Queerying Evangelism:

Que(e)rying Evangelism Cheri DiNovo, 2005 The book chronicles Cheri DiNovo's own attempts as a minister to expand the membership of a rapidly shrinking congregation in a poor inner city Toronto neighborhood. As a result, DiNovo discovers that in her congregation's decision to evangelize among the marginalized and queer in their neighborhood, church members are radically changed by realizing how queer or different they are themselves. Unlocking Orthodoxies for Inclusive Theologies Robert E. Shore-Goss, Joseph N. Goh, 2019-11-28 This book enters a new liminal space between the LGBTQ and denominational Christian communities. It simultaneously explores how those who identify as queer can find a home in church and how those leading welcoming or indeed unwelcoming congregations can better serve both communities. The primary argument is that queer inclusion must not merely mean an assimilation into existing heteronormative respectability and approval. Chapters are written by a diverse collection of Asian, Latin American, and U.S. theologians, religious studies scholars, and activists. Each of them writes from their own social context to address the notion of LGBTQ alternative orthodoxies and praxes pertaining to God, the saints, failure of the church, queer eschatologies, and erotic economies. Engaging with issues that are not only faced by those in the theological academy but also by clergy and congregants, the book addresses those impacted by a history of Christian hostility and violence who have become suspicious of attempts at acceptance. It also sets out an encouragement for queer theologians and clergy to think deeply about how they form communities where queer perspectives are proactively included. This is a forward-looking and positive vision of a more inclusive theology and ecclesiology. It will therefore appeal to scholars of Queer Theology and Religious Studies as well as practitioners seeking a fresh perspective on church and the LGBTQ community.

Criminology and Queer Theory Matthew Ball, 2016-07-13 This book offers critical reflections on the intersections between criminology and queer scholarship and charts future directions for this field. Since their development over twenty-five years ago, queer scholarship and politics have been hotly contested fields, equally embraced and dismissed. Amid calls for criminology and criminal justice institutions to respond more effectively to the injustices faced by LGBTIQ people, criminologists have recently developed a Queer Criminology and turned to queer scholarship in the process. Through a sweeping analysis of critical criminologies as well as issues as varied as shame and utopian thought, Matthew Ball points to the many opportunities for criminology to engage further with the more politically disruptive strands of queer scholarship. His analysis highlights that criminology and queer theory are dangerous bedfellows and that navigating the tension between them is central to confronting the social and criminal injustices experienced by LGBTIQ communities. This book will be of particular interest for scholars of criminology, criminal justice, LGBTIQ studies, gender studies, and critical theory.
