George VI mother of Oueen Elizabeth II and grandmother of Prince Charles Elizabeth Angela Marguerite Bowes Lyon the ninth of the Earl of Strathmore's ten children was born on August 4 1900 and certainly no one could have imagined that her long life she died in 2002 would come to reflect a changing nation over the course of an entire century Vividly detailed written with unrestricted access to her personal papers letters and diaries this candid royal biography by William Shawcross is also a singular history of Britain in the twentieth century My Father's and Mother's Century Angela South, 2013-11-01 I had intended this to be the story of my father an ordinary man living in an extraordinary turbulent half century which shaped his life and subsequently mine However when researching my father's life I realise what an extraordinary life my mother had also lived and I want to incorporate her own tale This is a story that also belongs to my sister and me and tells how we came to be the adults we now are This book chronicles the family history of Angela South s father John Louis Salter It starts with his army career at 14 years old and how he was posted at 15 to Hong Kong and Mauritius In WW1 he received the DCM Distinguished Conduct Medal and returned home in 1918 with a French bride Albertine Marie John left the army in 1925 qualifying as a civil servant despite his lack of education He settled with his wife in southern England during the 1920s and 30s In 1937 Albertine Marie was admitted to a mental asylum for the remainder of her life due to mental instability During WW2 he worked in Whitehall and in 1945 was posted to Berlin where he met Angela s mother Christa who was 20 years old at the time They returned to England together in 1947 where she studied English and secretarial skills so she could take over as the family bread winner John and Christa married in 1951 after the birth of Angela and her younger sister Karin My Father's and Mother's Century delves into Angela's childhood through the 1950s and 60s in her somewhat unusual family and reveals how it impacted on herself and Karin The book will appeal to fans of family history biographies and family history Women in African Colonial Histories Jean Allman, Susan Geiger, Nakanyike Musisi,2002-04-01 How did African women negotiate the complex political economic and social forces of colonialism in their daily lives How did they make meaningful lives for themselves in a world that challenged fundamental notions of work sexuality marriage motherhood and family By considering the lives of ordinary African women farmers queen mothers midwives urban dwellers migrants and political leaders in the context of particular colonial conditions at specific places and times Women in African Colonial Histories challenges the notion of a homogeneous African women s experience While recognizing the inherent violence and brutality of the colonial encounter the essays in this lively volume show that African women were not simply the hapless victims of European political rule Innovative use of primary sources including life histories oral narratives court cases newspapers colonial archives and physical evidence attests that African women s experiences defy static representation Readers at all levels will find this an important contribution to ongoing debates in African women s history and African colonial history The Oxford Encyclopedia of Women in World History Bonnie G. Dermineur, 2017-07-14 This book retraces the life and experience of Princess Louisa Ulrika of Prussia 1720 1782 who became queen of Sweden with a particular emphasis on her political role and activities As crown princess 1744 1751 queen 1751 1771 and then queen dowager 1771 1782 of Sweden Louisa Ulrika took an active role in political matters From the moment she arrived in Sweden and throughout her life Louisa Ulrika worked tirelessly towards increasing the power of the monarchy Described variously as fierce proud haughty intelligent self conscious of her due royal prerogatives filled with political ambitions and accused by many of her contemporaries of wanting to restore absolutism she never diverted from her objective to make the Swedish monarchy stronger despite obstacles and adversities As such she embodied the perfect example of a female consort who was in turn a political agent instrument and catalyst More than just a biography this book places Louisa Ulrika within the wider European context thus shedding light on My Mother and I Ingrid Seward, 2024-02-15 The story of the real gender and politics in the early modern period relationship between King Charles III and his mother by the esteemed royal biographer Ingrid Seward The relationship between the late Monarch and her son the King has long been a subject of fascination The upbringing of an heir is especially important and places an extra burden on top of all the cares of motherhood The demands placed on the monarch are unique and there was no one better placed to know this than the late Queen She knew that not only must they be figureheads but they must be seen to care for others less fortunate than themselves They are also expected to uphold family values Princess Elizabeth made it a point of maternal honour to try and build her routine around her young son while doing her duty When she became Queen it was a more delicate balance but one which she eventually learnt to sustain Unlike his self contained mother who always put duty above personal happiness King Charles needed love and support to function properly This is the story of how Charles was shaped and moulded by his heritage His mother was the woman he always loved but could never be

close to As Queen she held the Pandora s box of the crown and all he could do was wait and learn In his mother s old age he finally received the affection and respect from her he had craved for so long This book documents his life through many personal anecdotes from his family and his friends from the moment the guns saluted his birth to the day he was officially declared as the King at his Coronation Female Monarchs and Merchant Queens in Africa Nwando Achebe, 2020-07-14 An unapologetically African centered monograph that reveals physical and spiritual forms and systems of female power and leadership in African cultures Nwando Achebe s unparalleled study documents elite females female principles and female spiritual entities across the African continent from the ancient past to the present Achebe breaks from Western perspectives research methods and their consequently incomplete skewed accounts to demonstrate the critical importance of distinctly African source materials and world views to any comprehensible African history This means accounting for the two realities of African cosmology the physical world of humans and the invisible realm of spiritual gods and forces That interconnected universe allows biological men and women to become female gendered males and male gendered females This phenomenon empowers the existence of particular African beings such as female husbands male priestesses female kings and female pharaohs Achebe portrays their combined power influence and authority in a sweeping African centric narrative that leads to an analogous consideration of contemporary African women as heads of state government officials religious leaders and prominent entrepreneurs A History of England Principally in the Seventeenth Century: Governments in England without the parliament. Troubles in Scotland. Connexion between troubles in Scotland and those in England and elsewhere. The long Parliament and the king, down to the outbreak of the Civil War.
