## Nuns Diary:

**The Life of Nuns** Henrike Lähnemann, Eva Schlotheuber, 2024-06-21 In the Middle Ages half of those who chose the religious life were women yet historians have overlooked entire generations of educated feisty capable and enterprising nuns condemning them to the dusty silence of the archives What though were their motives for entering a convent and what was their daily routine behind its walls like How did they think live and worship both as individuals and as a community How did they maintain contact with the families and communities they had left behind Henrike Lähnemann and Eva Schlotheuber offer readers a vivid insight into the largely unknown lives and work of religious women in the fifteenth and sixteenth centuries Using previously inaccessible personal diaries and letters as well as tapestries painting architecture and music the authors show that the nuns were in fact an active even influential part of medieval society They functioned as role models and engaged in spirited dialogue with other convents with the citizens of their home towns and with the local nobility Full of self confidence they organised their demanding daily lives ran their complex convent economies as successful businesses offered girls a comprehensive theological musical and practical education produced magnificent manuscripts ministered to the convent sick and dying with homemade medicines and to family and friends with advice Initially and fiercely they resisted the Reformation only for some of the convents to survive as Protestant women's foundations to this day Now for the first time in centuries this account by Henrike Lähnemann and Eva Schlotheuber allows the voices of these remarkable women to be heard outside the cloister and to invite us into their world *Refugee Nuns, the French Revolution, and British Literature and Culture* Tonya J. Moutray, 2016-03-22 In eighteenth century literature negative representations of Catholic nuns and convents were pervasive Yet during the politico religious crises initiated by the French Revolution a striking literary shift took place as British writers championed the cause of nuns lauded their socially relevant work and addressed the attraction of the convent for British women Interactions with Catholic religious including priests and nuns Tonya J Moutray argues motivated writers including Hester Thrale Piozzi Helen Maria Williams and Charlotte Smith to reevaluate the historical and contemporary utility of religious refugees Beyond an analysis of literary texts Moutray's study also examines nuns personal and collective narratives as well as news coverage of their arrival to England enabling a nuanced investigation of a range of issues including nuns displacement and imprisonment in France their rhetorical and practical strategies to resist authorities representations of refugee migration to and resettlement in England relationships with benefactors and locals and the legal status of English nuns and convents in England including their work in recruitment and education Moutray shows how writers and the media negotiated the multivalent figure of the nun during the 1790s shaping British perceptions of nuns and convents during a time critical to their survival Dodd's Church History of England from the Commencement of the Sixteenth Century to the Revolution in 1688. With Notes, Additions and a Continuation ...: General history. Henry VIII. Appendix Charles Dodd, Mark Aloysius Tierney, 1839 **Models of Charitable Care: Catholic Nuns and Children in**

**their Care in Amsterdam, 1852-2002** Annelies van Heijst, 2008-06-30 *Models of Charitable Care* analyses the practice of Catholic nuns in Amsterdam in the 19th and 20th century. Attention is paid to the ambiguous ascetic spiritual discourse that underpinned their work: it encouraged charity as solidarity with strangers but caused intense emotional distance too. Historiography is mainly manufactured by religious and lay academics who shared the congregational perspective and presented fairly positive evaluations. Criticism from within however is voiced by care leavers who grew up in homes run by religious. Some are grateful others bitter. The sisters were living models who combined an anti worldly outlook with a practical concern for vulnerable creatures. Relating various theoretical interpretations a typology of three models is developed with agency as the differentiating criterion. Dodd's Church History of England from the Commencement of the Sixteenth Century to the Revolution in 1688 Charles Dodd, 1839

**Irish Nuns and Education in the Anglophone World** Deirdre Raftery, 2024-01-08 This book charts the history of how Irish born nuns became involved in education in the Anglophone world. It presents a heretofore undocumented study of how these women left Ireland to establish convent schools and colleges for women around the globe. It challenges the dominant narrative that suggests that Irish teaching Sisters also commonly called nuns were part of the colonial project and shows how they developed their own powerful transnational networks. Though they played a role in the education of the daughters of the Empire they retained strong bonds with Ireland reproducing their own Irish education in many parts of the Anglophone world. Diary of a Nun Diary, 1840 Nuns in Popular Culture Marcus K. Harmes, Meredith A. Harmes, 2024-08-14 Films and television programs about nuns women in a religious order are among the most successful and popular we watch from old favorites like *The Sound of Music* to recent smash hits like *Call the Midwife* and *Mrs Davis*. This new collection studies the fascinating and often controversial ways nuns have been portrayed in popular media such as warriors, career women and agents of supernatural horror. Specialist contributors in popular culture study more than a century of works from around the globe in genres as diverse as musicals, horror films and even heavy metal music videos. Records of the English Province of the Society of Jesus Henry Foley, 1878

*Medicine River* Mary Annette Pember, 2025-04-22 A sweeping and trenchant exploration of the history of Native American boarding schools in the United States and the legacy of abuse wrought by them in an attempt to destroy Native culture and life. From the mid nineteenth century to the late 1930s tens of thousands of Native children were pulled from their tribal communities to attend boarding schools whose stated aim was to save the Indian by way of assimilation. In reality these boarding schools sponsored by the U S government but often run by various religious orders with little to no regulation were a calculated attempt to dismantle tribes by pulling apart Native families. Children were beaten for speaking their Native languages, denied food, clothing and comfort and forced to work menial jobs in terrible conditions all while utterly deprived of love and affection. Amongst those thousands of children was Ojibwe journalist Mary Pember's mother who was sent to a boarding school in northern Wisconsin at age five. The trauma of her experience cast a pall over Pember's own childhood and

her relationship with her mother Highlighting both her mother's experience and the experiences of countless other students at such schools their families and their children Medicine River paints a stark but hopeful portrait of communities still reckoning with the trauma of acculturation religion and abuse caused by the state Through searing interviews and careful reporting Pember traces the evolution and continued rebirth of Native cultures and nations in relation to the country that has been intent on eradicating them

*The Princess Nun* Gina Cogan, 2020-05-11 The Princess Nun tells the story of Bunchi 1619-1697 daughter of Emperor Go Mizunoo and founder of Enshiji Bunchi advocated strict adherence to monastic precepts while devoting herself to the posthumous welfare of her family As the first full-length biographical study of a premodern Japanese nun this book incorporates issues of gender and social status into its discussion of Bunchi's ascetic practice and religious reforms to rewrite the history of Buddhist reform and Tokugawa religion Gina Cogan's approach moves beyond the dichotomy of oppression and liberation that dogs the study of non-Western and premodern women to show how Bunchi's aristocratic status enabled her to carry out reforms despite her gender while simultaneously acknowledging how that same status contributed to their conservative nature Cogan's analysis of how Bunchi used her prestigious position to further her goals places the book in conversation with other works on powerful religious women like Hildegard of Bingen and Teresa of Avila Through its illumination of the relationship between the court and the shogunate and its analysis of the practice of courtly Buddhism from a female perspective this study brings historical depth and fresh theoretical insight into the role of gender and class in early Edo Buddhism

Chiefly with Regard to Catholics: ... In Eight Parts. ...** Charles Dodd, 1737 *Religion Online* August E. Grant, Amanda F. C. Sturgill, Chiung Hwang Chen, Daniel A. Stout, 2019-03-07 Religion Online provides new insights about religiosity in a contemporary context offering a comprehensive look at the intersection of digital media, faith communities and practices of all sorts Recent research on Apple users, video games, virtual worlds, artificial intelligence, digital music and sports as religion supports the idea that media and religion, once considered separate entities, are in many cases the same thing New media and religious practice can no longer be detached this two volume set discusses how religionists are embracing the Internet amidst cultural shifts of secularization, autonomous religious worship, millennials' affinity for new media and the rise of fundamentalism in the global south While other works describe case studies this book explains how new media are interwoven into the very fabric of religious belief, behavior and community Chapters break down the past, present and projected future of the use of digital media in relation to faith traditions of many varieties extending from mainline Christianity to new religious movements The book also examines the impacts of digital media on beliefs and practices around the world In exploring these subjects it calls on the study of culture, namely anthropology, to conceptualize a technological period as significant as the industrial revolution **Spirited Lives** Carol K. Coburn, Martha Smith, 2005-10-12 Made doubly marginal by their gender and by their religion American nuns have rarely been granted serious scholarly attention Instead their lives and achievements have been obscured by myths or distorted by stereotypes Placing nuns into the mainstream of American religious and women's history for the first time Spirited Lives reveals their critical impact on the development of Catholic culture and ultimately the building of American society Focusing on the Sisters of St Joseph of Carondelet, one of the largest and most diverse American

sisterhoods Carol Coburn and Martha Smith explore how nuns directly influenced the lives of millions of Americans both Catholic and non Catholic through their work in schools hospitals orphanages and other social service institutions Far from functioning as passive handmaidens for Catholic clergy and parishes nuns created financed and administered these institutions struggling with and at times resisting male secular and clerical authority A rich and multifaceted narrative Spirited Lives illuminates the intersection of gender religion and power in nineteenth and early twentieth century America
