about the destruction of the evil giants and make the world safe for humanity in the centuries before the great flood The Invention of Green Colonialism Guillaume Blanc,2022-06-08 The story begins with a dream the dream of Africa Virgin forests majestic mountains surrounded by savannas vast plains punctuated with the rhythms of animal life where lions elephants and giraffes reign as lords of nature far from civilization all of us carry such images in our heads imagining Africa as a timeless Eden untouched by the ravages of modernity But this Africa has never existed The more we destroy nature here the more we fantasize about it in Africa Along with UNESCO the WWF and other organizations we convince ourselves that the African national parks are protecting the last vestiges of a world once untouched and wild In reality argues Guillaume Blanc these organizations are responsible for naturalizing large tracts of the African continent turning territories into parks and forcibly evicting thousands of people from the lands where they have lived for centuries Making use of archives and oral histories Blanc investigates this battle for a phantom Africa and the contradictory claims of nations who destroy nature at home while believing that they are protecting the natural world abroad In so doing they enact a new type of colonialism green

anthology the first of its kind in English charts these fascinating developments Through judicious selections from major twentieth century genre theorists including Yury Tynyanov Vladimir Propp Mikhail Bakhtin Hans Robert Jauss Rosalie Colie Fredric Jameson Tzvetan Todorov Gerard Genette and Jacques Derrida it demonstrates the central role that notions of genre have played in Russian Formalism structuralism and post structuralism reception theory and various modes of historical criticism Each essay is accompanied by a detailed headnote and the volume opens with a lucid introduction emphasising the international and interdisciplinary character of modern debates about genre Also included are an annotated bibliography and a glossary of key terms making this an indispensable resource for students and anyone interested in genre studies or literary theory

Eden's Endemics Elizabeth Callaway, 2020-08-04 In the past thirty years biodiversity has become one of the central organizing principles through which we understand the nonhuman environment Its deceptively simple definition as the variation among living organisms masks its status as a hotly contested term both within the sciences and more broadly In *Eden's Endemics* Elizabeth Callaway looks to cultural objects novels memoirs databases visualizations and poetry that depict many species at once to consider the question of how we narrate organisms in their multiplicity Touching on topics ranging from seed banks to science fiction to bird watching Callaway argues that there is no set generally accepted way to measure biodiversity Westerners tend to conceptualize it according to one or more of an array of tropes rooted in colonial history such as the Lost Eden Noah's Ark and Tree of Life imagery These conceptualizations affect what kinds of biodiversities are prioritized for protection While using biodiversity as a way to talk about the world aims to highlight what is most valued in nature it can produce narratives that reinforce certain power differentials with real life consequences for conservation projects Thus the choices made when portraying biodiversity impact what is visible what is visceral and what is unquestioned common sense about the patterns of life on Earth

Eden's Bridge David B. Doty, 2012-01-01 *Eden's Bridge* The Marketplace in Creation and Mission explores a biblically based theology of the marketplace implicit in the creation narrative of Genesis 1-2 The thesis validates the calling and ministry of all marketplace Christians David Doty invites readers to rethink and redirect the purposes of vocation trade and profit toward

the purposes of God's Kingdom as they were revealed in the beginning and are to be restored in Christ's reign. This book is eye-opening and inviting as it explores how God is moving to reclaim the marketplace for His Kingdom and His redeeming purposes for the world of commerce. The marketplace holds untold potential if business is conducted according to God's plan: poverty can be eradicated, abundant living can be shared among all people, and shalom can prevail. Eden's Bridge offers hope for recovering from the recent collapse of the global economic system by envisioning a new view of how wealth is made and how the marketplace is yet to serve God's purposes in His mission to the world.

21st-Century Gothic Danel Olson, 2011

Selected by a poll of more than 180 Gothic specialists, creative writers, professors, critics, and Gothic Studies program developers at universities, the fifty-three original works discussed in *21st Century Gothic* represent the most impressive Gothic novels written around the world between 2000-2010. The essays in this volume discuss the merits of these novels, highlighting the influences and key components that make them worthy of inclusion. Many of the pioneer voices of Gothic Studies, as well as other key critics of the field, have all contributed new essays to this volume, including David Punter, Jerrold Hogle, Karen F. Stein, Marie Mulvey Roberts, Mary Ellen Snodgrass, Tony Magistrale, Don D. Ammassa, Mavis Haut, Walter Rankin, James Doig, Laurence A. Rickels, Douglass H. Thomson, Sue Zlosnik, Carol Margaret Davison, Ruth Bienstock Anolik, Glennis Byron, Judith Wilt, Bernice Murphy, Darrell Schweitzer, and June Pulliam. The guide includes a preface by one of the world's leading authorities on the weird and fantastic, S. T. Joshi. Sharing their knowledge of how traditional Gothic elements and tensions surface in a changed way within a contemporary novel, the contributors enhance the reader's dark enjoyment, emotional involvement, and appreciation of these works. These essays show not only how each of these novels is Gothic but also how they advance or change Gothicism, making the works both irresistible for readers and establishing their place in the Gothic canon.
