writing the Talking Cure Jeffrey Berman, 2019-05-01 Explores Yalom's profound contributions to psychotherapy and literature A distinguished psychiatrist and psychotherapist Irvin D Yalom is also the United States most well known author of psychotherapy tales His first volume of essays *Love's Executioner* became an immediate best seller and his first novel *When Nietzsche Wept* continues to enjoy critical and popular success Yalom has created a subgenre of literature the therapy story where the therapist learns as much as if not more than the patient where therapy never proceeds as expected and where the therapist's apparent failure proves ultimately to be a success *Writing the Talking Cure* is the first book to explore all of Yalom's major writings Taking an interdisciplinary approach Jeffrey Berman comments on Yalom's profound contributions to psychotherapy and literature and emphasizes the recurrent ideas that unify his writings the importance of the therapeutic relationship therapist transparency here and now therapy the prevalence of death anxiety reciprocal healing and the idea of the wounded healer Throughout Berman discusses what Yalom can teach therapists in particular and the common and uncommon reader in general As a psychiatrist who has benefitted enormously not only from Yalom's writings but also from his mentorship I admire Berman's relationship to his subject They both write lucidly and imaginatively inviting the reader to accompany them on a personal journey that is intriguing but intellectually rigorous Reading this book helps me to better understand Yalom's dual roles as brilliant psychotherapist teacher and compelling novelist Berman's book by book examination of Yalom's work illustrates how good therapy involves facing reality and good fiction involves making stories come alive by resonating with the hard truths of life He is the perfect guide to Yalom capturing his wisdom and creativity with respect and clarity David Spiegel author of *Living Beyond Limits* *New Hope and Help for Facing Life Threatening Illness* This is a convincing celebration of and commentary on one of the most prominent psychotherapists of the last century For anyone interested in the popularization of an idiosyncratic form of existential psychotherapy for individuals and groups this will be an important book Murray Schwartz Emerson College In this richly textured book Berman takes us backstage in a warm and skillful exploration of Irvin Yalom's unmatched contributions as a psychotherapist author and educator We are provided a transparent view of how human healing emerges from our talking writing and reading Berman reminds us eloquently that psychotherapy is at its essence the process of human connection and the joint attribution of meaning to experience Molyn Leszcz The University of Toronto      **The Many Faces of Productivity** Lloyd A. Luna, 2018-07-01 Inspiring success stories can spark your productivity strengthen your leadership propel you on the road to your own success And when those stories are told by the very people who have attained success despite odds big or small people who have conquered their own self doubts and adversity in their careers they can set you on fire and get you going in earnest to become more productive and successful yourself This book will get you intimately acquainted with the real life narratives and wisdom of 17 of the country's finest professional motivational gurus and experts all of whom are members of the Philippine Association of Professional Speakers PAPS Sure they're often first to admit that they are far from

perfect role models but what they've learned and gone through over the years to get them started whether as a barker to call out the numbers in raffle draws as a young girl in grade school selling yema and polvoron to classmates simply because she loved talking to people and making sales pitches or as a struggling marketing wannabe twice refused membership in a professional organization because he simply didn't know how to speak before big audiences are compelling testaments to their untiring efforts to achieve excellence and productivity. In taped interviews the featured motivational speakers in this book answer such probing questions as these five: How did you start as a professional speaker? What is your core message? What makes a person productive? What does it take to be a person of influence? What are your three keys for success? Their answers, some pleasantly familiar but very revealing on who they thought they were and what they wanted to be, some totally unexpected because they seem to have come right out of the blue, show the many faces of the quest for productivity that are now distilled in this one-of-a-kind book about success.
