**The legacy of John Polidori** Sam George,Bill Hughes,2024-10-01 John Polidori s novella The Vampyre 1819 is perhaps the most influential horror story of all time Frayling Polidori s story transformed the shambling mindless monster of folklore into a sophisticated seductive aristocrat that stalked London society rather than being confined to the hinterlands of Eastern Europe Polidori s Lord Ruthven was thus the ancestor of the vampire as we know it This collection explores the genesis of Polidori s vampire It then tracks his bloodsucking progeny across the centuries and maps his disquieting legacy Texts discussed range from the Romantic period including the fascinating and little known The Black Vampyre 1819 through the melodramatic vampire theatricals in the 1820s to contemporary vampire film paranormal romance and science fiction The essays emphasise the background of colonial revolution and racial oppression in the early nineteenth century and the cultural shifts of postmodernity

**Of Sex and Faerie: Further Essays on Genre Fiction** John Lennard,2010-01-01 [Prince Lestat and the Realms of Atlantis](#) Anne Rice,2016-11-29 NATIONAL BESTSELLER In this ambitious rich vampire novel of vision and power the indomitable vampire hero Lestat de Lioncourt returns caught up in an urgent and fundamental quest to understand the origins of the Undead and the deeper meanings of existence for both mortals and immortals In my dreams I saw a city fall into the sea And all the world was shaken Now Lestat Prince of the vast tribe of the undead finds himself at war with a strange ancient otherworldly form that has somehow taken possession of his immortal body and spirit and it is through this perilous and profound struggle that we come to be told the hypnotic tale of a great sea power of ancient times a mysterious heaven on earth situated on a boundless continent in the Atlantic Ocean As we learn of the mighty resonant powers and perfections of this lost kingdom of Atalantaya the lost realms of Atlantis we come to understand how and why the vampire Lestat indeed all the vampires must reckon so many millennia later with the terrifying force of this ageless all powerful Atalantaya spirit An exhilarating novel that deepens Rice s vampire mythology as it brings together the ancient worlds and beings of the Vampire Chronicles and opens up to us a whole new universe of characters history storytelling and legend

**Economics of the Undead** Glen Whitman,James Dow,2014-07-17 Whether preparing us for economic recovery after the zombie apocalypse analyzing vampire investment strategies or illuminating the market forces that affect vampire human romances Economics of the Undead Zombies Vampires and the Dismal Science gives both seasoned economists and layman readers something to sink their teeth into Undead characters have terrified popular audiences for centuries but when analyzed closely their behaviors and stories however farfetched mirror our own in surprising ways The essays collected in this book are as humorous as they are thoughtful as culturally relevant as they are economically sound and provide an accessible link between a popular culture phenomenon and the key concepts necessary to building one s understanding of economic systems big and small It is the first book to apply and combine economics and our society s fascination with the undead and is an invaluable resource for those looking to learn economic fundamentals in a fun and innovative way

probably is to have a beer with him But he admitted that through his lyrics you can certainly maybe get an idea of what is going on with myself and that's why all fans of Bruce and Iron Maiden should read this book     The Horror Film Rick Worland,2024-09-16 A lively and reliable narrative account of the horror genre featuring new and revised material throughout The Horror Film An Introduction surveys the history development and social impact of the genre Covering American horror cinema from its earliest period to the present this reader friendly volume explores the many ways horror movies have been received by filmmakers critics and general audiences throughout the decades Concise easily accessible chapters describe historical instances of the genre's social reception based on primary research analyze landmark films such as Frankenstein Invasion of the Body Snatchers and The Texas Chain Saw Massacre and more Incorporating recent scholarship on the genre the second edition of The Horror Film contains new discussion and context for Hollywood horror films in the 1980s and 1990s as well as notable developments in the genre such as torture porn found footage horror remakes and reboots of past horror films zombies and the elevated horror debate This edition explores the rise of new filmmakers such as Ari Aster Robert Eggers and Jordan Peele surveys horror films made by women and African American filmmakers and investigates contemporary issues in the production and consumption of horror films Combining historical narrative with close readings of significant works The Horror Film Covers major works in the genre such as Cat People Halloween and Bram Stoker's Dracula Examines important antecedents including gothic literature and the Grand Guignol Theater Offers thorough analyses of the style context and themes of specific horror milestones Provides examples of close analysis that can be applied to a wide range of other horror films Discusses important representative titles across the genre's evolution including more recent films such as 2017's Get Out The Horror Film An Introduction Second Edition is an ideal textbook for undergraduate surveys of the horror genre and other courses in American film history and an invaluable resource for scholars lecturers and general readers with an interest in the subject     **Vampire Readings** Patricia Altner,1998-10-22 Vampire readings an annotated bibliography is a fresh up to date source book for the vampire enthusiast This book will guide the interested reader through the ranks of vampire literature with detailed entries covering novels anthologies young adult literature and nonfiction titles of interest Works by such authors as Anne Rice Tanya Huff Christopher Pike Tamith Lee Ron Dee Barbara Hambly Kim Newman and of course Bram Stoker are included along with author and title indexes for easy reference     The Vampire as Numinous Experience Beth E. McDonald,2004-07-16 The critical work examines the vampire as a spiritual figure whether literal or metaphorical analyzing how the use of the vampire in literature has served to convey both a human sense of alienation from the divine and a desire to overcome that alienation While expressing isolation the vampire also represents the transcendent agent through which individuals and societies must confront questions about innate good or evil and belief in the divine and the afterlife Textual experiences of the numinous in the form of the vampire propel the subject on a spiritual journey involving both psychological and religious qualities Through

Keller,2015-11-16 From the vampires Lestat and Louis to a sexually liberated Sleeping Beauty novelist Anne Rice has created a host of characters who are notable for their paradoxical combinations of the deviant and the conventional Exit to Eden for example ends with the sado masochistic protagonists embarking on a traditional monogamous heterosexual relationship while the vampires often long to exchange their erotic immortality for ordinary mortal lives and loves This scholarly analysis of the seemingly incompatible elements of the subversive and the socially acceptable in Rice s early work covers her career from the landmark Interview with the Vampire 1976 to Lasher 1993 Each chapter tackles a different aspect of Rice s conflicting portrayals of sexual issues including homophobia pedophilia castration anxiety and the vast array of gender stereotypes and roles that her novels so often interpret and exploit This study is appropriate both for readers of Rice s writing and those intrigued by issues of sexual politics and the ways in which a popular author both embraces and repudiates some of the most shocking concepts of sexuality An index and bibliography are included to aid research *The Ultimate Book of Movie Monsters* Christopher Carton,2022-07-20 Do you believe in monsters We dare you to take a look inside this cursed tome containing some of the most iconic and obscure monsters from the history of cinema Cower in fear of Count Dracula and his dreaded children of the night Abandon hope as the mightiest kaiju ever seen on film decimate all around them Pray that silhouette at the end of your bed is just a shadow and not the dreaded Babadook Spanning nearly a century of cinematic terrors The Ultimate Book of Movie Monsters showcases creatures from genres such as horror fantasy B movies and even musicals Along with legendary beasts like Frankenstein s monster Godzilla the Living Dead and the mostly friendly creatures of Monsters Inc you ll find film facts creature strengths and weaknesses and over 150 full color pictures of the monsters themselves From the era of stop motion beasties to the cinematic showdown of the century in Godzilla vs Kong film lovers and horror aficionados will find plenty to keep their lust for terror satiated But beware for the beasts that dwell within these forsaken pages may just keep you up all night You have been warned **Focus On: 100**
