Nuestra Vida Our Life:

Lives of Dust and Water María Luz Cruz-Torres, 2022-03-29 Along the coast of northwestern Mexico pink gold may mean wealth for some but the new global economy has imposed terrible burdens on many sectors of the population State and regional economic development policies have supported the use of natural resources for commercial export resulting in the rapid growth of agriculture and shrimp aquaculture Environmental pressures have contributed to the degradation of marine ecosystems and once self reliant rural populations have been driven to wage and subsistence labor in order to survive This book eloquently explains how contemporary rural communities in southern Sinaloa have responded to economic and ecological changes affecting the entire nation A political ecology of human survival in one of the most important ecological regions of Mexico it describes how these communities contest environmental degradation and economic impoverishment arising from political and economic forces beyond their control Mar a Luz Cruz Torres evokes the rich and varied experiences of the people who live in the villages of Celaya and El Cerro showing how they invent and utilize their own social capital to emerge as whole persons in the face of globalization She traces the histories of the two villages to illustrate the complex variation involved in community formation and to show how people respond to and utilize Mexican law and reform Surrounded by limited resources poverty illness sudden death and daily oppression these men and women create innovative social and cultural forms that mitigate these impacts Cruz Torres reveals not only how they manage to survive in the midst of horrendous circumstances but also how they transcend those impediments with dignity She details the participation of household members in the subsistence formal and informal sectors of the economy and how women use a variety of resources to guarantee their families survival A sometimes tragic but ultimately vibrant story of human resistance Lives of Dust and Water offers an important look at a little studied but dynamically developing region of Mexico It contributes to a more precise understanding of how rural coastal communities in Mexico emerged and continue to develop and adjust to the uncertainties of the globalizing world

Spanish for Gay Men (Spanish That Was Never Taught in the Classroom!) Jonathan L. Charles, 2012-02 After thirty plus years teaching high school and college Spanish there are many things that have not been taught at those levels Remember how frustrating it was wondering how to say words and phrases about sex and especially gay sex So I decided to compile this book just for you so you do not have to wonder any more This book will include just about everything that you have ever wanted to know and much much more A great percent of the book was written on my travels to the many Spanish speaking countries and through interviews with countless native speakers Gay of course I have been to Spain four times spending weeks upon weeks in most all of the

provinces Over the past 35 years my travels to Latin America have been more extensive living and studying in Mexico for over a year with over 40 return trips to most of the entire country exploring the enriching culture of our neighbors to the southern boarder Within the past 15 years I have explored the colorful cultural riches of Guatemala spending months with the guatemaltecos I have also had the pleasure of three fantastic magical adventures to Peru which were truly spiritual experiences that enlightened and enriched me greatly Other Spanish speaking countries that I have traveled and explored are Puerto Rico Costa Rica Panama Bolivia Brazil Uruguay and yes Argentina I wish to thank many friends and colleagues for their encouragement to write this book They have read my work and have given me many helpful suggestions to finalize the process
