Quest For The Lost City A True Life Adventure:

A Maya Universe in Stone Stephen Houston, 2021-12-28 The first study devoted to a single sculptor in ancient America as understood through four unprovenanced masterworks traced to a small sector of Guatemala In 1950 Dana Lamb an explorer of some notoriety stumbled on a Maya ruin in the tropical forests of northern Guatemala Lamb failed to record the location of the site he called Laxtunich turning his find into the mystery at the center of this book The lintels he discovered there long since looted are probably of a set with two others that are among the masterworks of Maya sculpture from the Classic period Using fieldwork physical evidence and Lamb s expedition notes the authors identify a small area with archaeological sites where the carvings were likely produced Remarkably the vividly colored lintels replete with dynastic and cosmic information can be assigned to a carver Mayuy who sculpted his name on two of them To an extent nearly unique in ancient America Mayuy can be studied over time as his style developed and his artistic ambition grew An in depth analysis of Laxtunich Lintel 1 examines how Mayuy grafted celestial seasonal and divine identities onto a local magnate and his overlord from the kingdom of Yaxchilan Mexico This volume contextualizes the lintels and points the way to their reprovenancing and as an ultimate aim repatriation to Guatemala **"Roblox Realm 9: Epic Adventures and Quests"** DIZZY
