# Politics And Society In The South

**B. Ramesh Babu**

## **Politics And Society In The South:**

**Politics and Society in the South** Earl Black, Merle Black, 1987 This book is a systematic interpretation of the most important national and state tendencies in southern politics since 1920 The authors contend that notable improvements in race relations aside the central tendencies in southern politics are primarily established by the values beliefs and objectives of the expanding white urban middle class

**Politics, Society, and the Klan in Alabama, 1915-1949** Glenn Feldman, 1999-09-24 This first book length examination of the Klan in Alabama represents exhaustive research that challenges traditional interpretations The Ku Klux Klan has wielded considerable power both as a terrorist group and as a political force Usually viewed as appearing in distinct incarnations the Klans of the 20th century are now shown by Glenn Feldman to have a greater degree of continuity than has been previously suspected Victims of Klan terrorism continued to be aliens foreigners or outsiders in Alabama the freed slave during Reconstruction the 1920s Catholic or Jew the 1930s labor organizer or Communist and the returning black veteran of World War II were all considered a threat to the dominant white culture Feldman offers new insights into this qualified continuity among Klans of different eras showing that the group remained active during the 1930s and 1940s when it was presumed dormant with elements of the Reconstruction syndrome carrying over to the smaller Klan of the civil rights era In addition Feldman takes a critical look at opposition to Klan activities by southern elites He particularly shows how opponents during the Great Depression and war years saw the Klan as an impediment to attracting outside capital and federal relief or as a magnet for federal action that would jeopardize traditional forms of racial and social control Other critics voiced concerns about negative national publicity and others deplored the violence and terrorism This in depth examination of the Klan in a single state which features rare photographs provides a means of understanding the order s development throughout the South Feldman s book represents definitive research into the history of the Klan and makes a major contribution to our understanding of both that organization and the history of Alabama

*Politics and Religion in the White South* Glenn Feldman, 2005-09-30 Politics while always an integral part of the daily life in the South took on a new level of importance after the Civil War Today political strategists view the South as an essential region to cultivate if political hopefuls are to have a chance of winning elections at the national level Although operating within the context of a secular government American politics is decidedly marked by a Christian influence In the mostly Protestant South religion and politics have long been nearly inextricable *Politics and Religion in the White South* skillfully examines the powerful role that religious considerations and influence have played in American political discourse This collection of thirteen essays from prominent historians and political scientists explores the intersection in the South of religion politics race relations and southern culture from post Civil War America to the present when the Religious Right has exercised a profound impact on the course of politics in the region as well as the nation The authors examine issues such as religious attitudes about race on the Jim Crow South Billy Graham s influence on the civil

rights movement political activism and the Southern Baptist Convention and Dorothy Tilly a white Methodist woman and her contributions as a civil rights reformer during the 1940s and 1950s The volume also considers the issue of whether southerners felt it was their sacred duty to prevent American society from moving away from its Christian origins toward a new secular identity and how this perceived God given responsibility was reflected in the work of southern political and church leaders By analyzing the vital relationship between religion and politics in the region where their connection is strongest and most evident *Politics and Religion in the White South* offers insight into the conservatism of the South and the role that religion has played in maintaining its social and cultural traditionalism

**The Politics of Hope** Arthur Schlesinger, 2008 *The Politics of Hope and The Bitter Heritage* brings together two important books that bracket the tempestuous politics of 1960s America In *The Politics of Hope* which historian Arthur Schlesinger Jr published in 1963 while serving as a special assistant to President Kennedy Schlesinger defines the liberalism that characterized the Kennedy administration and the optimistic early Sixties In lively and incisive essays most of them written between 1956 and 1960 on topics such as the basic differences underlying liberal and conservative politics the writing of history and the experience of Communist countries Schlesinger emphasizes the liberal thinker s responsibility to abide by goals rather than dogma to learn from history and to look to the future Four years later following Kennedy s assassination and the escalation of America s involvement in Vietnam Schlesinger s tone changes In *The Bitter Heritage* a brief but penetrating appraisal of the war that nobody wanted he recounts America s entry into Vietnam the history of the war and its policy implications *The Bitter Heritage* concludes with an eloquent and sobering assessment of the war s threat to American democracy and a reflection on the lessons or legacies of the Vietnam conflict With a new foreword by Sean Wilentz the James Madison Library edition of *The Politics of Hope and The Bitter Heritage* situates liberalism in the convulsive 1960s and illuminates the challenges that still face liberalism today

**Studies in Southern History and Politics**, 1914 *Caste and Class Ideology in Contemporary India* Vikramendra Kumar, 2025-03-02 This volume explores contemporary caste dynamics in India combining theoretical insights with rich empirical evidence It offers an insightful examination of how caste practices particularly concerning marginalized communities or Dalits have transformed over the years The book delves into the persistent yet evolving nature of caste hierarchies highlighting both progress and ongoing challenges these communities face in their quest for autonomy and dignity It examines how Dalits navigate social power imbalances face social boycotts and violent resistance despite breaking free from traditional dependency It provides a nuanced account of the intersection between religion and caste exploring movements like Ad Dharm and the establishment of community centers for worship and social activities The volume also sheds light on the shifting political landscape discussing the rise of backward castes and the increasing assertion of Dalit identity By drawing parallels between caste and race ethnicity studies it delves into how caste identities continue to perpetuate economic and social inequalities This book is a crucial resource for scholars students and anyone interested in

understanding the complexities of caste and class in modern India Italian Politics & Society, 2004 *The South in World Politics* C. Alden, S. Morphet, M. Vieira, 2010-01-20 *The South in World Politics* is a timely analysis of the influence and effectiveness of developing states in shaping the international order from the politics of the Cold War and North South confrontation to the contemporary challenges of globalization and the rising power of emerging economies **Politics, Kingship, and Poetry in Medieval South India** Whitney Cox, 2016-10-27 In this compelling new study Whitney Cox presents a fundamental re imagining of the politics of pre modern India through the reinterpretation of the contested accession of Kulottunga I r 1070 1120 as the ruler of the imperial Chola dynasty By focusing on this complex event and its ramifications over time Cox traces far reaching transformations throughout the kingdom and beyond Through a methodologically innovative combination of history theory and the close reading of a rich series of Sanskrit and Tamil textual sources Cox reconstructs the nature of political society in medieval India A major intervention in the fields of South Asian social political and cultural history religion and comparative political thought this book poses fresh comparative and conceptual questions about politics history agency and representation in the pre modern world **Southern Europe in The Covid-19 Pandemic** Juan Rodríguez-Teruel, José Real-Dato, Susannah Verney, 2024-11-08 This book investigates the fast learning experience of Covid 19 s initial onset in a region long renowned for low state capacity political polarisation and weak health systems Covid 19 a global health emergency entailing a major existential threat presented a crucial challenge for national governments and political systems It elicited drastic policy measures including unprecedented lockdowns The question of how and why some states acted more effectively in facing this emergency situation has important implications for future crisis management The outcomes varied greatly across countries ranging from examples for emulation to dire portents of the consequences of losing control Case studies of Italy Greece Spain Portugal and Turkey examine crisis preparedness policy response political dynamics and societal reception A comparative overview chapter offers potential explanations for the divergence in national performance This volume will be of great use to students and researchers across the fields of European studies political leadership public policy governance and public health The chapters in this book were originally published as a special issue of *South European Society and Politics* **Contemporary American Politics and Society: Perspectives from India** B. Ramesh Babu, 1972 **The South and the Politics of Slavery, 1828-1856** William J. Cooper, Jr., 1980-06-01 The politics of slavery consumed the political world of the antebellum South Although local economic ethnic and religious issues tended to dominate northern antebellum politics *The South and the Politics of Slavery* convincingly argues that national and slavery related issues were the overriding concerns of southern politics during these years Accordingly southern voters saw their parties both Democratic and Whig as the advocates and guardians of southern rights in the nation William Cooper traces and analyzes the history of southern politics from the formation of the Democratic party in the late 1820s to the demise of the Democratic Whig struggle in the 1850s reporting on attitudes and reactions in

each of the eleven states that were to form the Confederacy Focusing on southern politicians and parties Cooper emphasizes their relationship with each other with their northern counterparts and with southern voters and he explores the connections between the values of southern white society and its parties and politicians Based on extensive research in regional political manuscripts and newspapers this study will be valuable to all historians of the period for the information and insight it provides on the role of the South in politics of the nation during the lifespan of the Jacksonian party system

**Democratization and Competitive Authoritarianism in Africa** Matthijs Bogaards, Sebastian Elischer, 2016-02-26 The special issue revisits Levitsky and Way's seminal study on Competitive Authoritarianism 2010 The contributions by North American European and African scholars deepen our understanding of the emergence trajectories and outcomes of hybrid regimes across the African continent

**The London Review of Politics, Society, Literature, Art, & Science**, 1863  
Caste, Society and Politics in India from the Eighteenth Century to the Modern Age Susan Bayly, 2001-02-22 The phenomenon of caste has probably aroused more controversy than any other aspect of Indian life and thought Susan Bayly's cogent and sophisticated analysis explores the emergence of the ideas experiences and practices which gave rise to the so called caste society from the pre colonial period to the end of the twentieth century Using an historical and anthropological approach she frames her analysis within the context of India's dynamic economic and social order interpreting caste not as an essence of Indian culture and civilization but rather as a contingent and variable response to the changes that occurred in the subcontinent's political landscape through the colonial conquest The idea of caste in relation to Western and Indian orientalist thought is also explored

**The Saturday Review of Politics, Literature, Science, Art, and Finance**, 1916  
**The Iowa Journal of History and Politics**, 1913  
**Transforming East Asian Domestic and International Politics: The Impact of Economy and Globalization** Robert Compton, 2018-02-05 This title was first published in 2002 This text attempts to bridge the gap between international relations and comparative politics with particular reference to East Asia The book begins with an exploration of the theme of globalization and the impact it has on the conduct of international relations and the process of domestic politics It discusses the fact that domestic actors are unable to assume an insular political environment as previously referring to the constant reception of stimuli which force adjustments to approaches in the conduct of domestic and international affairs Globalization's ubiquitous presence reflects a changed reality for both state and non state actors no policy maker can afford to ignore or underemphasize its role in shaping or altering the course of public

*Understanding Fifty Years of Bangladesh Politics* Harun- Or-Rashid, 2024-03-13 This book studies the first 50 years of Bangladesh politics since independence It looks at Bangladesh politics as a unique case for study to analyze and understand the role of institutions political parties the election commission election time government judiciary the media etc The volume cross examines the 1971 War of Liberation and the brutal killing of the republic's founding father in 1975 as the two great divides that crystallized in the political arena between the Awami League on the one side and the BNP and

Jamaat e Islami on the other Through deep dives on major historical events and key political developments that have since shaped Bangladesh's entire society and politics it then delves into topics including the parliament electoral integrity civil society and politics as they take on a confrontational course An incisive study on major struggles achievements and challenges faced by Bangladesh in the 20th century this volume will be of great interest to scholars and researchers in political science democracy modern history and South Asia studies      **Accountability Politics** Jonathan Fox, 2007-12-13 How can the seeds of accountability ever grow in authoritarian environments This book explores the how civil society thickens by comparing two decades of rural citizens struggles to hold the Mexican state accountable exploring both change and continuity before during and after national electoral turning points
