Nurturing Today's Children Cultivating The Family Of Faith:

Nurturing Today's Children Gaynell Bordes Cronin, John J. Rathschmidt, 2002 Jesus often used planting analogies in his parables Following Jesus example and using the imagery of a garden Nurturing Today's Children shows us that raising children requires special care if the harvest is to be good Just as a garden starts with soil preparation Christian families must prepare their homes to be good soil for growing children Once planted a garden must be blessed with favor flavor and gratitude just as our children require models of kindness joy and appreciation Without water a garden dies and without healing respect for feelings and diversity our children will suffer the dryness of a spiritual desert As our garden grows we must tend it in the same way we must encourage our children by providing a safe place for them to become their own persons Some important topics covered in this helpful book are how to be together as a family cultivating good intentions fostering the habit of gratitude dealing with fear and death learning patience and setting up a household church Nurturing Today's Children will bring thoughtful guidance about each stage of raising your children and encouraging their growth especially in spirit and faith A welcome companion and thoughtful resource that can make your home and family yield an abundant spiritual harvest *Forthcoming Books* Rose Arny, 2002 Faith Traditions and the Family Phyllis D. Listening to Children on the Spiritual Journey Catherine Stonehouse, Scottie May, 2010-06-01 How do children experience and understand God How can adults help children grow their life of faith Throughout more than a decade of field research children's spirituality experts Catherine Stonehouse and Scottie May listened to children talk about their relationships with God observed children and their parents in learning and worship settings and interviewed adults about their childhood faith experiences This accessibly written book weaves together their findings to offer a glimpse of the spiritual responsiveness and potential of children Through case studies it provides insight into children's perceptions of God and how they process their faith In addition the book suggests how parents teachers and ministry leaders can more effectively relate to and work with children and pre adolescents to nurture their faith offering a helpful picture of adults and children on the spiritual journey together Different Visions of Love Brian Griffith, 2008 Griffiths narrative moves like a searchlight over each phase of church history illuminating the visions options and choices behind events He traces the rise of a dominator version of Christianity in which the primary concern was a chain of command to be followed with rewards or punishments according to the degree of obedience And beside this he illuminates another face of Christianity concerned with healing all divisions

between loved and unloved people The story Griffith presents is often deeply disturbing as in his unstinting accounts concerning the gospel for women or the age of holy wars and witch hunts But ultimately his story offers solid grounds for optimism He shows that all contention between different religious visions can be a process of building partnership As Griffith points out Jesus himself wished to debate his opponents openly not to silence or eliminate them He was not afraid of real encounter or the potential of creative conflict I want to congratulate Brian Griffith on this masterful controversial and highly readable account His book offers hope in a divided world where reaction against globalized godless corporate secularism meets with a war on religious fundamentalism I hope to see other writers do comparable work in highlighting the partnership and dominator visions within their religious traditions around the world Riane Eisler author of *The Chalice the Blade Sacred Pleasures* *Tomorrows Children* *The Power of Partnership* *The Real Wealth of Nations* I find it gives me an incredibly clarifying perspective on Christianity way beyond my previous understanding It should be read by everyone with an interest in Western Civilization It is a marvelous companion to *The Great Turning* David Korten author of *The Great Turning From Empire to Earth Community*

Children Matter Scottie May, Beth Posterski, Catherine Stonehouse, 2005-08-31 Explores how the church can better minister to children inside and outside of the Christian education classroom Draws on the Bible psychology and the authors experience in various Protestant traditions

Growing Up Generous Eugene C. Roehlkepartain, Elanah Dalyah Naftali, Laura Musegades, 2000-11-01 This groundbreaking addition to Alban s acclaimed *Money Faith and Lifestyle Series* creates a mosaic of what is happening and could happen in American Jewish and Christian congregations to cultivate in young people a deep and lasting commitment to giving and serving

Warren,John S. Knox,2020-02-14 Often a disconnect exists between the way pastors children s ministry volunteers and churches describe the health and impact of children s ministry volunteers and the overall functioning of an ongoing children s ministry The volunteer dysfunction that is evident in many churches goes beyond the building scenario or the current strategy that leadership is pursuing If one asks

the pastor of just about any local church how the children's ministry is going most pastors will respond positively However if speaking with a children's ministry volunteer one is likely to hear I am burned out but I feel obligated to serve here because we have such a shortage of volunteers and I do love these kids Too often there is no program in place to monitor the health of the ministry Official training is lacking church vision is blurred and many children's ministry volunteers feel like they are nothing more than large group unpaid babysitters This book analyzes these problems and provides pragmatic systematic steps to a healthier more robust children's ministry
