Women Living Zen Paula Kane Robinson Arai,1999-08-26 In this study based on both historical evidence and ethnographic data Paula Arai shows that nuns were central agents in the foundation of Buddhism in Japan in the sixth century They were active participants in the Soto Zen sect and have continued to contribute to the advancement of the sect to the present day Drawing on her fieldwork among the Soto nuns Arai demonstrates that the lives of many of these women embody classical Buddhist ideals They have chosen to lead a strictly disciplined monastic life over against successful careers and the unconstrained contemporary secular lifestyle In this and other respects they can be shown to stand in stark contrast to their male counterparts **A Wild Constraint** Jenny Taylor,2008-12-11 In A Wild Constraint The Case for Chastity Taylor addresses the provocative subject of celibacy Too often considered an exclusively religious option celibacy has been reclaimed by some feminists and sociologists over the last 20 years as a radical alternative in secular society to the liberal sexual lifestyle What after all is sexual liberation when so often the outcome is pain and social chaos In the context of promiscuity sexual abuse and confusion celibacy can herald a different sexual freedom Jenny Taylor draws on personal experience and interviews with men and women of all ages to demonstrate the impact of the sexual revolution and to make a case for celibacy She argues that celibacy is a viable alternative that deserves to be taken seriously and challenges the church to speak out for sexual abstinence with confidence and certainty **The Mary Daly Reader** Mary Daly,2017-01-24 Makes key excerpts from Daly s work accessible to readers who are seeking to access the essence of her thought in a single volume Outrageous humorous inflammatory Amazonian intellectual provocative controversial and a discoverer of Feminist word magic Mary Daly s influence on Second Wave feminism was enormous She burst through constraints to articulate new ways of being female and alive This comprehensive reader offers a vital introduction to the core of Daly s work and the complexities secreted away in the pages of her books Her major theories Bio philia Be ing as Verb and the life force within words and major controversies relating to race transgender identity and separatism are all covered and the editors have provided introductions to each selection for context The text has been crafted to be accessible to a broad readership without diluting Daly s witty but complicated vocabulary Begun in collaboration with Daly while she was still alive and completed after her death in 2010 the chapters in this book will surprise even those who thought they knew her work They contain highlights from Mary Daly s published works over a forty year span including her major books Beyond God the Father Gyn Ecology and Pure Lust as well as smaller articles and excerpts with additional contributions from Robin Morgan and Mary E Hunt Perfect for those seeking an introduction to this path breaking feminist thinker The Mary Daly Reader makes key

Living More Human(e)ly? Rebecca Leong, 2025-04-22 Does it really matter who one chooses to marry and how one makes a choice as to who to marry or is it basically true that you always marry the wrong person Was Jane Austen right in her portrayals of couples marrying for love for comfort or for both What about arranged marriages Does the one exist How about soulmates Will getting involved in casual sex or hook up culture affect one's chances of eventually realizing happy lifelong monogamy Are promoters of purity culture basically right that their approach will help lead to happy lasting marriages Can there be a way forward through the culture wars Are dating apps any good Virtue ethics is sometimes drawn upon for a dependable approach to couple relationships But what does this approach consist of and which virtues as there are potentially very many should one focus on particularly when navigating dating culture in contemporary contexts What light might theology history and the human sciences including sociology and psychology shed on these matters Rebecca Leong offers findings from wide ranging interdisciplinary studies that address these questions and more in the process developing a five fold ethic and further building blocks for better approaches to dating in contemporary contexts

Women Shaping Theology Mary Ann Hinsdale, 2006 In the 2004 Madeleva Lecture Mary Ann Hinsdale uses the lens of her own life experience to tell the story of how visionary and prophetic women set in motion the important institutional structures that have allowed women to shape Catholic theology in North America over the past fifty years She pays particular attention to issues and problems facing women theologians in the Catholic Church today such as the implications of the changing demographics of women theologians women's impact on the theological establishment the reception of feminism and feminist theology by the hierarchy and the unmet intercultural challenges posed by those on the margins as well as women theologians response to them Coming at the beginning of a new papacy Hinsdale's compelling narrative is especially timely for a consideration of the future of women in the Catholic Church

Lies Before Our Eyes Karen Love, Karen G. Love, 2005 Have we ever really believed in gender Is there any evidence that we have resisted rejected and denied the division of human beings into male and female Both our charter narratives and popular media murmur a persistent no The theories of Luce Irigaray Mikhail Bakhtin and Roland Barthes when applied to works as varied as Bible stories parables nursery rhymes Greek myths and drama Shakespeare's plays and contemporary film reveal a new character the transcenderist mucosa The transcenderist mucosa an original metaphor derived from our own deep physical structures our permeable cellular membranes deconstructs the equilibrium of binary gender transcends male and female by being simultaneously both and neither Through the agency of the transcenderist mucosa who operates in the liminal space between male and female we recognize that gender does not exist in reality and that the violence and destruction inherent in the binary definition of gender can be transcended
