HoneyVoiced James Bradley Wells,2024-03-07 This new translation of Pindar s songs for victorious athletes marries philological rigour with poetic sensibility in order to represent the beauty of his language for a modern audience as closely as possible Pindar s poetry is synonymous with difficulty for scholars and students of classical studies His syntax stretches the limits of ancient Greek while his allusions to mythology and other poetic texts assume an audience that knows more than we now possibly can given the fragmentary nature of textual and material culture records for ancient Greece It includes an authoritative introduction both to the poet and his art and to ancient athletics alongside brief orientations to the historical context and mythological content of each victory song The inclusion of a glossary supplies additional mythological and historical information necessary to understanding Pindar s poetry for those coming to the works for the first time His is the largest body of textual remains that exists for ancient Greece between Homer conventionally dated to 750 BCE and the Classical Period 480 323 BCE and constitutes a rich resource for politics history religion and social practices **Pablo**

Schull, 2015-12-15 Chilean poet Pablo Neruda was more than just a writer He was also an activist politician and Nobel Peace Prize winner Through direct quotations facts and excerpts of his work the life of Pablo Neruda is told in a way that is intriguing captivating and most of all inspiring **Political Poetry in the Wake of the Second Spanish Republic** Grant D. Moss, 2017-12-06 From notions of art for art's sake to committed poetry it may seem that poets cannot achieve reconciliation between the politics and poetry However among committed Communist poets of the 20th century of the Spanish speaking world three poets stand out as examples of a search to bring together their political and their poetic commitments Rafael Alberti Nicol's Guill'n and Pablo Neruda Political Poetry in the Wake of the Second Spanish Republic analyzes the simultaneous development of politics and poetics in these three Spanish language poets as it was nurtured by the Second Spanish Republic 1931-1939 Beginning in these years Alberti Guill'n and Neruda strove to tackle the challenge of committing to their own independent poetic projects and to their politics at the same time Later these three poets maintained their Communist Party affiliation until their deaths and produced collection after collection of quality poetry Despite the differences in their overall poetic trajectories and projects the ability to maneuver between politics and poetry without sacrificing either one is common among them Because of their unique experiences during the time of the Second Spanish Republic in Spain each author explicitly denounced the injustices that the opposing Franquist forces had committed against the Republic After the fall of the Republic in 1939 Alberti Guill'n and Neruda continued to intertwine their politics with their poems only in a less obvious manner Therefore each could solidify his position within the poetic canon while at the same time each could maintain his position as a committed or at least card-carrying Communist **Letras con sabor** Maria Angels Viladot, 2009 *DOCE ESCRITORES CONTEMPORÁNEOS* LORENTE MEDINA Antonio, NEIRA JIMÉNEZ Julio Francisco, 2017-09-12 La extraordinaria abundancia cultural del periodo contemporáneo de manera especial la riqueza en número y calidad de la creación literaria en nuestra lengua hace inabordable su estudio completo y pormenorizado y obliga a concentrarlo en algunos de sus representantes más se alados que no sólo ofrezcan la máxima excelencia creadora por sí mismos sino que sean especialmente significativos para el conocimiento del desarrollo de las diversas corrientes estéticas en los distintos géneros poesía narrativa y teatro a lo largo del siglo XX y lo que llevamos del XXI Frente a lo que viene siendo habitual en los planes de estudios universitarios integramos autores nacidos en España con otros nacidos en América porque la obra de estos ha tenido una influencia sustancial en nuestra literatura han vivido o pasado temporadas en España han escrito parte en ella e incluso alguno tiene nacionalidad española Y porque como han defendido muchos escritores José Vasconcelos Fernando Pessoa Francisco Ayala Luis Cernuda Mario Levi etc La patria del escritor es la lengua en la que escribe Los doce autores estudiados son Rubén Darío Antonio Machado Ramón María del Valle Inclán

A Companion to Pablo Neruda Jason Wilson, 2014-08 Pablo Neruda was without doubt one of the greatest poets of the twentieth century but his work is extremely uneven There is a view that there are two Nerudas an early Romantic visionary and a later Marxist populist who denied his earlier poetic self By focussing on the poet s apprenticeship and by looking closely at how Neruda created his poetic persona within his poems this Companion tries to establish what should survive of his massive output By seeing his early work as self exploration through metaphor and sound as well as through varieties of love and direct experience the Companion outlines a unity behind all the work based on voice and a public self Neruda s debt to reading and books is studied in depth and the change in poetics re examined by concentrating on the early work up to *Residencia en la tierra* I and II and why he wanted to become a poet Debate about quality and representativity is grounded in his Romantic thinking sensibility and sincerity Unlike a Borges or a Paz who accompanied their creative work with analytical essays Neruda distilled all his experiences into his poems which remain his true biography Jason Wilson is Professor Emeritus in the Department of Spanish and Latin American Studies University College London
