Marxism And Anthropology:

Marxism and Anthropology Maurice Bloch, 2013-10-11 This book examines the uses made of anthropology by Marx and Engels and the uses made of Marxism by anthropologists Looking at the writings of Marx and Engels on primitive societies the book evaluates their views in the light of present knowledge and draws attention to inconsistencies in their analysis of pre capitalist societies These inconsistencies can be traced to the influence of contemporary anthropologists who regarded primitive societies as classless As Marxist theory was built around the idea of class without this concept the conventional Marxist analysis foundered First published in 1983

History, Power, Ideology Donald L. Donham, 2023-09-01 Is Marxism a reflection of the conceptual system it fights against rather than a truly comprehensive approach to human history Drawing on recent work in anthropology history and philosophy Donald Donham confronts this problem in analyzing a radically different social order the former Maale kingdom of southern Ethiopia Unlike capitalist societies wherein inequality is organized by contracts between free individuals in Maale powerful men were thought to beget others through control of biological fertility and material fortune Donham scrutinizes this unusual system of domination in order to sharpen issues in social and cultural theory He concludes that the interpretation of symbols and analysis of historical contingency should be crucial steps in any Marxists investigation The result is a provocative and original re reading of the Marxist tradition and a spirited defense of its continued vitality and relevance Every once in a while there appears a book that opens up new ways of inquiring into the ways of the world Donald Donham has written such a book The style is quiet and judicious but the effect is stunning In putting inherited partisan approaches to the test of explaining the realities of Maale society and culture Donham enriches anthropology and imparts new vigor to the analytical Marxian traditions History Power Ideology embodies a major accomplishment From the Foreword Is Marxism a reflection of the conceptual system it fights against rather than a truly comprehensive approach to human history Drawing on recent work in anthropology history and philosophy Donald Donham confronts this problem in analyzing a radically

An Anthropology of Marxism Cedric J. Robinson, 2019-01-18 An Anthropology of Marxism offers Cedric Robinson's analysis of the history of communalism that has been claimed by Marx

and Marxists Suggesting that the socialist ideal was embedded both in Western and non Western civilizations and cultures long before the opening of the modern era and did not begin with or depend on the existence of capitalism Robinson interrogates the social cultural institutional and historical materials that were the seedbeds for communal modes of living and reimagining society Ultimately it pushes back against Marx's vision of a better society as rooted in a Eurocentric society and cut off from its own precursors Accompanied by a new foreword by H L T Quan and a preface by Avery Gordon this invaluable text reimagines the communal ideal from a broader perspective that transcends modernity industrialization and capitalism

Anthropology and Marxism James W. Wessman, 1981 History, Power, Ideology Donald Lewis Donham, 1999 **Marxist Perspectives in Archaeology** Matthew Spriggs, 1984-02-23 Marxist theory has been an undercurrent in western social science since the late nineteenth century It came into prominence in the social sciences in the 1960s and 1970s and has had a profound effect on history sociology and anthropology This book represents an attempt to gather together Marxist perspectives in archaeology and to examine whether indeed they represent advances in archaeological theory The papers in this volume look forward to the growing use of Marxist theory by archaeologists as well as enriching archaeology as a discipline they have important implications for sociology and anthropology through the addition of a long term historical perspective This is a book primarily for undergraduates and research students and their teachers in departments of archaeology and anthropology but it should also be of interest to historians sociologists and geographers *Marxist Analyses and Social Anthropology* Maurice Bloch, 2013-10-11 Reflecting the first evaluation among British and American anthropologists of the relevance of Marxist theory for their discipline the studies in this volume cover a wide geographical and social spectrum ranging from rural Indonesia Imperial China Highland Burma and the Abron kingdom of Gyaman A critical survey assesses the value of some key ideas of Marx and Engels to social anthropology and places in historical perspective the changing attitudes of social anthropologists to the Marxist tradition Originally published in 1975

Marxist Anthropology** David J. Hakken, Hanna Lessinger, 1987-07-08 *Marxism and Anthropology* György Márkus, 2014 Marxism and Anthropology is one of the most detailed philosophically oriented attempts at explaining Marx's own position on philosophical anthropology encompassing the organic conditions of human sociality the humanization of nature and the naturalization of man In the second decade of the 21st Century rethinking Marx's intensely historicized conception of human nature has become an important consideration for critical and social theory due to a renewed interest in finding a possible anthropological basis for normatively grounding radical social critique for example in the works of Axel Honneth Charles Taylor or Emmanuel Renault Gyorgy Markus belongs to the small group of Hungarian theorists associated with Georg Lukacs and usually referred to as the Budapest School He

completed his philosophical training at Lomonosov University in Moscow in 1957 Due to ideological disputes he was removed from his teaching positions in Hungary in 1973 and fled in 1977 to Australia where he has since 1978 taught at the University of Sydney This special reissue of Markus most influential work adds an introduction by Axel Honneth Director of the Frankfurt School for Social Research and Hans Joas University of Freiburg

Herbert Marcuse and the Crisis of Marxism Douglas Kellner, 1984-01-01 This book provides a critical overview of the entirety of Marcuse's work and discusses his enduring importance Kellner had extensive interviews with Marcuse and provides hitherto unknown information about his road to Marxism his relations with Heidegger and Existentialism his involvement with the Frankfurt School and his reasons for appropriating Freud in the 1950s In addition Kellner provides a novel interpretation of the genesis and structure of Marcuse's theory of one dimensional society of the development of his political theory and of the role of aesthetics in his critical theory
