Marxistische Literaturkritik in Amerika Martin Christadler, Olaf Hansen, 1982 The Proletarian Moment James Francis Murphy, 1991 **Handbook of American-Jewish Literature** Lewis F. Fried, Gene Brown, Jules Chametzky, Louis Harap, 1988-01-26 The title is perhaps a bit deceptive for this is assuredly more than handbook might indicate Fried's anthology is a truly complex work bringing together eighteen essays of mostly uniform high quality and masses of bibliographic resources to present a comprehensive overview Fried's book does not present the original works themselves but rather culls mostly outstanding essays on the prose poetry drama and literary criticism produced by Jewish writers in America from the final decades of the last century to the present *Studies in American Jewish Literature* Focusing on the Jewish contribution to American writing this guide offers a comprehensive view of Jewish identity and experience in American society together with important bibliographic information for the scholar or researcher In eighteen essays written by a distinguished group of specialists it provides a wealth of fact interpretation and commentary relating to American Jewish literature criticism and other writing published since the 1880s In his introduction Fried reviews the history of American Jewish writing and the major social moral and political concerns that have affected it The essays that follow focus primarily on the literary culture created by Eastern European Jewish immigrants and their children as they shaped and were shaped by their experiences in America The first several chapters look at American Jewish fiction from 1880 to the present Drama and autobiographical works also are discussed as are American Yiddish poetry criticism and other writing Other chapters assess the influence of theology Zionism and the Holocaust on American Jewish writers as well as the relationship of their works to other literatures and international critical perspectives Themes that are explored from several perspectives include the relevance of the diaspora to the American Jewish literary imagination the forging of multiple loyalties and reconciliation into an American Jewish culture and the making of an American Jewish identity *American Icons* Thomas Gaehtgens, Heinz Ickstadt, 1996-07-11 American painters and graphic artists of the eighteenth and nineteenth centuries sought inspiration for their work in the uniquely American experience of history and nature The result was a transformation of the conventional Old World visual language into an indigenous and populist New World syntax The twelve essays in this volume explore the development of a frontier mythology a democratic style depicting common people and objects and an American artistic consciousness and identity Conceived and written from the perspectives of both cultural and art historians *American Icons* initiates an interdisciplinary discussion on the complex relationships between American and European art Marxistische Literaturkritik aus Großbritannien Raymond Southall, 2022-01-19 Keine ausführliche Beschreibung für Marxistische Literaturkritik aus Großbritannien verfügbar **Englische Literatur zwischen Viktorianismus und Moderne** Paul Goetsch, 1983 **Das 20. Lovers and Knowers Ulf Schulenberg, 2007 Lovers and Knowers discusses the development of the American cultural Left in the twentieth century Seeking to contribute to the discussion of the relation between American Studies and the field of theory the book focuses on the analysis of a specific theoretical problem It attempts to elucidate the multilayered complexity of the relation between antifoundationalists and foundationalists antitheorists and theorists and liberal ironists and metaphysicians Proposing the idea of an antifoundationalist and antiessentialist worldly and oppositional criticism the study argues that it is possible to develop a postmetaphysical thinking whose notion of the political and whose understanding of the function of literary and cultural criticism clearly differ from those suggested by neopragmatists such as Richard Rorty and Stanley Fish It is demonstrated that Cornel West's leftist version of neopragmatism striving for consequences of theory in history ought to be regarded as an oppositional and worldly criticism in the Saidian sense which dialectically uses the insights of neo pragmatist antifoundationalism **Amerikastudien** , 1984 **American Notes & Queries** , 1983

Zur Geschichte und Problematik der Nationalphilologien in Europa Frank Fürbeth, Pierre Krügel, Ernst Erich Metzner, Olaf Müller, 2013-05-08. Der vorliegende Band versammelt die Beiträge des internationalen Kongresses in Frankfurt am Main mit dem im September 1996 an die Erste Germanistenversammlung von 1846 am selben Ort erinnert wurde. Ausgehend von dem 1846 noch weiter verstandenen Begriff des Germanisten unter dem Rechtshistoriker Historiker und Sprachforscher gefaßt wurden, wird die Spezialisierung der Germanistik zu einer Nationalphilologie und in komparatistischer Perspektive das seit den Anfängen problematische Verhältnis von Nation und Philologie in Europa bis zur Gegenwart reflektiert. Fragen der Traditionsbildung des Wissens und des Kulturtransfers sowie der politischen Implikationen philologischer Arbeit werden in systematischen und biographischen Ansätzen exemplarisch untersucht.
