Fisher,1985 The Queen Catherine Ryan,2018-01-16 Her Royal Highness Queen Elizabeth II has reigned for 64 years longer than any British monarch in history During that time the Queen has endured the ups and downs that long life will bring She was a beacon of hope during and after the Second World War in difficult times when the world faced a precarious future and she has served as a role model for generations of men and women who continue to be in awe of her commitment to service sacrifice and the Commonwealth of nations over which she rules The abdication of her uncle Edward VIII in 1936 turned her family s world upside down When her father was crowned King George VI Elizabeth was thrust into the eye of the storm as a future queen A shy and reserved child she grew into a wise and insightful monarch who has dealt ably with nine British Prime Ministers during her long reign from Winston Churchill to Theresa May It was of course not always straightforward and the Queen has found herself in hot water several times most notably during the marriage of Prince Charles and Diana Princess of Wales When Diana was tragically killed in a car crash the standing of the Royal Family was probably at its lowest ebb It is unlikely that we will ever see a monarch reign so long or so effectively again holding together a disparate group of nations each with its own aspirations customs and traditions Catherine Ryan has written an intriguing biography of one of the most famous women of modern times who at 91 years old still seems fit and healthy and looks very unlikely to hand over the reins to her successors any time soon **The Queen** Michael Woodford,2017-06-26 THE QUEEN Her Majesty Queen Elizabeth II A Royal Biography At some point when they reach their mid sixties most people will accept the ravages of later middle age and gracefully often gratefully ease themselves into retirement Not so the Queen At 91 years Her Majesty Queen Elizabeth II continues to work hard at her numerous duties for the nation and Commonwealth Having held the throne for 65 years she continues to demonstrate her commitment to fulfilling her various roles Head of State figurehead of many charities Supreme Governor of the Church of England upholder of the faith for the Church of Scotland She may now undertake far fewer trips abroad but her activities within the United Kingdom remain considerable During her reign there have been highs and lows but through the divorces disasters and sadly deaths as well as the joys and jubilees the Queen has stood firm With the support of her husband Prince Phillip children Charles Anne Andrew and Edward numerous grandchildren and great grandchildren she has remained an overwhelmingly popular monarch How has she achieved this What enabled her to overcome the tribulations of the 80s and 90s And why does she remain loved and respected in the hearts of so many A Brief Life of the Queen Robert Lacey,2012 *Royal* Robert Lacey,2002 In 1977 Robert Lacey s bestselling Majesty offered a serious biography of Elizabeth II defining the affection for the Queen that underlay the popular success of the Silver Jubilee Now on the 50th anniversary of her accession Royal brings her remarkable story up to date *Queen Elizabeth II*. The Last Queen Clive Irving, 2022-06-02 A timely and revelatory new biography of Queen Elizabeth and her family exploring how the Windsors have evolved and thrived as the modern world has changed around them Clive Irving's stunning new narrative biography *The Last Queen* probes the question of the British monarchy's longevity In 2021 the Queen Elizabeth II finally appears to be at ease in the modern world helped by the new generation of Windsors But through Irving's unique insight there emerges a more fragile institution whose extraordinarily dutiful matriarch has managed to persevere with dignity yet in doing so made a Faustian pact with the media *The Last Queen* is not a conventional biography and the book is therefore not limited by the traditions of that genre Instead it follows Elizabeth and her family's struggle to survive in the face of unprecedented changes in our attitudes towards the royal family with the critical eye of an investigative reporter who is present and involved on a highly personal level

The Last Queen Clive Irving, 2020-10-27 Clive Irving's immensely readable book brings real authority context and personal insight to our understanding of the Queen *The Last Queen* is as entertaining as it is essential and I read it with gusto Tina Brown author of *The Diana Chronicles* A brilliant and gripping analysis of the monarchy and the House of Windsor by the master of investigative journalism Robert Lacey author of *Battle of Brothers* Sensational Daily Express Fascinating FT Magazine *The Firm* as the royal family styles itself judged by real corporate standards is a mess Any consultants called in from outside to scrutinise its inner workings would find all the familiar flaws of a family business that has outgrown its original scale and design There is no overall strategy just a collection of warring divisions pursuing their own ends And this will be a profound problem when the Queen dies because make no bones about it the Queen's mortality determines the mortality of the monarchy Under Charles III the monarchy can never be the same indeed its very survival is in doubt In *The Last Queen* pioneering investigative reporter Clive Irving paints a revelatory portrait of Elizabeth II's extraordinary reign setting it within the dramatic transformation of Britain itself over the same period Now expanded to include the death of Prince Philip the fallout from Megxit and the banishment of Prince Andrew this compelling account asks how long will the institution survive beyond the second Elizabethan era
