Quebec Depuis 193:

Catholic Origins of Quebec's Quiet Revolution, 1931-1970 Michael Gauvreau, 2005-11-14 The Catholic Origins of Quebec's Quiet Revolution challenges a version of history central to modern Quebec's understanding of itself that the Quiet Revolution began in the 1960s as a secular vision of state and society which rapidly displaced an obsolete clericalized Catholicism Michael Gauvreau argues that organizations such as Catholic youth movements played a central role in formulating the Catholic ideology underlying the Quiet Revolution and that ordinary Quebecers experienced the Quiet Revolution primarily through a series of transformations in the expression of their Catholic identity Providing a new understanding of Catholicism's place in twentieth century Quebec Gauvreau reveals that Catholicism was not only increasingly dominated by the priorities of laypeople but was also the central force in Quebec's cultural transformation He makes it clear that from the 1930s to the 1960s the Church espoused a particularly radical understanding of modernity especially in the areas of youth gender identities marriage and family *Le province de Quebec* André Beaulieu, W.F.E. Morley, Benoit Bernier, Agathe Garon, 1971-12-15 There is no doubt that local and regional history considered by many as a kind of minor historical study has a pressing need for a systematic inventory of its resources This collection shows the durability the vividness and the astonishing productivity of a sector of history which is the stronghold of the history lover rather than the professional historian The nature and content of each book determines its selection For each book included the compilers have weighed its contribution to local history and regional history rather than the style in which it is written narrative memoir descriptive study or novel It is this criterion of selection that has permitted the retention of several general histories of a varied nature Bouchette Charlevoix Nicholas Denys La Potherie Lescaurbot Hanotau Sulte etc where local and regional life takes on a major importance for reasons of order in history method or quite simply because local life is the principal object of the study itself The editors have also retained certain works those of George W Brown Arthur Buies George M Grant Blodwen Davies etc because they are primarily descriptive and contain numerous elements in which local history blends with the manners and customs of the inhabitants of certain regions This bibliography is designed primarily for historiographers who have until now paid little attention to local regional or parochial history It will also be invaluable for librarians who suffer from the numerous difficulties involved in the classification of such works Since 1950 all works published in Canada are by virtue of the book deposit law provided to the National Library of Canada and recorded in Canadiana **Quebec Since 1930** Paul-André Linteau, René Durocher, Jean-Claude Robert, François Ricard, 1991-01-01 List of Tables List of Maps List of Figures Preface PART 1 THE DEPRESSION AND THE WAR 1930 1945 Introduction Quebec in 1929 The Depression A Troubled Period The Second World War *Délibérations Et Mémoires de la Société Royale Du Canada* Royal Society of Canada, 1912 **The Rise of Ecclesiastical Control in Quebec** Walter Alexander Riddell, 1916 *Sessional Papers ...
