Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs

Marketing and Feminism Miriam Catterall,Pauline Maclaran,Lorna Stevens,2013-11-05 This cutting edge innovative volume offers the best of current scholarship on feminist perspectives in marketing Through many exciting and often controversial discussions it highlights and challenges assumptions about women and gender in marketing theory and practice from both historical and current contexts Key issues and debates include the dark side of female consumption women and marketing in Socialist economies women and advertising ecofeminism and marketing gender marketing and cultural diversity marketing sex and sexuality Written by internationally recognised experts in marketing and feminism this book makes a unique contribution to marketing scholarship *Marxism, the Millennium and Beyond* M. Cowling,P. Reynolds,2000-10-31 This collection investigates the state of play in studies informed by Marxism Among other contributions it includes an essay on state theory by Bob Jessop a discussion of fundamental socialist values using analytical Marxism by Alan Carling The Development of Socialism, Social Democracy and Communism Mohamed Ismail Sabry,2017-09-01 This book examines how socioeconomic and institutional factors shaped the development of Socialism and its two contending variants of Social Democracy and Communism investigating why each of these factions enjoyed varying levels of popularity in different societies between 1840 and 1945 **Chinese vs. Western Perspectives** Jinghao Zhou,2013-12-04 China is on the rise in the globalized world The relationship between China and the United States has become the most important global issue in the twenty first century It is urgent to understand what is happening in China and where China is heading However there are many misconceptions about China in the West which affect Westerners ability to objectively understand China and ultimately influence the making of foreign policy toward China The author attempts to challenge the misconceptions coming from both Western societies and China and offer an integrated picture of contemporary China through systematically examining the major aspects of contemporary Chinese society and culture with the most recent data and presents convincing arguments in eighteen chapters for spurring mutual understanding between China and the West The author intends this book to be an interdisciplinary and comprehensive guide to China for a general audience and it covers a wide variety of topics including history family population Chinese women economy environmental issues politics religion media U S China relations and other subjects This book demonstrates the author s extensive research and thoughtful examination of many sides of controversial issues related to China with a nice balance of Western and Chinese scholarship This is one of the few that are authored by scholars who originate from China and have their professional career in the United States but it is distinctive from the rest of studies on this subject in that the author is committed to examining today s China from Chinese as well as Western perspectives This is not only a scholarly book but also is suitable for general classes on China Mysticism and Social Transformation Janet K. Ruffing,2001-02-01 Where do Mysticism and and political action meet How does faith empower its adherents to resist oppression What are the origins of authentic contemporary mysticism

From the thirteenth century Franciscan movement to African American mystics this wide ranging volume of essays considers exemplars of Christian mysticism including Teresa of Avila Ignatius of Loyola the Quakers and the Society of Friends whose practices and influence brought about social change Linking major conceptual issues and social theory the essays examine the historical impact of mysticism in contemporary life and argue for a hermeneutical approach to mysticism in its historical context The contributors look at how mystical empowerment can serve as a catalyst for expressing compassion in acts of justice and long term social change We learn how Sojourner Truth and Rebecca Cox Jackson driven by mystical experiences to take up lives of preaching faced the same misogynistic religious environments as did women mystics throughout history which has submerged this key area of women s experience The final two essays describe the development of socially engaged Buddhism in Asia and America and the mystical roots of deep ecology

Forging Freedom in W. E. B. Du Bois's Twilight Years Phillip Luke Sinitiere, 2023-06-23 Contributions by Murali Balaji Charisse Burden Stelly Christopher Cameron Carlton Dwayne Floyd Robert Greene II Andre E Johnson Werner Lange Lisa J McLeod Jodi Melamed Tyler Monson Eric Porter Reiland Rabaka Thomas Ehrlich Reifer Camesha Scruggs and Phillip Luke Sinitiere Although the career of W E B Du Bois was remarkable in its entirety a large majority of scholarship focuses on the first five or six decades Overlooked and understudied the closing three decades of Du Bois s career reflect a generative period of his life in terms of teaching travel activism and publications Forging Freedom in W E B Du Bois s Twilight Years No Deed but Memory proposes to narrate the political social and cultural significance of Du Bois s career during the controversial closing three decades of his life Du Bois s twilight years were tremendously controversial his persistent criticism of the collusion between capitalism and racism and his choice to join the Communist Party in late 1961 raised the ire of many At the time Du Bois s strident advocacy of socialism and turn to communism during the Cold War oriented most scholars away from delving into his late career While only a few scholars have engaged the productivity of Du Bois s later years the fact is that an anticommunist antiradical animus has followed Du Bois in the half century since his death As a result Du Bois scholarship remains impoverished to the extent that academics neglect his later years The essays in Forging Freedom in W E B Du Bois s Twilight Years detail selected aspects of Du Bois s later decades and their particular connection to American social political and cultural history between the 1930s and the 1960s While international concerns and a global perspective also fundamentally defined Du Bois s latter years chronicling his final decades in a US context presents fresh insight into his twilight years Du Bois s commitment to freedom s flourishing during this period animated the Black freedom struggle s war against white supremacy Ultimately this book demonstrates that the durability of Du Bois s intellectual achievements remains relevant to the twenty first century

Ibss: Political Science: 1992 British Library of Political and Economic Science, 1993 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Discontents Paul Hollander, 2018-01-18 What ails people at

the present time in Western and especially American society is an inexhaustible subject Discussion of these discontents in the United States in the last decade of the twentieth century leads to an obvious question How much and what kind of discontents are possible in a society that has experienced over a decade of economic growth close to full employment hardly any inflation falling crime rates declining teenage pregnancies and other good things Is there anything to worry about in a country that has become the undisputed superpower of the world and no longer faces another hostile superpower such as the Soviet Union used to be Paul Hollander wrestles with these and other questions in seeking to understand conditions and developments within American culture and society in the context of their relationship to political systems movements and ideas critical of the United States and Western values Hollander examines disparate phenomena such as the O J Simpson case the banning of West Side Story in Amherst Massachusetts the popularity and exposé of Rigoberta Menchu and the appeal of sports utility vehicles which shed light on the major themes of the volume Topics include conflicts among American intellectuals including disputes over the Kosovo intervention the impact of postmodernism on higher education the persisting appeal of victimhood in American society the flaws of American sociology academic specialists failure to anticipate the collapse of the Soviet Union and the new anti Americanism in postcommunist societies Among topics of historical interest are a survey of Western judgments and misjudgments of the communist systems examination of the relative neglect of political violence in communist states and analysis of officially enforced secular religious cult of communist rulers Many of these writings are linked to the author's longstanding interest in why people accept or reject particular political systems and in the contradictory human needs and desires which condition and limit the pursuit of social and political ends Sociologists political scientists and the general reader will find this book of great interest *European Communism* Ronald Kowalski, 2017-09-16

The course of modern European History has been influenced greatly by the challenge of Communism In theory it promised equality and freedom for all In practice it spawned inegalitarian authoritarian and in some instances monstrous regimes in the former Soviet Union and East Europe This study re-examines the history of European Communism from its theoretical origins in the work of Marx and Engels in the mid nineteenth century until the dramatic collapse of the Soviet Union in 1991 Ronald Kowalski reappraises Marx's thinking and points out that his intellectual legacy was open to a variety of interpretations often at odds with his own views Kowalski also questions Lenin's professed Marxist credentials and the extent to which his additions to Marxist theory were central to the key issue in the history of Communism why did the egalitarian and libertarian dreams raised by the Russian Revolution degenerate into Stalinist authoritarianism and terror Furthermore why did Communism fail in West Europe while it was able to come to power in East Europe Concluding with an analysis of the revolutions which swept away the Communist regimes in East Europe and two years later in the Soviet Union itself this is an essential introduction to the history of a political force that dominated parts of Europe until the end of the twentieth century

Philosophy after Marx Christoph Henning, 2014-04-17 Christoph Henning writes a concise history of

misreadings of Marx in the 20th century Focussing on German philosophy from Heidegger to Habermas he also addresses the influence of Rawls and Neopragmatism subsequently scrutinizing a previous history of Marx interpretations that had served as the premises upon which these later works were based Henning sketches a historical trajectory in which a theory of socialist politics enters the fields of economics sociology critical theory and theology before finally overloaded with intellectually dead freight entering into philosophy In so doing he takes a hermeneutic approach to how misreadings in a specific field proliferate into further misreadings across a variety of fields leading to an accumulation of questionable preconceptions With the recent resurgence of interest in Marx Henning s historical recursions make evident where and how academic Anti Marxism had previously got it wrong English translation of Philosophie nach Marx 100 Jahre Marxrezeption und die normative Sozialphilosophie der Gegenwart in der Kritik Transcript Verlag Bielefeld 2005 *Political and Spiritual* Roger S. Gottlieb,2014-10-23 Roger S Gottlieb is internationally known for his groundbreaking studies of religious environmentalism passionate account of spirituality in an age of environmental crisis and enlightening vision of the role of religion in a democratic society Political and Spiritual brings together for the first time his most powerful essays on these and related themes The book s wealth of topics includes spiritual deep ecology ethical theory animal rights the Holocaust the environmental crisis and the experience of disability as well as new essays on the human meaning of technology facing death and a fascinating intellectual autobiography As a whole Political and Spiritual reveals Gottlieb s unique ability to connect our collective struggles for a just rational and caring society with our personal strivings for contentment wisdom and compassion

Afrocentricity and the Academy James L. Conyers, Jr.,2015-09-01 Afrocentricity is a philosophical and theoretical perspective that emphasizes the study of Africans as subjects not as objects and is opposed to perspectives that attempt to marginalize African thought and experience Afrocentricity became popular in the 1980s as scores of African American and African scholars adopted an Afrocentric orientation to information The editor of this collection argues that as scholars embark upon the 21st century they can no longer be myopic in their perceptions and analyses of race The seventeen essays examine a wide range of variations on the Afrocentric paradigm in the areas of history literature political science philosophy economics women s studies cultural studies ethnic studies and social policy The essays written by professors librarians students and others in higher education who have embraced the Afrocentric perspective are divided into four sections Pedagogy and Implementation Theoretical Assessment Critical Analysis and Pan Africanist Thought Democratic Eco-Socialism as a Real Utopia Hans A. Baer,2017-10-01 As global economic and population growth continues to skyrocket increasingly strained resources have made one thing clear the desperate need for an alternative to capitalism In Democratic Eco Socialism as a Real Utopia Hans Baer outlines the urgent need to reevaluate historical definitions of socialism commit to social equality and justice and prioritize environmental sustainability Democatic eco socialism as he terms it is a system capable of mobilizing people around the world albeit in different ways to prevent on going human socio economic and

environmental degradation and anthropogenic climate change
