Prime Time For Families:

Prime-Time Families Ella Taylor, 1989 *Prime Time Families* provides a wide ranging new look at television entertainment in the past four decades Working within the interdisciplinary framework of cultural studies Ella Taylor analyzes television as a constellation of social practices Part popular culture analysis part sociology and part American history *Prime Time Families* is a rich and insightful work the sheds light on the way television shapes our lives *Prime-Time Families* Ella

Taylor, 1989-09-14 *Prime Time Families* provides a wide ranging new look at television entertainment in the past four decades Working within the interdisciplinary framework of cultural studies Ella Taylor analyzes television as a constellation of social practices Part popular culture analysis part sociology and part American history *Prime Time Families* is a rich and insightful work the sheds light on the way television shapes our lives *Television and the American Family* Jennings Bryant, J. Alison Bryant, 2001 This second edition of a trend setting volume provides an updated examination of the interaction between families and the most pervasive mass medium television Charting the dynamic developments of the American family and television over the past decade this volume provides a comprehensive representation of programmatic research into family and television and examines extensively the uses families make of television how extensions of television affect usage families evolving attitudes toward television the ways families have been and are portrayed on television the effects television has on families and the ways in which families can mediate its impact on their lives The volume is an invaluable resource for scholars and students in the areas of media and society children and media and family studies **Humanities**, 2000

Crash Course in Family Literacy Programs Rosemary Chance, Laura Sheneman, 2012-03-08 This book collects the research on literacy information regarding the importance of reading to children sources of funding and places to find information about literacy programs in the 50 states all in a single volume Family literacy programs can be remarkably effective in helping families who struggle in various areas of literacy or supporting their children s academic needs *Crash Course in Family Literacy Programs* provides an introduction and an overview of this critical subject defining what literacy family literacy and family literacy events are and covering critical topics such as sources of funding conclusions of recent research and bilingual family literacy The first half of the book is focused on laying out background information about family literacy while the remainder provides practical how to information for public and school libraries to develop their own family literacy programming The book shows perspectives of public librarians school principals children s book store owners and school personnel who have successfully implemented a family literacy program Planning sheets and lesson templates are included making it easy to develop a family literacy program *Television Families* William Douglas, 2003-02-26 This volume examines the analysis that was designed to map the development of the television family and assess its current state and at the same time to provide insight into the tangled relationships between fictional and real family life In order to do this the investigation examines the evolution of the American family paying special attention to the postwar family which is not only

used recurrently as a benchmark for assessing the performance of modern families but also constituted television's first generation of families. The investigation also traces the evolution of the popular family in vaudeville comics and radio. However, the primary focus of the examination is the development of the television family from families such as the Nelsons, Andersons, and Cleavers to more contemporary families such as the Huxtables, Conners, and Taylors. The unit of analysis for the investigation is the relationship rather than the individual. Hence, the book deals with the portrayal of spousal, parent-child, and sibling relationships and how those portrayals differ across time and across groups defined by ethnicity, gender, and age. Moreover, the relational analysis is expansive so that television family relationships are examined in regard to power and affect, performance and satisfaction, and stability. *Television Families* provides a thorough summary and critical review of extant research designed to promote informed classroom discussion. At the same time, it advances a number of hypotheses and recommendations and, as such, is intended to influence subsequent theory and research in the area. The book is intended for senior undergraduate students, graduate students, and television and family researchers. *Reality TV* Susan Murray, Laurie Ouellette, 2004-04-01. Survivor, The Bachelor, Extreme Makeover, Big Brother, Joe Millionaire, American Idol, The Osbournes. It is virtually impossible to turn on a television without coming across some sort of reality programming. Yet while this genre has rapidly moved from the fringes of television culture to its lucrative core, critical attention has not kept pace. Beginning by unearthing its historical roots in early reality shows like *Candid Camera* and wending its way through *An American Family*, *Cops*, and *The Real World* to the most recent crop of reality programs, *Reality TV* is the first book to address the economic, visual, cultural, and audience dimensions of reality television. The essays provide a complex and comprehensive picture of how and why this genre emerged, what it means, how it differs from earlier television programming, and how it engages societies, industries, and individuals. Topics range from the construction of televisual reality to the changing face of criminal violence on TV, to issues of surveillance, taste, and social control. By spanning reality television's origins in the late 1940s to its current overwhelming popularity, *Reality TV* demonstrates both the tenacity of the format and its enduring ability to speak to our changing political and social desires and anxieties. Contributors include Nick Couldry, Mary Beth Haralovich, John Hartley, Chuck Kleinhans, Derek Kompare, Jon Kraszewski, Kathleen LeBesco, Justin Lewis, Ted Magder, Jennifer Maher, Anna McCarthy, Rick Morris, Chad Raphael, Elayne Rapping, Jeffrey Sconce, Michael W. Trosset, Pamela Wilson. *Gender and Families* Scott Coltrane, Michele Adams, 2008-05-21. When we talk about family values like whether children need two parents, we are also talking about gender values because a yes answer to this question might imply that only women with husbands should have children. In the same way, when we talk about gender issues such as whether men should be paid higher wages than women, we are also talking about family issues because a yes answer suggests that husbands should be the family breadwinner. In this updated second edition of *Gender and Families*, Coltrane and Adams continue to demystify the complexities and connections between gender and family in contemporary culture with discussions of race, ethnicity, and

social class *Media, Children, and the Family* Dolf Zillmann, Jennings Bryant, Aletha C. Huston, 2013-11-05 This book brings together a group of scholars to share findings and insights on the effects of media on children and family Their contributions reflect not only widely divergent political orientations and value systems but also three distinct domains of inquiry into human motivation and behavior social scientific psychodynamic or psychoanalytical and clinical practice Each of these three domains is privy to important evidence and insights that need to transcend epistemological and methodological boundaries if understanding of the subject is to improve dramatically In keeping with this notion the editors asked the authors to go beyond a summary of findings and lend additional distinction to the book by applying the binoculars of their particular perspective and offering suggestions as to the implications of their findings One of the goals of the conference that resulted in this book was consensus building in the area of media and family From examining the findings and insights of a diverse group of scholars it seems that consensus building in several areas is a distinct possibility Addressing the concerns of educators about the influence of the mass media of communication entertainment programs in particular on children and the welfare of the nuclear family this volume projects directions for superior programming especially for educational television The influence of sex and violence on children and adults is given much attention and the development of moral judgment and sexual expectations among other things is explored The critical analysis of media effects includes examination of positive contributions of the media such as the search for missing children and exemplary educational programs *The Social History of the American Family* Marilyn J. Coleman, Lawrence H. Ganong, 2014-09-02 The American family has come a long way from the days of the idealized family portrayed in iconic television shows of the 1950s and 1960s The four volumes of *The Social History of the American Family* explore the vital role of the family as the fundamental social unit across the span of American history Experiences of family life shape so much of an individual's development and identity yet the patterns of family structure family life and family transition vary across time space and socioeconomic contexts Both the definition of who or what counts as family and representations of the ideal family have changed over time to reflect changing mores changing living standards and lifestyles and increased levels of social heterogeneity Available in both digital and print formats this carefully balanced academic work chronicles the social cultural economic and political aspects of American families from the colonial period to the present Key themes include families and culture including mass media families and religion families and the economy families and social issues families and social stratification and conflict family structures including marriage and divorce gender roles parenting and children and mixed and non modal family forms and family law and policy Features Approximately 600 articles richly illustrated with historical photographs and color photos in the digital edition provide historical context for students A collection of primary source documents demonstrate themes across time The signed articles with cross references and Further Readings are accompanied by a Reader's Guide Chronology of American Families Resource Guide Glossary and thorough index *The Social History of the American Family* is an ideal reference for

students and researchers who want to explore political and social debates about the importance of the family and its evolving constructions **Broken families** United States. Congress. Senate. Committee on Labor and Human Resources.

Subcommittee on Family and Human Services,1983 **Those Girls** Katherine J. Lehman,2011-09-27 Long before Carrie Bradshaw in *Sex and the City* there was Mary Richards in *The Mary Tyler Moore Show* Every week as Mary flung her beret into the air while the theme song proclaimed You re gonna make it after all it seemed that young independent women like herself had finally arrived But as Katherine Lehman reveals the struggle to create accurate portrayals of successful single women for American TV and cinema during the 1960s and 1970s wasn t as simple as the toss of a hat *Those Girls* is the first book to focus exclusively on struggles to define the single girl character in TV and film during a transformative period in American society Lehman has scoured a wide range of source materials unstudied film and television scripts magazines novels and advertisements to demonstrate how controversial female characters pitted fears of societal breakdown against the growing momentum of the women s rights movement Lehman s book focuses on the single girl an unmarried career woman in her 20s or 30s to show how this character type symbolized sweeping changes in women s roles Analyzing films and programs against broader conceptions of women s sexual and social roles she uncovers deep seated fears in a nation accustomed to depictions of single women yearning for matrimony Yet as television began to reflect public acceptance of career women series such as *Police Woman* and *Wonder Woman* proved that heroines could wield both strength and femininity while movies like *Looking for Mr Goodbar* cautioned viewers against carrying new found freedom too far Lehman takes us behind the scenes in Hollywood to show us the production decisions and censorship negotiations that shaped these characters before they even made it to the screen She includes often overlooked sources such as the TV series *Get Christie Love* and *Ebony* magazine to give us a richer understanding of how women of color negotiated urban singles life And she reveals how trailblazing characters continue to influence portrayals of single women in shows like *Mad Men* This entertaining and insightful study examines familiar characters caught between the competing fears and aspirations of a society rethinking its understanding of social and sexual mores *Those Girls* reassesses feminine genres that are often marginalized in media scholarship and contributes to a greater valuation of the unmarried independent woman in America

The Faces of Televisual Media Edward L. Palmer,Brian M. Young,2003-10-17 This collection offers original state of the art contributions from leading authorities in children s televisual media International researchers from communication and psychology provide readers with ready access to current televisual research trends and policymaking political climate issues pertaining to children This second edition provides a current summary of studies on content viewing patterns comprehension effects and individual differences in instructional and educational programming televisual entertainment and violence programming and televisual advertising to children Editors Edward L Palmer and Brian M Young have structured the volume into three sections examining the faces of television the Teaching instructional educational Face the Violent Face and the

Selling advertising Face Chapters within each section identify and focus recurrent themes while integrating them topically into a coherent whole Each area incorporates new technologies and considers their potentials effects and future Subjects featured in the various chapters include cross cultural and historical comparisons with an in depth perspective on the BBC and other European Asian televisual media roots as well as America s formative televisual media roots an examination of key differences between developed and developing countries implications of emerging instructional educational media for children s education addressing both cognitive and multi ethnic aspects and prominent informed challenge to the prevailing popular view that children are unaffected and unharmed by exposure to media violence This volume informs ongoing debates across a broad spectrum of current critical issues and suggests avenues for future research It is pertinent and provocative for the most sophisticated scholar in the field as well as for students in areas of developmental or social psychology communication education sociology marketing broadcasting and film public policy advertising and medicine pediatrics It is also appropriate for courses in children media and society

Bad Girls Go Everywhere Jennifer Scanlon,2010-08-31 The biography of the revolutionary magazine editor who created the Cosmo Girl before Sex and the City s Carrie Bradshaw was even born As the author of the iconic Sex and the Single Girl 1962 and the editor in chief of Cosmopolitan magazine for over three decades Helen Gurley Brown 1922 2012 changed how women thought about sex money and their bodies in a way that resonates in our culture today In Jennifer Scanlon s widely acclaimed biography the award winning scholar reveals Brown s incredible life story from her escape from her humble beginnings in the Ozarks to her eyebrow raising exploits as a young woman in New York City and her late blooming career as the world s first lipstick feminist A mesmerizing tribute to a legend *Bad Girls Go Everywhere* will appeal to everyone from Sex and the City and Mad Men fans to students of women s history and media studies

America's Favorite Radio Station Michael B. Kassel,1993-06-15 Discusses the creation production characters and the 90 episodes of the comedy program

Brave New Families Judith Stacey,1998-07-15 A study of how the traditional nuclear family has been supplanted by a variety of new relationships that are not defined by blood ties and traditional gender roles The text explores the boundaries of the American family and the relationship between family and work

Child and Adolescent Psychiatry and the Media Eugene V. Beresin,Cheryl K. Olson,2018-10-12 Get a quick expert overview of the increasingly important topic of technology and social media and its impact on children and adolescents This practical resource presents a focused summary of today s current knowledge on topics of interest to psychiatrists pediatricians and other health professionals working with children and adolescents It provides current relevant information on a wide variety of media related topics as they relate to child and adolescent health and mental illness making it a one stop resource for staying up to date in this critical area Discusses the effects of violent media the impact of reality TV on female body image bullying sexting and other negative impact of new apps sex in the media media outreach for child psychiatrists the use of telepsychiatry the role of media in the destigmatizing of mental illness media literacy for parents and media

portrayal of modern families Includes coverage of dystopian movies and YA novels media addiction the neuroscience of media the use of media by preschool and young children the use of media regarding minority populations and more Consolidates today s available information on this timely topic into one convenient resource **Groove Tube** Aniko

Bodroghkozy,2001-02-08 Television of the 60s and its attempts to deal with youth culture **Future Families** Ross D. Parke,2013-08-28 Future Families explores the variety of family forms which characterize our contemporary culture while addressing the implications of these increasingly diverse family units on child development Reveals the diversity of new family forms based on the most current research on fathers same gender parents new reproductive technologies and immigrant families Illustrates that children and adults can thrive in a variety of non traditional family forms Shows the interrelatedness of new trends in family organization through the common themes of embedded families and caregiving in community and cultural contexts Features an interdisciplinary approach drawing from works in areas that include child development family studies sociology cross cultural scholarship ethnic studies biology neuroscience anthropology and even architecture Sets an agenda for future research in the area of families by identifying important gaps in our knowledge about families and parenting [The Psychosocial Implications of Disney Movies](#) Lauren Dundes,2019-07-11 In this volume of 15 articles contributors from a wide range of disciplines present their analyses of Disney movies and Disney music which are mainstays of popular culture The power of the Disney brand has heightened the need for academics to question whether Disney s films and music function as a tool of the Western elite that shapes the views of those less empowered Given its global reach how the Walt Disney Company handles the role of race gender and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume On the other hand other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies The authors of the 15 articles encourage readers to engage with the material showcasing a variety of views about the good the bad and the best way forward
