**Volume 18, Tome II: Kierkegaard Secondary Literature** Jon Stewart, 2021-12-16 In recent years interest in the thought of Kierkegaard has grown dramatically and with it the body of secondary literature has expanded so quickly that it has become impossible for even the most conscientious scholar to keep pace The problem of the explosion of secondary literature is made more acute by the fact that much of what is written about Kierkegaard appears in languages that most Kierkegaard scholars do not know Kierkegaard has become a global phenomenon and new research traditions have emerged in different languages countries and regions The present volume is dedicated to trying to help to resolve these two problems in Kierkegaard studies Its purpose is first to provide book reviews of some of the leading monographic studies in the Kierkegaard secondary literature so as to assist the community of scholars to become familiar with the works that they have not read for themselves The aim is thus to offer students and scholars of Kierkegaard a comprehensive survey of works that have played a more or less significant role in the research Second the present volume also tries to make accessible many works in the Kierkegaard secondary literature that are written in different languages and thus to give a glimpse into various and lesser known research traditions The six tomes of the present volume present reviews of works written in Catalan Chinese Czech Danish Dutch English Finnish French Galician German Greek Hebrew Hungarian Italian Japanese Norwegian Polish Portuguese Romanian Russian Slovak Spanish and Swedish     **Catalogue of Title Entries of Books and Other Articles Entered in the Office of the Register of Copyrights, Library of Congress, at Washington, D.C.** Library of Congress. *Volume 19, Tome II: Kierkegaard Bibliography* Peter Šajda,Jon Stewart,2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies      **The Publishers' Circular and General Record of British and Foreign Literature** ,1848      Catalog of Copyright Entries Library of Congress.
