their development into a general system      Selected Writings on Marxism Stuart Hall, 2021-03-22 Throughout his career Stuart Hall engaged with Marxism in varying ways actively rethinking it to address the political and cultural exigencies of the moment This collection of Hall's key writings on Marxism surveys the questions central to his interpretations of and investments in Marxist theory and practice It includes Hall's readings of canonical texts by Marx and Engels Gramsci and Althusser his exchanges with other prominent thinkers about Marxism his use of Marxist frameworks to theorize specific cultural phenomena and discourses and some of his later work in which he distanced himself from his earlier attachments to Marxism In addition editor Gregor McLennan's introduction and commentary offer in depth context and fresh interpretations of Hall's thought Selected Writings on Marxism demonstrates that grasping Hall's complex relationship to Marxism is central to understanding the corpus of his work      *Karl Marx and Friedrich Engels (RLE Marxism)* Cecil L. Eubanks, 2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels

**Essential Writings** Karl Marx, 1980-05      **Adrienne Rich's Later Poetry** Alec Marsh, 2024-12-12 Reorienting understandings of Adrienne Rich's later work through her interest in Marx and Marxist politics this book engages with this overlooked part of her oeuvre through considerations of issues such as race nationhood and gender From 1983 onward after she visited revolutionary Nicaragua until the end of her life Rich's political vision can best be described as Marxist Humanist Until recently very little attention has been paid to Rich's interest in Marx there is no in depth treatment of the effect of Marx's humanistic philosophy on Rich's later work or even on her unwavering but altered dedication to Women's Liberation This book fills this gap showing how Rich's discovery of Marx's humanism affected her poetry In doing so it makes a significant intervention into debates about the direction of American poetics and argues powerfully for a greater consciousness of political engagement through poetry      How To Read Karl Marx Ernst Fischer, Franz Marek, 1996 A brief clear and faithful exposition of Marx's major premises with particular attention to historical context      **Essays on Marxism and Asia** Murzban Jal, 2021-11-24 *Essays on Marxism and Asia* begins with the largely forgotten prophet of ancient Iran Zarathushtra remembered and immortalised by Friedrich Nietzsche's *Also Sprach Zarathustra* In contrast to the infamous clash of civilisation thesis this book argues for a humanist theory of civilisations and studies the Parsis or Persians who left Iran to settle in India and make it their home It claims that Parsis despite being a migrant community took strength from their Persian heritage and civilisation and rose to become the architects of industrial modernity in India This book locates this humanist theory in the larger genre of the Asiatic mode of production with caste as its sub text It then takes a phenomenological reading of caste in India and says that India is afflicted by a very strange illness called silent blindness

where humanity is silenced and blinded in front of the caste apparatus It then analyzes how capitalism and modernity fashioned caste in the image of capitalism and how the Indian right wing imagined its fascistic politics of race and racial superiority based on the image of caste hierarchy The problem in India has been that the liberals could not take caste seriously so as to confront it and then annihilate this violent apartheid structure This the book argues has led to the rise of fascism in India The book concludes with positing two different strands of secularism namely liberal or bourgeois secularism which merely separates religion and the state but mixes these when required and revolutionary secularism which humanises religion and politics first in order to find the human and class content in both The chapters in this book were originally published in Critique Journal of Socialist Theory

**Creating a Socialist Yugoslavia** Hilde Katrine Haug, 2012-03-30 When the Yugoslav communists came into power in 1945 they claimed to have introduced a socialist solution to the Yugoslav national question But what did this claim imply Creating a Socialist Yugoslavia Tito Communist Leadership and the National Question charts the approach pursued by Yugoslav communist leaders from their endorsement in 1935 of a strategy committing to the search for a socialist solution to the national question within a multinational Yugoslav context until the party disintegrated in 1990 Hilde Katrine Haug examines the impact of the communist leadership's aspirations to create a socialist Yugoslavia on their management of national conflict in the highly heterogeneous Yugoslav state entity
