

MARXIST CRITICISM

Karl Marx (1818–1883) emphasized that the primary influence on life was economic and saw society as an opposition between the **capitalists** and the **working class**.

Literature is a reflection of culture, and that culture can be influenced by literature. **Marxist literary criticism does not espouse communism.**

Marxists believe literature can instigate revolution.

Marxists On Literature

Colleen Lye, Christopher Nealon

Marxists On Literature:

Marxists on Literature David Craig, 1975 **After Marx** Colleen Lye, Christopher Nealon, 2022-03-17 *After Marx* Literature Theory and Value demonstrates the importance of Marxist literary and cultural criticism for an era of intersectional politics and economic decline. The volume includes fresh approaches to reading poetry, fiction, film, and drama from Shakespeare to contemporary literature and shows how Marxist literary criticism improves our understanding of racial capitalism, feminist politics, colonialism, deindustrialization, high tech labor, ecological crisis, and other issues. A key innovation of the volume's essays is how they attend to Marx's theory of value. For Marx, capitalist value demands a range of different kinds of labor as well as unemployment. This book shows the importance of Marxist approaches to literature that reach beyond simply demonstrating the revolutionary potential or the political consciousness of a 19th century style industrial working class. *After Marx* makes an argument for the twenty first century interconnectedness of widely different literary genres and far flung political struggles.

The Dematerialisation of Karl Marx Leonard Jackson, 2014-07-22 This volume constitutes both an attack on modern left wing literary theory, the main product of the last Marxist renaissance in the past thirty years, and a defence of the one element of Marxism which in the general collapse modern theorists have been happiest to lose: its economic materialism. It traces Marxist theory from its beginnings in Hegelian idealism to its end in Althusser's structuralism and concludes that while Marxist economics will not work and the type of revolution prophesied was fantasy, the principle of historical materialism remains intact and defensible. This will be a key text in literary and cultural studies as well as being of interest to students on philosophy and sociology courses.

Marxism and Literary Criticism Terry Eagleton, 1976 Marxism and Literature Raymond Williams, 1977-11-10 This classic study examines the place of literature within Marxist cultural theory and offers an assessment of the contributions of previous thinkers to Marxist literary theory.

Marxism and Form Fredric Jameson, 2016-11-22 For more than thirty years Fredric Jameson has been one of the most productive, wide ranging and distinctive literary theorists in the United States and the Anglophone world. *Marxism and Form* provided a pioneering account of the work of the major European Marxist theorists: T. W. Adorno, Walter Benjamin, Herbert Marcuse, Ernst Bloch, Georg Lukács, and Jean Paul Sartre, work that was at the time largely neglected in the English speaking world. Through penetrating readings of each theorist, Jameson developed a critical mode of engagement that has had tremendous influence. He provided a framework for analyzing the connection between art and the historical circumstances of its making, in particular how cultural artifacts distort, repress, or transform their circumstances through the abstractions of aesthetic form. Jameson's presentation of the critical thought of this Hegelian Marxism provided a stark alternative to the Anglo American tradition of empiricism and humanism. It would later provide a compelling alternative to poststructuralism and deconstruction as they became dominant methodologies in aesthetic criticism. One year after *Marxism and Form*, Princeton published Jameson's *The Prison House of Language* 1972, which provided a thorough historical and philosophical

description of formalism and structuralism Both books remain central to Jameson's main intellectual legacy describing and extending a tradition of Western Marxism in cultural theory and literary interpretation *Criticism and Ideology* Terry Eagleton, 2006-08-17 Terry Eagleton is one of the most important and most radical theorists writing today His witty and acerbic attacks on contemporary culture and society are read and enjoyed by many and his studies of literature are regarded as classics of contemporary criticism In this new edition of his groundbreaking treatise on literary theory Eagleton seeks to develop a sophisticated relationship between Marxism and literary criticism Ranging across the key works of Raymond Williams Lenin Trotsky Brecht Adorno Benjamin Lukacs and Sartre he develops a nuanced critique of traditional literary criticism while producing a compelling theoretical account of ideology Eagleton uses this perspective to offer fascinating analyses of canonical writers including George Eliot Charles Dickens Joseph Conrad Henry James T S Eliot W B Yeats James Joyce and D H Lawrence The new introduction sets this classic book in the context of its first appearance and Eagleton provides illuminating reflections on the progress of literary study over the years *Karl Marx and World Literature* Siegbert Salomon Prawer, 1978 *Karl Marx and World Literature* S. S. Prawer, 2011-07-18 Very few men said Bakunin have read as much and it may be added have read as intelligently as M Marx S S Prawer's highly influential work explores how the world of imaginative literature poems novels plays infused and shaped Marx's writings from his unpublished correspondence to his pamphlets and major works In exploring Marx's use of literary texts from Aeschylus to Balzac and the central role of art and literature in the development of his critical vision *Karl Marx and World Literature* is a forensic masterpiece of critical analysis **Formalism and Marxism** Tony Bennett, 2004-03-01 Russian Formalism and Marxist criticism had a seismic impact on twentieth century literary theory and the shockwaves are still felt today First published in 1979 Tony Bennett's *Formalism and Marxism* created its own reverberations by offering a ground breaking new interpretation of the Formalists' achievements and demanding a new way forward in Marxist criticism The author first introduces and reviews the work of the Russian Formalists a group of theorists who made an extraordinarily vital contribution to literary criticism in the decade following the October Revolution of 1917 Placing the work of key figures in context and addressing such issues as aesthetics linguistics and the category of literature literary form and function and literary evolution Bennett argues that the Formalists' concerns provided the basis for a radically historical approach to the study of literature Bennett then turns to the situation of Marxist criticism and sketches the risks it has run in becoming overly entangled with the concerns of traditional aesthetics He forcefully argues that through a serious and sympathetic reassessment of the Formalists and their historical approach Marxist critics might find their way back on to the terrain of politics where they and their work belong Addressing such crucial questions as What is literature or How should it be studied and to what end *Formalism and Marxism* explores ideas which should be considered by any student or reader of literature and provides a particular challenge to those interested in Marxist criticism Now with a new afterword this classic text still offers the best available starting point for those new to the

field as well as representing a crucial intervention in twentieth century literary theory *Iranian Irony: Marxists Becoming Muslims*, *Literature of Revolution* Norman Geras, 2017-09-19 This influential collection explores the pivotal texts and topics in the Marxist tradition Ranging over questions of social theory political theory moral philosophy and literary criticism it looks at the thought of Marx and Trotsky Luxemburg Lenin and Althusser They include Geras's influential and widely cited treatment of fetishism in Capital his comprehensive review of recent debates on Marxism and justice discussions on political organisation revolutionary mass action and party pluralism and a novel analysis of the literary power of Trotsky's writing In close dialogue with common themes and arguments in the literature of revolutionary Marxism Geras brings some of his persistent preoccupations to the fore with the normative foundations and some of the epistemological assumptions of this tradition with issues of socialist democracy working class self education and emancipation **Essays on Marx's Theory of Value** Isaak Ilyich Rubin, 2025-02-20 This book is an English translation of Essays on Marx's Theory of Value first published by Isaak Illich Rubin in 1923 in the Soviet Union Rubin's book sparked a fierce value controversy with contemporary Soviet economists during the late 1920s As such the present translation is conceived as a variorum edition including for the first time in English all the essential supplementary materials related to this foundational work in Marx's value theory In addition to Rubin's main work this edition includes his four most important related publications as well as ten debate articles written and published by his contemporary proponents and opponents **Karl Marx's Social and Political Thought** Bob Jessop, Russell Wheatley, 1999 *Weber and the Marxist World* Johannes Weiss, 1998 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory Marxist Literary Criticism Today Barbara Foley, 2019-02-20 Winner of the CHOICE Outstanding Academic Book Prize 2019 Shortlisted for the Isaac Deutscher Prize 2019 Why Marxism Why today In the first introduction to Marxist literary criticism to be published in decades Barbara Foley argues that Marxism continues to offer the best framework for exploring the relationship between literature and society She lays out in clear terms the principal aspects of Marxist methodology historical materialism political economy and ideology critique as well as key debates among Marxists and non Marxists alike about the nature of literature and the goals of literary criticism and pedagogy Foley examines through the empowering lens of Marxism a wide range of texts from Jane Austen's *Pride and Prejudice* to E L James's *Fifty Shades of Grey* from Frederick Douglass's *What to the Slave Is the Fourth of July* to Annie Proulx's *Brokeback Mountain* from W B Yeats's *The Second Coming* to Claude McKay's *If We Must Die* *Marxist Literary Theory* Terry Eagleton, 1996-01 Marxist Literary Theory A Reader is designed to give both students and lecturers a sense of the historical formation of a Marxist literary tradition A unique compilation of principal texts in that tradition it offers the reader new ways of reading Marxism literature theory and the social possibilities of writing Represented in this reader are Theodor W Adorno Louis Althusser Aijaz Ahmad Chida Amuta Etienne Balibar and Pierre Macherey Roland
