**Faith Reason Skepticism** Marcus Hester, 2009-02-12 Original essays provide a dialogue between four of the most distinguished scholars now working on problems of faith reason and skepticism An Introduction to German Pietism Douglas H. Shantz, 2013-04-15 An up to date portrait of a defining moment in the Christian story its beginnings worldview and cultural significance Winner of the Dale W Brown Book Award of the Young Center for Anabaptists and Pietist Studies at Elizabethtown College An Introduction to German Pietism provides a scholarly investigation of a movement that changed the history of Protestantism The Pietists can be credited with inspiring both Evangelicalism and modern individualism Taking into account new discoveries in the field Douglas H Shantz focuses on features of Pietism that made it religiously and culturally significant He discusses the social and religious roots of Pietism in earlier German Radicalism and situates Pietist beginnings in three cities Frankfurt Leipzig and Halle Shantz also examines the cultural worlds of the Pietists including Pietism and gender Pietists as readers and translators of the Bible and Pietists as missionaries to the far reaches of the world He not only considers Pietism s role in shaping modern western religion and culture but also reflects on the relevance of the Pietist religious paradigm of today The first survey of German Pietism in English in forty years An Introduction to German Pietism provides a narrative interpretation of the movement as a whole The book s accessible tone and concise portrayal of an extensive and complex subject make it ideal for courses on early modern Christianity and German history The book includes appendices with translations of German primary sources and discussion questions **The Oxford Handbook of the Book of Revelation** Craig R. Koester, 2020 The Book of Revelation holds a special fascination for both scholars and the general public The book has generated widely differing interpretations yet Revelation has surprisingly not been the focus of many single volume reference works The Oxford Handbook of the Book of Revelation fills a need in the study of this controversial book Thirty essays by leading scholars from around the world orient readers to the major currents in the study of Revelation Divided into five sections Literary Features Social Setting Theology and Ethics History of Reception and Influence and Currents in Interpretation the essays identify the major lines of interpretation that have shaped discussion of these topics and then work through the aspects of those topics that are most significant and hold greatest promise for future research Labourism and the English Genius Gregory Elliott, 1993-11-17 Labour s fourth successive electoral defeat in 1992 rekindled the muffled controversy over its future The Sabbatean Prophets Matt GOLDISH, Matt Goldish, 2009-06-30 In the mid seventeenth century Shabbatai Zvi a rabbi from Izmir claimed to be the Jewish messiah and convinced a great many Jews to believe him The movement surrounding this messianic pretender was enormous and Shabbatai s mission seemed to be affirmed by the numerous supporting prophecies of believers The story of Shabbatai and his prophets has mainly been explored by specialists in Jewish mysticism Only a few scholars have placed this large scale movement in its social and historical context Matt Goldish shifts the focus of Sabbatean studies from the theology of Lurianic Kabbalah to the

widespread seventeenth century belief in latter day prophecy The intense expectations of the messiah in Christianity Judaism and Islam form the necessary backdrop for understanding the success of Sabbateanism The seventeenth century was a time of deep intellectual and political ferment as Europe moved into the modern era The strains of the Jewish mysticism Christian millenarianism scientific innovation and political transformation all contributed to the development of the Sabbatean movement By placing Sabbateanism in this broad cultural context Goldish integrates this Jewish messianic movement into the early modern world making its story accessible to scholars and students alike Table of Contents Preface Prologue 1 Messianic Prophecy in the Early Modern Context 2 Nathan of Gaza and the Roots of Sabbatean Prophecy 3 From Mystical Vision to Prophetic Explosion 4 Opponents and Observers Respond 5 Prophecy after Shabbatai's Apostasy Notes Index

Reviews of this book Goldish looks at the Jewish messianic surge of the 17th century which culminated with the Sabbatean movement and places it in a broader multidimensional context He has produced a well written scholarly addition and modification to the literature Paul Kaplan Library Journal

*The Quest for the New Jerusalem, Jean de Labadie and the Labadists, 1610-1744* T.J. Saxby, 2012-12-06 The history of Jean de Labadie and the Labadists has received attention through the years That attention however has more often than not fallen short in its tracing of Labadie's double migration Disaffected with the established church order of his day and motivated by a sense of prophetic mission to establish again the life of the primitive church this spiritual nomad wandered from France to Switzerland then to the United Provinces Germany and Denmark according to the vicissitudes of the times As he went he changed his affiliations from high church even lower from the bosom of Rome to Calvinism then to congregational separatism Thus there has been ample reason to treat Labadie's life and ministry episodically be it a geographical or denominational episode and a solid grounding could be had by piecing together several of these all listed in bibliography part D M de Certeau on the Jesuit years X de Bonnault d Houet on his stay at Amiens A L Bertrand on the lost years from Amiens to Montauban J H Gerlach and W Goeters on the schism at Middelburg P

Len Jenkin's Theatre Robert J. Andreach, 2011 Early in his career Len Jenkin identified two qualities that theatre should have wonder and heart Imagination creates wonder by transforming nature to suggest more than nature Love engages the heart on the quest to experience the wonder for though Jenkin is an experimental playwright his plays are not abstruse symbols They are tales that take salesmen and actresses historical figures and fictional characters through a Stein landscape and a Kafka story pop culture and recreated scenes from the Bible and The Canterbury Tales The Aeneid and Headlong Hall to an amusement park ride and a penal colony a flophouse and a garden Bodacious verbal and visual images build in power until they soar as pilgrims tell tales to pass the night while waiting to cross the river Hawthorne Sophie and Melville on the beach hear the ever encroaching kraken and Margo Veil essays the roles that all questing mortals play in life

**American Panic** Mark Stein, 2014-05-20 In American Panic New York Times bestselling author Mark Stein traces the history and consequences of American political panics through the years Virtually every American on one level or another falls victim to the hype intensity and propaganda that accompanies political panic regardless of their own personal affiliations By highlighting the similarities between American political panics from the Salem witch hunt to present day vehemence over issues such as Latino immigration gay marriage and the construction of mosques Stein closely examines just what it is that causes us as a nation to overreact in the face of widespread and potentially profound change This book also devotes chapters to African Americans Native Americans Catholics Mormons Jews Chinese and Japanese peoples Communists Capitalists women and a highly turbulent but largely forgotten panic over Freemasons Striking similarities in these diverse episodes are revealed in primary documents Stein has unearthed in which statements from the past could easily be mistaken for statements today As these similarities come to light Stein reveals why some people become panicked over particular issues when others do not

*Allegorical Quests from Dequerville to Spenser* Marco Nievergelt, 2012 An examination of sixteenth century quest narratives focussing on their conscious use of a medieval tradition to hold a mirror up to contemporary culture Offers the first full study of the allegorical knightly quest tradition from the Middle Ages to the Renaissance Richly satisfying as impressive in the detail of its scholarship as in the elegance of its critical formulations It seamlessly moves between different literary traditions and across conventional period boundaries In Dr Nievergelt's treatment of this theme the successive retellings of the tale of the knight's quest come to stand as an emblem of shifting values and norms both religious and worldly and of our repeated failures to realise those ideals Dr Alex Davis Department of English University of St Andrews The literary motif of the allegorical knightly quest appears repeatedly in the literature of the late medieval early modern period notably in Spenser but has hitherto been little examined Here in his examination of a number of sixteenth century English allegorical chivalric quest narratives focussing on Spenser's Faerie

Queene but including important lesser known works such as Stephen Bateman's *Travayled Pylgrime* and William Goodyear's *Voyage of the Wandering Knight* the author argues that the tradition begins with the French writer Guillaume de Deguileville. His seminal *Plerinage de la vie humaine* was composed c 1331-1355 it was widely adapted translated rewritten and printed over the next centuries. Dr Nievergelt goes on to demonstrate how this essentially medieval literary form could be adapted to articulate reflections on changing patterns of identity society and religion during the early modern period and how it becomes a vehicle of self exploration and self fashioning during a period of profound cultural crisis. Dr Marco Nievergelt is Lecturer Maître Assistant and SNF Swiss National Science Foundation Research Fellow in the English Department at the Université de Lausanne.

*Latin Arthurian Literature* Mildred Leake Day, 2005 Parallel text and translation of Arthurian romances in Latin. Latin is the language not only of numerous Arthurian chronicles including the most important of all Geoffrey of Monmouth's *Historia regum Britannie* but also of a small number of important but largely neglected romances concerning Arthur and his knights. Several of these romances clearly take their inspiration from the chronicle tradition and their authors sometimes join romance adventures with actual events and characters such as Henry II in order to give the appearance of history to Arthurian fiction. Ranging in date from the late twelfth to the fourteenth century these romances include *De ortu Waluuanii* in which Gawain defeats the Persian champion for the peace of Jerusalem *Historia Meriadoci* Arthur and Gorlagon and *Draco Normannicus*. These four texts are presented here in facing text and translation and accompanied by a thorough introduction and extensive notes.

**Ideology and Utopia in the Poetry of William Blake** Nicholas M. Williams, 1998-04-13 Scholars have often drawn attention to William Blake's unusual sensitivity to his social context. In this book Nicholas Williams situates Blake's thought historically by showing how through the decades of a long and productive career Blake consistently responded to the ideas writing and art of contemporaries. Williams presents detailed readings of several of Blake's major poems alongside Rousseau's *Emile* Wollstonecraft's *Vindication of the Rights of Woman* Paine's *Rights of Man* Burke's *Reflections on the Revolution in France* and Robert Owen's *Utopian Experiments*. In so doing he offers revealing new insights into key Blake texts and draws attention to their inclusion of notions of social determinism theories of ideology critique and Utopian traditions. Williams argues that if we are truly to understand ideology as it relates to Blake we must understand the practical situation in which the ideological Blake found himself. His study is a revealing commentary on the work of one of our most challenging poets.

*British Fictions of the Sixties* Sebastian Groes, 2016-05-19 *British Fictions of the Sixties* focuses on the major socio-political changes that marked the sixties in relationship to the development of literature over the decade. This book is the first critical study to acknowledge that the 1960s can only be understood if next to its contemporary socio-political history its fictions and mythologies are acknowledged as a vital constituent in the understanding of the decade. Groes uncovers a major epistemological shift and presents a powerful meta-narrative about post-war literature in the UK and beyond. *British Fictions of the Sixties* offers a re-examination

of canonical writers such as Iris Murdoch Angela Carter Muriel Spark and John Fowles It also pays critical attention to avant garde writers including Ann Quinn Bridget Brophy Eva Figes Christine Brooke Rose and J G Ballard presenting a comprehensive insight into the continuing power the decade exerts on the contemporary imagination

**The Monastic Footprint in Post-Reformation Movements** Kenneth C. Carveley, 2022-04-19 This book examines the influence of the monastic tradition beyond the Reformation Where the built monastic environment had been dissolved desire for the spiritual benefits of monastic living still echoed within theological and spiritual writing of the seventeenth and eighteenth centuries as a virtual exegetical template The volume considers how the writings of monastic authors were appropriated in post Reformation movements by those seeking a more fervent spiritual life and how the concept of an internal cloister of monastic ascetic spirituality influenced several Anglican writers during the Restoration There is a careful examination of the monastic influence upon the Wesleys and the foundation and rise of Methodism Drawing on a range of primary sources the book will be of particular interest to scholars of monastic and Methodist history and to those engaged in researching ecclesiology and in ecumenical dialogues

*The Eclipses of John's Book of Revelation* Matko Utrobičić, 2024-03-15 Who is the beast in Revelation What does the number 666 mean Who are the four horsemen of the apocalypse Who is the author of Revelation When was it created Where will be the battle of the judgment day And when This book contains the answers to these questions Events and visions are connected in a clear and logical explanation that corresponds with known historical events This book is a rational and reasoned interpretation based on the analysis of the text within the book of Revelation itself and its comparison with other religious systems written with the aim of offering essential answers

*Wasteland Modernism* Rebeca Gualberto Valverde, 2021-09-06 This book proposes a renewed myth critical approach to the so called wasteland modernism of the 1920s to reassess certain key texts of the American modernist canon from a critical prism that offers new perspectives of analysis and interpretation Myth criticism and more specifically the critical survey of myth as an aesthetic and ideological strategy fundamental for the comprehension of modernist literature leads to an engaging discussion about the disenchantment of myth in modernist literary texts This process of mythical disenchantment inextricable from the cultural and historical circumstances that define the modernist zeitgeist offers a possibility for revising from a contemporary standpoint a set of classic texts that are crucial to our understanding of the modern literary tradition in the United States This study carries out an exhaustive and updated myth critical examination of works by T S Eliot John Dos Passos F Scott Fitzgerald Ernest Hemingway John Steinbeck and Djuna Barnes to broaden the scope of familiar themes and archetypes enclosing the textual analysis of these works in a wider exploration about the purpose and functioning of myth in literature particularly in times of crisis and transformation

**Choreographies of Shared Sacred Sites** Elazar Barkan, Karen Barkey, 2014-11-11 This anthology explores the dynamics of shared religious sites in Turkey the Balkans Palestine Israel Cyprus and Algeria indicating where local and national stakeholders maneuver between competition and cooperation coexistence and conflict Contributors probe the notion of coexistence and the logic that underlies centuries of sharing exploring when and why sharing gets interrupted or not by conflict and the policy consequences These essays map the choreographies of shared sacred spaces within the framework of state society relations juxtaposing a site's political and religious features and exploring whether sharing or contestation is primarily religious or politically motivated Although religion and politics are intertwined phenomena the contributors to this volume understand the category of religion and the political as devices meant to distinguish between the theological and confessional aspects of religion and the political goals of groups Their comparative approach better represents the transition in some cases of sites into places of hatred and violence while in other instances they remain noncontroversial The essays clearly delineate the religious and political factors that contribute to the context and causality of conflict at these sites and draw on history and anthropology to shed light on the often rapid switch from relative tolerance to distress to peace and calm
