Nuts The Battle Of The Bulge The Story And Photographs:

Nuts! the Battle of the Bulge Donald M. Goldstein, Katherine V. Dillon, J. Michael Wenger, 1994 The Battle of the Bulge Hitler's bold attempt to split the Allies at the end of 1944 is one of World War II's best known battles Here is an illustrated history of that great and bitter battle in which the German request to surrender was met with the emphatic refusal Nuts ultimately leading to the repelling of the German advance 400 photographs The Pacific War Papers Donald M. Goldstein, 2014-05-27 The Pacific War Papers is an annotated collection of extremely rare Japanese primary source documents translated into English that provides an invaluable resource for historians and students of World War II These naval and diplomatic documents come from the collection of the late Gordon Prange the eminent scholar of Pearl Harbor who obtained them from Japanese naval leaders while working for the Military History Section of the American forces that occupied Japan Donald M Goldstein and Katherine V Dillon have assembled this collection so that these important documents are not lost to history The editors also provide expert commentary to introduce and explain the importance of the materials This book forms the companion volume to *The Pearl Harbor Papers Inside the Japanese Plans* Brassey's Inc 1993 which Goldstein and Dillon also edited Most of the documents published here are not available anywhere else with many translated for the first time This edited collection covers three main topics the Japanese navy before World War II prewar diplomacy and politics and Japanese naval operations and policy during the war The documents include diary extracts and candid short monographs written by high ranking Japanese officers immediately after the war They shed new light on the vast naval buildup before the war the development of the navy's operational concepts for war with the United States the organization and tactics of aircraft carrier forces and the failure of Japanese submarine operations No World War II library will be complete without this important volume Publications Combined: The Battle Of The Bulge - Key Writings Of The Ardennes, Rhine And Bastogne, 2019-12-18 Well over 2 000 total pages INTRODUCTION The Germans called it the Operation Watch on the Rhine The French named it the Battle of the Ardennes And the Western Allies termed it the Ardennes Counteroffensive But because of the way the map of Western Europe looked at the height of the battle it became known to history as the Battle of the Bulge It was the winter of 1944 1945 months before the war in Europe would end Despite the protestations of his generals Adolf Hitler decided on one final attempt to turn World War II in favor of his German Third Reich For this he ordered resources diverted from other battle fronts including his losing campaign against the Russians in the east The Allies were caught off guard as Hitler had hoped Thousands of U S troops were surrounded at one point In the end the Allies committed enough troops that the tired ill equipped German army was overwhelmed Indeed the Battle of the Bulge was an important turning point in the war in the Allies favor but it was not without its cost The Battle of the Bulge is considered one of the bloodiest battles of World War II CONTENTS 1 Introduction The Battle of the Bulge Loomed Large 70 Winters Ago 2 BATTLE OF THE BULGE THE ARDENNES CAMPAIGN A Working Bibliography of MHI Sources 3 The U S Army in World
