Classics This series contains summary of Classic books such as Emma Arne Arabian Nights Pride and prejudice Tower of London Wealth of Nations etc Each book is specially crafted after reading complete book in less than 30 pages One who wants to get joy of book reading especially in very less time can go for it About The Book The Quest of the Absolute La Recherche de l Absolu was published in 1834 with a touching dedication to Madame Josephine Delannoy Madame may it please God that this my book may live when I am dead that the gratitude which is due from me to you and which equals I trust your motherlike generosity to me may hope to endure beyond the limits set to human love The novel became a part of the Human Comedy in 1845 The struggle of Balthazar Claes in his quest for the Absolute his disregard of all else save his work and the heroic devotion of Josephine and Marguerite are characteristic features of Balzac s art the sordidness of life and the mad passion for the unattainable are admirably relieved as in Eug nie Grandet and Old Goriot by a certain nobility and purity of motive The novel is generally acknowledged one of Balzac s masterpieces both in vigour of portraiture and minuteness of detail Perhaps no one was ever better fitted to depict the ruin wrought by a fixed idea than Balzac himself who wasted much of his laborious life in struggling to discover a short cut to wealth For more eBooks visit www.kartindo.com

said a novel in itself Taking minor points only it is a masterpiece That there is a certain parallelism probably unconscious between the way in which Balthazar Claes as unconsciously kills his wife and the way in which Monsieur Grandet kills his is certainly no drawback to the book for the repetition if it is a repetition only shows how genius can repeat Indeed there is the same demonstration contained in the same books in the representation of the diverse martyrdoms of Madame Claes and her daughter Marguerite fatal in the former case happily changed in the latter In no book is Balzac s faculty of Dutch drawing as far as scenes and details go more brilliantly shown in none are the minor characters from the famulus Le Mulquinier with his fatal belief in his master s madness downwards better while Marguerite Claes and her mother especially Marguerite are by common consent to be ranked among Balzac s greatest triumphs in portraying honest women But these things though they illustrate the general principle that the presence of a great central interest and figure will radiate greatness and interest on its surroundings would contribute comparatively little to the effect of the book if it were not for the seeker after the absolute himself Nowhere perhaps has the hopeless tyranny of the fixed idea the ferocious not exactly selfish absorption in the pursuit of a craze been portrayed with quite the same power as here And we know and feel that the energy the fire the perfection of the handling are due to sympathy that Balzac a few generations earlier would have sought the Philosopher s Stone with the same desperate energy as Balthazar About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
