Douglas Hedley

Marxism And Spirituality An International Anthology:

Marxism and Spirituality Benjamin Page,1993-03-30 This much needed perspective on Marxist philosophy sheds new light on the insights challenges and questions Marxism raises regarding the spiritual dimension of human life Contributors from various countries both Marxist and non Marxist reflect on concerns such as the spiritual implications of Marxism and its critique of economic determinism alienation and religion what Marxism has to say about the more urgent spiritual issues of our time and the legacy of Marxism in post communist countries *Marxism and Spirituality* Benjamin Page,1993-03-30

This much needed perspective on Marxist philosophy sheds new light on the insights challenges and questions Marxism raises regarding the spiritual dimension of human life Contributors from various countries both Marxist and non Marxist reflect on concerns such as the spiritual implications of Marxism and its critique of economic determinism alienation and religion what Marxism has to say about the more urgent spiritual issues of our time and the legacy of Marxism in post communist countries Gramsci's Marxism Nigel M. Greaves,2009 This book re dresses the ambiguity that has arisen around Gramsci s writings in recent times It sets out to reclaim the philosophical linkages to historical materialism and to draw out a more integrated and less fragmented schema that seeks to place Gramsci on equal footing with other philosophers in the Marxist tradition

W. E. B. Du Bois, American Prophet Edward J. Blum,2013-03-26 Pioneering historian sociologist editor novelist poet and organizer W E B Du Bois was one of the foremost African American intellectuals of the twentieth century While Du Bois is remembered for his monumental contributions to scholarship and civil rights activism the spiritual aspects of his work have been misunderstood even negated W E B Du Bois American Prophet the first religious biography of this leader illuminates the spirituality that is essential to understanding his efforts and achievements in the political and intellectual world Often labeled an atheist Du Bois was in fact deeply and creatively involved with religion Historian Edward J Blum reveals how spirituality was central to Du Bois s approach to Marxism pan Africanism and nuclear disarmament his support for black churches and his reckoning of the spiritual wage of white supremacy His writings teachings and prayers served as articles of faith for fellow activists of his day from student book club members to Langston Hughes A blend of history sociology literary criticism and religious reflection in the model of Du Bois s best work W E B Du Bois American Prophet recasts the life of this great visionary and intellectual for a new generation of scholars and activists Honorable Mention 2007 Gustavus Myers Center Outstanding Book Awards **The Spirit of the Child** David

Hay,2006-01-19 David Hay argues for the inclusion of spiritual awareness as a cross curricular element in the school syllabus to promote the development of morality and social cohesion This stimulating book will encourage educators parents and others involved in teaching children to consider new approaches to foster children s natural spiritual development

Understanding New Perspectives of Spirituality Edie Lanphar,Agata Wilczek,2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 This book deals with the rapidly developing field of spirituality Although having a

singularity of focus the chapters have been written by a cross cultural and international set of researchers who discuss critical issues from an interdisciplinary perspective Thus while a broad range of critical aspects emerge the chapters are threaded together by the concept of spirituality as a lone walk While alone the spiritual journey is also deeply connected to others As a deeply human experience the chapters in this book therefore reflect the prismatic viewpoints that form the understandings and experiences of the spiritual walk This book challenges the reader to start to understand the apparent ambiguity this appears to bring to researchers and practitioners Rather than a roadblock to understanding the multiple frames and facets this brings it is instead a rich field for the exploration of the human condition

Teaching Religion and Violence Brian K. Pennington, 2012-05-24 Teaching Religion and Violence is designed to help instructors to equip students to think critically about religious violence particularly in the multicultural classroom

Science, Religion and Communism in Cold War Europe Paul Betts, Stephen A. Smith, 2016-05-14 Religion and science were fundamental aspects of Eastern European communist political culture from the very beginning and remained in uneasy tension across the region over the decades While both topics have long attracted a great deal of scholarly attention they almost invariably have been studied discretely as separate stories Religion Science and Communism in Cold War Europe is the first scholarly effort to explore the delicate interface of religion science and communism in Cold War Europe It brings together an international team of researchers who address this relationship from a number of national viewpoints and thematic perspectives ranging from mysticism to social science space exploration to the socialist lifecycle and architectural heritage to pop culture

The History of Evil in the Eighteenth and Nineteenth Centuries Douglas Hedley, 2018-06-14 The fourth volume of The History of Evil explores the key thinkers and themes relating to the question of evil in eighteenth and nineteenth centuries The very idea of evil is highly contentious in modern thought and this period was one in which the concept was intensely debated and criticized The persistence of the idea of evil is a testament to the abiding significance of theology in the period not least in Germany Comprising twenty two chapters by international scholars some of the topics explored include Berkeley on evil Voltaire and the Philosophes John Wesley on the origins of evil Immanuel Kant on evil autonomy and grace the deliverance of evil utopia and evil utilitarianism and evil evil in Schelling and Schopenhauer Friedrich Nietzsche and the genealogy of evil and evil and the nineteenth century idealists This volume also explores a number of other key thinkers and topics within the period This outstanding treatment of the history of evil at the crucial and determinative inception of its key concepts will appeal to those with particular interests in the ideas of evil and good

Spirituality, Religion, and Peace Education Edward J. Brantmeier, Jing Lin, John P. Miller, 2010-07-01 Spirituality Religion and Peace Education attempts to deeply explore the universal and particular dimensions of education for inner and communal peace This co edited book contains fifteen chapters on world spiritual traditions religions and their connections and relevance to peacebuilding and peacemaking This book examines the teachings and practices of Confucius of Judaism Islamic Sufism Christianity Quakerism

Hinduism Tibetan Buddhism and of Indigenous spirituality Secondly it explores teaching and learning processes rooted in self discovery skill development and contemplative practices for peace Topics in various chapters include the Buddhist practice of tonglen an indigenous Hawaiian practice of Ho oponopono for forgiveness and conflict resolution pilgrimage and labyrinth walking for right action Twelve Step Programs for peace teaching from a religious spiritual perspective narrative inquiry Daoism and peace curriculum Gandhi deep ecology and multicultural peace education in teacher education peacemaking and spirituality in undergraduate courses and wisdom based learning in teacher education Peace education practices stemming from wisdom traditions can promote stillness as well as enliven awaken and urge reconciliation connection wisdom cultivation and transformation and change in both teachers and students in diverse educational contexts In various chapters of this book a critique of competition consumerism and materialism undergird the analysis More than just a critique some chapters provide both conceptual and practical clarity for deeper engagement in peaceful action and change in society Cultural awareness and understanding are fostered through a focus on the positive aspects of wisdom traditions rather than the negative aspects and historical complexities of violence and conflict as result of religious hegemony *The Consolation of Ontology* Egon Bondy,2001-01-01 In the Consolation of Ontology Czech poet philosopher Egon Bondy examines the substantial model of reality the notion that there is some sort of substance some thing idea being or principle that creates underlies transcends or gives meaning to the universe in which we live He shows how the substantial model in both its theistic and mechanical materialist versions is logically untenable and dangerous in its consequences From there Bondy shows how the nonsubstantial alternative prefigured in the thinking of cultures that developed independently of Greece is simpler and more logically consistent More importantly it is free from the negative consequences of the substantial model and instead opens the way toward genuine human freedom creativity and responsibility toward a corresponding and supportive form of social organization and toward an unclouded understanding of ontological reality Previously untranslated the book asks that we leave behind comfortable assumptions and understand how the struggles for a genuinely human future and for ontological clarity presuppose each other and are mutually interdependent *Making Magic* Randall Styers,2004 Randall Styers seeks to account for the vitality of scholarly discourse purporting to define and explain magic despite its failure to do just that He argues that it can best be explained in light of the European and Euro American drive to establish and secure their own identity as normative *The Handbook of Spiritual Development in Childhood and Adolescence* Eugene C. Roehlkepartain,2006 With sixty seven scholars from four continents and many diverse disciplines contributing as authors to the volume with fourteen scholars from around the world serving as editorial advisors with financial support provided by the John Templeton Foundation via Search Institute with frequent conversations occurring with colleagues at Fuller Theological Seminary and with the careful attention of editorial work provided by Sage publications this handbook provides a remarkable contribution toward those ends JOURNAL OF YOUTH AND THEOLOGY Research into spiritual

development during childhood and adolescence has yearned for the stimulus of integration cross fertilization and internationalization across conceptual boundaries methodological divisions religious traditions and local interests The Handbook of Spiritual Development in Childhood and Adolescence sets out to meet this need and does so with skill and with authority by identifying the key themes and by drawing on the best minds to address those themes Research communities and faith communities have been well served by this pioneering initiative The Revd Professor Leslie J Francis PhD ScD DD University of Wales Bangor UK The Handbook of Spiritual Development in Childhood and Adolescence breaks new ground by articulating the state of knowledge in the area of childhood and adolescent spiritual development Featuring a rich array of theory and research from an international assortment of leading social scientists in multiple disciplines this book represents work from diverse traditions and approaches making it an invaluable resource for scholars across a variety of disciplines and organizations Key Features Presents a wealth of interdisciplinary theory and research as well as proposals for future areas of inquiry to help move spiritual development into a mainstream field of learning Provides the first comprehensive collection of social science research on spiritual development in childhood and adolescence to introduce the topic engagingly to students Features the works of scholars from around the world in multiple disciplines psychology sociology anthropology medicine and educational philosophy to present a diversity of traditions and approaches Includes introductions to the volume as well as to each section that provide overviews and syntheses of key concepts The Handbook of Spiritual Development in Childhood and Adolescence is a key resource for academics researchers and students in departments of Psychology Family Studies and Religious Studies It is particularly useful for courses in Developmental Psychology Human Development especially child and adolescent development Psychology of Religion and Sociology of Religion It also will be invaluable for professionals working with young people including educators religious leaders and health practitioners

From Physics to Politics Robert Trundle, 2017-07-05 Mass ideology is unique to modern society and rooted in early modern philosophy Traditionally knowledge had been viewed as resting on metaphysics Rejecting metaphysical truth evoked questions about the source of truth For nineteenth century ideologists truth comes either from dominating classes in a progressively determined history or from a post Copernican freedom of the superior man to create it In From Physics to Politics Robert C Trundle Jr uncovers the relation of modern philosophy to political ideology And in rooting truth in human nature and Nature by modal reasoning he resolves the problem of politicized truth Our concepts of scientific truth logic and necessity are essentially connected Modern philosophy restricts our understanding of necessity to the political dreams and aspirations of Enlightenment intellectuals As a result these intellectuals refuse to acknowledge as factual or meaningful whatever is not intelligible within the practical goals of establishing science as a system of enlightened ideas The effect of these ideas is that in our time metaphysical principles speculative truths our understanding of science and the nature of logic have become subordinated to ideological dreams Fascism Nazism Marxism political correctness and moral relativism are not historical
