Quest For Peace In Africa Transformations Democracy And Public Policy:

The Quest for Peace in Africa Organization for Social Science Research in Eastern and Southern Africa. Congress,2004 Contains the proceedings of the papers presented at the seventh OSSREA Congress held in December 2002 in Khartoum Sudan *The Palgrave Handbook of Religion, Peacebuilding, and Development in Africa* Susan M. Kilonzo,Ezra Chitando,Joram Tarusarira,2023-10-17 This Handbook explores the ways in which religion among the African people has been applied in situations of conflict and violence to contribute to sustainable peace and development It analyzes how peacebuilding inspired and enabled by religion serves as the foundation for sustainable development in Africa while also acknowledging that religion can also be a tool of destruction and can be used to fuel violence and underdevelopment Contributors to this volume offer theoretical discussions from existing literature as well as experiences of practitioners to deepen the readers understanding on the role of religion and religious institutions in peacebuilding and development in Africa The Handbook provides reflections on possible future developments as well thereby aligning with the goals of SDG 16

Peace and Conflict in Africa David Francis,2013-04-04 Nowhere in the world is the demand for peace more prominent and challenging than in Africa From state collapse and anarchy in Somalia to protracted wars and rampant corruption in the Congo from bloody civil wars and extreme poverty in Sierra Leone to humanitarian crisis and authoritarianism in Sudan the continent is the focus of growing political and media attention This book presents the first comprehensive overview of conflict and peace across the continent Bringing together a range of leading academics from Africa and beyond *Peace and Conflict in Africa* is an ideal introduction to key themes of conflict resolution peacebuilding security and development The book s stress on the importance of indigenous Africa approaches to creating peace makes it an innovative and exciting intervention in the field *A Decade of Human Security* David R. Black,2016-03-03 Human security has been advanced as an alternative to traditional state based conceptualizations of security yet controversies about the use and abuse of the concept remain Investigating innovations in the advancement of the human security agenda over the past decade this book identifies themes and processes around which consensus for future policy action might be built It considers the ongoing debates regarding the human security agenda explores prospects and projects for the advancement of human security addresses issues of human security as emerging forms of new multilateralisms and examines claims that human security is being undermined by US unilateralisms This comprehensive volume explores the theoretical debate surrounding human security and details the implications for practical application It will prove ideal for students of international relations security studies and development studies *Human Rights and Conflict Transformation in Africa* Lawrence Juma,Laurence Juma,2013 This study maps the interactions between human rights norms and values on the one hand and conflict resolution post conflict peace building and reconstruction on the other It advances the view both from a theoretical and practical standpoint that human rights have a role to play throughout the life of any conflict from the pre conflict to the post conflict

and reconstruction stages Identifying entry points for human rights in the pre conflict stage leading up to the establishment of the rule of law and societal reconstruction after the conflict this book uses Sierra Leone and Democratic Republic of Congo experiences to illustrate the obstacles the successes and the significance of human rights norms to the overall peace agenda in societies afflicted by conflict

The Roots of African Conflicts Alfred G. Nhema, Paul Tiyambe Zeleza, 2008 This work along with The Resolution of African Conflicts clearly demonstrates the efforts by a wide range of African scholars to explain the roots routes regimes and resolution of African conflicts and how to re build post conflict societies

Civil Society Narratives of Violence and Shaping the Transitional Justice Agenda in Zimbabwe Chenai G. Matshaka, 2022-08-01 In Civil Society Narratives of Violence and Shaping the Transitional Justice Agenda in Zimbabwe Chenai G Matshaka shows the shaping of the transitional justice agenda in Zimbabwe from a civil society perspective Based on the understanding that transitional justice approaches are seen through the lenses by which the violence and conflict is understood Matshaka explores the complexities that arise when particular narratives of violence dominate the agenda This book contributes to a discussion on how narratives intervene in the trajectory of a transitional justice process of a society in ways that may be beneficial or detrimental to breaking cycles of injustice and domination

Democracy and Famine Olivier Rubin, 2012-12-06 Famine is the most extreme manifestation of the existence of poverty inequality and political apathy Whereas poverty hunger and diseases are not easily eradicated in the world today famines are often perceived to be relatively simple to avert However the political incentives to prevent famines are not always present Inspired by the work of Amartya Sen whose influential hypothesis that democratic institutions together with a free press provide effective protection from famine Democracy and Famine is a study combining qualitative and quantitative evidence analysing the effect of democracy on famine prevention The book s overall framework moves from placing political systems at the heart of famine protection to look at the political processes involved Using a case study based approach drawing on famines from India Malawi and Niger Democracy and Famine will be of interest to scholars and students of democracy comparative politics and international relations

Kenya's Uncertain Democracy Peter Kagwanja, Roger Southall, 2013-09-13 The plunging of Kenya until recently a centre of stability and growth in East Africa into political and economic uncertainty following the general election of December 2007 is regarded as a major cause for global and African concern It is widely accepted that the elections were deeply flawed and that there was electoral malfeasance by all the major players President Kibaki s rapid declaration of victory in the face of a heavily disputed election and his determination to hold on to the levers of state power precipitated a deadly crisis communal violence and economic decline A power sharing deal between Kibaki and Opposition leader Raila Odinga signed in February seems to be holding but Kenya ranks among the worlds growing number of democracies at risk This book takes a new look at the 2007 election the post election crisis the underlying interaction of ethnicity class and political power forced displacement the role of international forces and the country s power sharing

arrangement The study will draw upon the expertise of a variety of leading experts on Kenya and will be edited by Peter Kagwanja and Roger Southall The overall project was based on a workshop in Nairobi on 6 7 December 2008 This book was published as a special issue of the Journal of Contemporary African Studies *Compendium of Key Documents Relating to Peace and Security in Africa* Monica Kathina Juma,2006 This Compendium contains key official Documents on peace and security in Africa covering period between 1963 and the end of 2005 The Hard Road to Reform Brian Raftopolos,2013-02-17 The defeat of ZANU PF in the 2008 parliamentary election marked the end of one party rule in Zimbabwe The Global Political Agreement signed later that resulted in a Government of National Unity and the former ruling party was for the first time faced with the reality of sharing power The Hard Road to Reform presents a penetrating analysis of developments since the GNU was established reviewing recent political history from a range of perspectives political economic social and historical and featuring the best work of Zimbabwe s young scholars As Brian Raftopolos writes in his introduction the book is an attempt to analyse and assess both the hopes and frustrations of the last four years and to confront the harsh challenges that lie ahead **Good Governance and Civil Society Participation in Africa** Organization for Social Science Research in Eastern and Southern Africa,Ossrea,2008-12-31 governments and the public at large Book Jacket Regional Integration, Identity & Citizenship in the Greater Horn of Africa Kidane Mengisteab,Redie Bereketeab,2012 Examines how regional integration can resolve the crises of the Greater Horn of Africa exploring how it can be used as a mechanism for conflict resolution promoting the economy and tackling issues of identity and citizenship The Greater Horn of Africa GHA is engulfed by three interrelated crises various inter state wars civil wars and inter communal conflicts an economic crisis manifested in widespread debilitating poverty chronic food insecurity and famines and environmental degradation that is ravaging the region While it is apparent that the countries of the region are unlikely to be able to deal with the crises individually there is consensus that their chances of doing so improve markedly with collective regional action The contributors to this volume address the need for regional integration in the GHA They identify those factors that can foster integration such as the proper management of equitable citizenship rights as well as examining those that impede it including the region s largely ineffective integration scheme IGAD and explore how the former can be strengthened and the latter transformed explain how regional integration can mitigate the conflicts and examine how integration can help to energise the region s economy Kidane Mengisteab is Professor of African Studies and Political Science at Penn State University Redie Bereketeab is a researcher at the Nordic Africa Institute Sweden Regional Security Rodrigo Tavares,2009-12-16 Regional organizations are an inescapable feature of global politics Virtually all countries in the world are members of at least one regional or other intergovernmental organization The involvement of international organizations in the realm of regional peace and security and their cooperation in this domain with the United Nations has reached an unprecedented level Regional organizations have traditionally been formed around economic political

or environmental objectives however over the last decades these organizations have gradually penetrated into the security sphere and developed their capacities in conflict prevention peacekeeping or post war reconstruction In Europe Africa Asia or the Americas regional and other intergovernmental organizations have been concurrently empowered by the UN and their own member states to maintain peace and security Despite suffering from important discrepancies in both their mandates and capacities regional organizations have become indisputable actors that play a role from the outbreak of a crisis to the reconstruction efforts in the aftermath of a conflict Presenting the most up to date critical and comparative analysis of the major regional security institutions assessing a wide range of regional organizations and providing an accessible and comprehensive guide to 11 key organizations this book is the first systematic study of the capacities of the most recognized intergovernmental organizations with a security mandate Regional Security is essential reading for all students of international organizations peace and security studies and global governance **Sabelo Ndlovu-Gatsheni and African**

Decolonial Studies Toyin Falola, 2023-09-15 This book considers the work of the preeminent scholar on decoloniality Sabelo Ndlovu Gatsheni as a means of examining the development of decoloniality discourse and considering the future direction of the African knowledge economy Sabelo Ndlovu Gatsheni has been instrumental in the construction of theories and ideas necessary for advancing a decolonial system of education and epistemology This book considers how Professor Ndlovu Gatsheni's work has helped to shape our thinking both on Mugabe and the history of Zimbabwe and beyond to the broader questions of race liberation higher education and the future of decolonial studies Renowned author Professor Toyin Falola then invites us to consider the dangers of continued repression of African epistemologies and the enormous benefits of an alternative knowledge economy in which a diverse multiplicity of ideas drives our understanding of the world on to new heights Unpacking the various conceptual leanings of decoloniality through the works of one of its leading lights this book will be an essential read for researchers across the fields of African Studies Race Studies Philosophy and Education

Nations and Nationalism Guntram H. Herb, David H. Kaplan, 2008-05-22 A comprehensive and revealing compilation of essays analyzing the varied dimensions of national identities and nationalisms across world regions and through time The pervasiveness of nationalism its many manifestations over the centuries and the widely scattered way it has been studied make it a particularly difficult subject to approach and explore ABC CLIO offers the finest comprehensive reference available on an essential topic in modern world history Across four volumes Nations and Nationalism A Global Historical Overview covers all aspects of nationalism in all parts of the world from the time of the French Revolution to the present day Nations and Nationalism helps students researchers and other interested readers explore national identities and nationalistic movements in historical context Organized chronologically its four volumes combine thematic essays on different characteristics of nationalism with case studies of key historical developments involving specific nations at specific times The encyclopedia focuses on Europe Latin America Africa and Asia with featured coverage of nationalist cultural creations

including literature music symbols and mythologies

Do 'Zimbabweans' Exist? Sabelo J. Ndlovu-Gatsheni, 2009 This book examines the triumphs and tribulations of the Zimbabwean national project providing a radical and critical analysis of the fossilisation of Zimbabwean nationalism against the wider context of African nationalism in general The book departs radically from the common praise texts in seriously engaging with the darker aspects of nationalism including its failure to create the nation as people and to install democracy and a culture of human rights The author examines how the various people inhabiting the lands between the Limpopo and Zambezi Rivers entered history and how violence became a central aspect of the national project of organising Zimbabweans into a collectivity in pursuit of a political end

Child Soldiers in Context Artur Bogner, Gabriele Rosenthal, 2020 Long before IS and Boko Haram the messianic Lord's Resistance Army LRA in Uganda was considered as one of the most brutal rebel groups in Africa or in the world and as one which clearly specialized in the abduction recruitment and deployment of children and adolescents as combatants This book presents the results of a research project on former child soldiers and rebels in northern Uganda and their reintegration into society after their return to civilian life The authors investigate their biographies and the social figurations or relationships between them and members of the civilian population that emerged following their return not least in their families of origin and show which conditions facilitate or hinder their reintegration into civilian life The discussion also shows what distinguishes them from former members of rebel groups in the neighboring region of West Nile in respect of their history and how they were recruited as well as in their present situation and social position

Social Media and Digital Dissidence in Zimbabwe Trust Matsilele, 2022-08-29 This book proposes a new theorisation when studying cyber dissidents in an African digital sphere It argues that social media dissidents are a recent development in a long lineage of dissidents in African societies Using Zimbabwe as a case study the study locates contemporary dissidents in the same family with other historical dissident figures found in African orature the Chimurenga wars through music poetry and other forms of expression The book argues against techno deterministic approaches to studying social media born digital dissidence in Africa It is aimed at scholars dedicated to studying social media movements in African contexts and the global south generally prompting them to re evaluate their earlier conclusions and adopt a more nuanced and contextspecific approach

The Resolution of African Conflicts Alfred G. Nhema, Paul Tiyambe Zeleza, 2008 These two volumes clearly demonstrate the efforts by a wide range of African scholars to explain the roots routes regimes and resolution of African conflicts and how to re build post conflict societies They offer sober and serious analyses eschewing the sensationalism of the western media and the sophistry of some of the scholars in the global North for whom African conflicts are at worst a distraction and at best a confirmation of their pet racist and petty universalist theories From the introduction by Paul Tiyambe Zeleza This book offers analyses of a range of African conflicts and demonstrates that peace is too important to be left to outsiders
