Polymaking And Democracy A Multinational Anthology:

Polymaking and Democracy Stuart S. Nagel,2003-01-01 Polymaking and Democracy is the first volume of a three volume set that examines the multi dimensional role of policy in the development and promotion of democracy prosperity and peace The democracy volume brings together international contributions on the policy challenges faced by national and multinational bodies to promote a democratic political culture and encourage the growth and development of civil society The work includes chapters on integration and representation within the European Union the expanding role of NGOs and IGOs international parliamentary organs the future of the nation state in a pluralistic world and the mportance of global consensus building Equity in the Workplace Heidi Gottfried,Laura Reese,2008-01-01 This edited collection assembles

cutting edge comparative policy research on contemporary policies relevant to gender Contributors analyze gender related employment policies including parental leave maternity programs sexual harassment work life balance and gender mainstreaming Equity in the Workplace thoroughly illustrates how the juxtaposition of a variety of research methodologies focused on a common theme can lead to a richer multilayered understanding of a complex issue **Foreign Policy Toward**

Cuba Michele Zebich-Knos,Heather Nora Nicol,2005-01-01 Foreign Policy Toward Cuba is a timely exploration of the ways in which Cuba is understood in the Western Hemisphere The book examines the depth of disagreement between different foreign policy making communities and the potential impacts of diverse national approaches not just for Cuba but for the whole Carribbean region Higher Education and Equality of Opportunity Fred A. Lazin,N. Jayaram,Matt Evans,2012-07-10

The movement to broaden access to public universities the dominant strategy during the 1970s and 1980s has largely shifted to enable the marketplace rather than the government to shape the contours of higher education Government funding is being reduced affirmative action and other programs designed to insure broader access are in decline and personal fulfillment is replacing a public good designed to insure greater equality of opportunities This book explores the impact of diminishing government resources and expanding market forces in developing and developed countries to either foster or lessen equality of opportunities in higher education for different racial ethnic religious and gender groupings What are the consequences of a market driven higher education for student access teaching and scholarship Through case studies this book explores issues such as access of minority groups within the larger societies the place of foreign students in a national system and access for students with mental health difficulties and evaluates the success of funding schemes designed to expand opportunities and access The research provides an interesting contrast of the diversity and uniqueness of higher education in the United States France Australia India Israel South Korea The Netherlands Ghana and several other countries while at the same time revealing surprising commonalities These studies reveal world wide trends in higher education including a cutback in government financing a decline in access and a receding of affirmative action This book is an important addition to the literature on higher education during the age of globalization and the decline of government

funding of higher education The studies provide important data about the current situation in higher education in countries around the world *The Politics of Biotechnology in North America and Europe* Éric Montpetit, Frédéric Varone, Christine Rothmayr, 2006-12-19 Biotechnology is one of the most important new issues to emerge in the knowledge economy The Politics of Biotechnology in North America and Europe provides analysts with a perspective on policy making in scientifically advanced countries that integrate the insights of several approaches and that display a particular sensitivity to the complexity of policy making conjectures This perspective allows going beyond the simplistic understandings of biotechnology policy currently prevailing This volume provides a rigorous analysis and detailed information on biotechnology policy in nine countries The essays included here present the results of in depth empirical research in the area of biomedicine and agro food biotechnology The book is therefore not only of interest to policy makers and policy analysts but also to anyone with an interest in biotechnology Beyond Realism Rekha Datta, 2010-04-20 Focusing on India and Pakistan this book adopts an innovative combination of realist analysis with a human security approach It will be a valuable resource for a wide variety of scholars practitioners and analysts who focus on policy analysis in South Asia Graduate students and advanced undergraduates studying comparative politics and human security issues in South Asia will find useful perspectives in the volume s fresh focus on including human security as a policy priority

The Struggle for Soviet Jewry in American Politics Fred A. Lazin, 2005-04-19 Until 1989 most Soviet Jews wanting to immigrate to the United States left on visas for Israel via Vienna In Vienna with the assistance of American aid organizations thousands of Soviet Jews transferred to Rome and applied for refugee entry into the United States The Struggle for Soviet Jewry in American Politics examines the conflict between the Israeli government and the organized American Jewish community over the final destination of Soviet Jewish migrants between 1967 and 1989 A generation after the Holocaust a battle surrounded the thousands of Soviet Jewish migrants fleeing persecution by choosing to resettle in the United States instead of Israel Exploring the changing ethnic identity and politics of the United States Fred A Lazin engages history ethical dilemma and diplomacy to uncover the events surrounding this conflict This book is essential reading for students and scholars of public policy immigration studies and Jewish history

Afghanistan, Iraq and Post-conflict Governance A. Imtiaz Hussain, 2010-01-01 A comparative study is made of how conflict terminating negotiations led to maiden democratic elections in Afghanistan and Iraq pointing various thresholds out through specific chapters invoking negotiations theories stages to deepen interpretations and prospecting the Bush Doctrine s future mileage in democratizing the Middle East *Innovation and Entrepreneurship in State and Local Government* Michael Harris, Rhonda Kinney, 2004-01-01 Americans today recognize and celebrate leadership genius in the management of private companies At the same time the American public remains deeply skeptical of government s ability to address real economic and social challenges The contributors to this timely and important volume increase our understanding of the potential incentives for and barriers to creative problem solving in the public sector Drawing on case studies of state and

local government as well as theoretical literature on private sector management these scholars reveal both the problems and the possibilities in governmental decision making Cities, Networks, and Global Environmental Governance Sofie Bouteligier, 2013 As a result of global dynamics the increasing interconnection of people and places innovations in global environmental governance have altered the role of cities in shaping the future of the planet This book is a timely study of the importance of these social transformations in our increasingly global and increasingly urban world Through analysis of transnational municipal networks such as Metropolis and the C40 Cities Climate Leadership Group Sofie Bouteligier's innovative study examines theories of the network society and global cities from a global ecology perspective Through direct observation and interviews and using two types of city networks that have been treated separately in the literature she discovers the structure and logic pertaining to office networks of environmental non governmental organizations and environmental consultancy firms In doing so she incisively demonstrates the ways in which cities fulfill the role of strategic sites of global environmental governance concentrating knowledge infrastructure and institutions vital to the function of transnational actors

Crises in European Integration Ludger Kühnhardt, 2011-01-15 While the major trends in European integration have been well researched and constitute key elements of narratives about its value and purpose the crises of integration and their effects have not yet attracted sufficient attention This volume with original contributions by leading German scholars suggests that crises of integration should be seen as engines of progress throughout the history of European integration rather than as expressions of failure and regression a widely held assumption It therefore throws new light on the current crises in European integration and provides a fascinating panorama of how challenges and responses were guiding the process during its first five decades

Social Democracy After the Cold War Ingo Schmidt, Bryan Evans, 2012 Despite the market triumphalism that greeted the end of the Cold War the collapse of the Soviet empire seemed initially to herald new possibilities for social democracy In the 1990s with a new era of peace and economic prosperity apparently imminent people discontented with the realities of global capitalism swept social democrats into power in many Western countries The resurgence was however brief Neither the recurring economic crises of the 2000s nor the ongoing War on Terror was conducive to social democracy which soon gave way to a prolonged decline in countries where social democrats had once held power Arguing that neither globalization nor demographic change was key to the failure of social democracy the contributors to this volume analyze the rise and decline of Third Way social democracy and seek to lay the groundwork for the reformulation of progressive class politics Offering a comparative look at social democratic experience since the Cold War the volume examines countries where social democracy has long been an influential political force Sweden Germany Britain and Australia while also considering the history of Canada's NDP and the emergence of New Left parties in Germany and the province of Quebec The case studies point to a social democracy that has confirmed its rupture with the postwar order and its role as the primary political representative of working class interests Once marked by redistributive and

egalitarian policy perspectives socialdemocracy has the book argues assumed a new role that of amodernizing force advancing the neoliberal cause **The Global Environment and World Politics** Elizabeth R. DeSombre,2007-06-01

Environmental issues are increasingly important factors in world politics just think of the intense speculation over the climate change discussions at the forthcoming G8 summit The study of global environmental politics draws on a variety of academic traditions It uses international relations theory to look at the concerns and actions of states but has also had to find a variety of new concepts and perspectives in order to explain issues unique to the study of the environment Here DeSombre examines four important aspects of the field international environmental cooperation the relationship between the environment and security the issues of science uncertainty and risk and the role of non state actors In the second half of the book she examines these issues through the use of case studies on specific problems facing the global environment including global change the politics of whaling the protection of Amazonian biodiversity and acid rain in Europe and North America

Global Democracy, Social Movements, And Feminism Catherine Eschle,2018-03-08 In *Global Democracy Social Movements and Feminism* Catherine Eschle examines the relationship between social movements and democracy in social and political thought in the context of debates about the exclusions and mobilizations generated by gender hierarchies and the impact of globalization Eschle considers a range of approaches in social and political thought from long standing liberal republican Marxist and anarchist traditions through post Marxist and post modernist innovations and recent efforts to theorize democracy and social movements at a global level The author turns to feminist theory and movement practices and particularly to black and third world feminist interventions in debates about the democratization of feminism itself Eschle discusses the ways in which such debates are increasingly played out on a global scale as feminists grapple with the implication of globalization for movement organization The author then concludes with a discussion of the relevance of these feminist debates for the theorization of democracy more generally in an era of global transformation *The Political*

Economy of EU Ties with Iraq and Iran Amir M. Kamel,2016-01-26 This book analyzes the failure of the EU s peace through trade policy in Iraq and Iran between 1979 and 2009 from a theoretical and empirical perspective The author adds to the trade peace theory debate and provides evidence supporting the need to review the EU s peace through trade policy towards Iraq and Iran and in general *The Review of Policy Research* ,2002 Some vols include special issues *Public Policy in*

Israel Dani Korn,2005-01-01 In a nation that lacks consensus on the very nature of the state and where policy making is heavily controlled by partisan politics improved policy implementation capabilities are crucial for the very survival of Israeli society *Public Policy in Israel* presents a framework for understanding this country s fractured decision making process and a blueprint for the radical reform of its policy making system *Exporting Democracy* Peter J. Schraeder,2002 In recent years debates within academic and policymaking circles have gradually shifted from a Cold War focus on whether democracy constitutes the best form of governance to the question of whether and to what degree international actors should be actively

involved in democracy promotion This book offers the first comprehensive analysis of international efforts to promote democracy during the post World War II period with an emphasis on developments since 1989 The authors assess the efforts of major industrialized democracies multilateral actors and NGOs They find that the success of these endeavors is constrained by several realities ranging from the often significant gap between the rhetoric and the reality of actual policies to the dilemma that occurs when the goal of democracy clashes with other foreign policy interests The first comprehensive analysis of international efforts to promote democracy during the post World War II period with an emphasis on developments since 1989 **Analyzing National and International Policy** Laure Paquette, 2003 Going beyond the traditional analysis of how states use policy Paquette examines through the use of four case studies the prevalence of national values at every stage of the policy decision making process Politics, Institutions, and Fiscal Policy Louis M. Imbeau, François Pétry, 2004-01-01 Why in the last decades of the twentieth century did industrialized nations witness recurring vast public deficits even in times of peaceful international relations and economic growth The essays in Politics Institutions and Fiscal Policy chart answers sought by economists political scientists and government officials This groundbreaking book looks at states within five industrialized federations Canadian provinces Swiss cantons Belgian regions German Länder and American states as case studies of variation in budget balances since 1980 The work's conclusion compares deficit levels between the federations studied Politics Institutions and Fiscal Policy sheds new light on the role of such factors as spending and taxation levels and electoral and partisan cycles within the budget balancing process Neatly written and theoretically grounded this volume contributes greatly to our understanding of public finance and public administration
