Question Of Separatism Quebec And The Struggle Over Sovereignty:

The Question of Separatism Jane Jacobs, 2016-11-02 Jane Jacobs writing from her adoptive country uses the problems facing an independence seeking Quebec and Canada as a whole to examine the universal problem of sovereignty and autonomy that nations great and small have struggled with throughout history Using Norway's relatively peaceful divorce from Sweden as an example Jacobs contends that Canada and Canadians Quebecois and Anglophones alike can learn important lessons from similar sovereignty questions of the past Quebec, the Challenge of Independence Anne Griffin, 1984 This psycho social examination of the Quebecois separatist movement is based on extensive interviews with a variety of persons Its surprising results include the discovery that a desire for economic improvement or enhanced political power rarely motivates participation in the movement Quebec Nationalism in Crisis Dominique Clift, 1982 First published in French in 1981 under the title *Le declin du nationalisme au Quebec* this classic has received considerable critical acclaim Graham Fraser of the Montreal Gazette wrote a superb book provocative ironic stimulating and analytical with a sharp eye for the social meaning of public events Clift covered Quebec politics as a daily journalist for almost 25 years He has succeeded in sweeping across events he covered to reduce them to their most substantial conflict Dominique Clift's perceptive analysis traces two antagonistic trends in recent Quebec history the growth of nationalism which reached its high point with the election of René Lévesque in 1967 and the development of individualism at the expense of group solidarity

Madison, Paul

Fairfield, Ingrid Harris, 2000-05-15 *Is There a Canadian Philosophy* addresses the themes of community culture national identity and universal human rights taking the Canadian example as its focus The authors argue that nations compelled to cope with increasing demands for group recognition may do so in a broadly liberal spirit and without succumbing to the dangers associated with an illiberal adversarial multiculturalism They identify and describe a Canadian civic philosophy and attempt to show how this modus operandi of Canadian public life is capable of reconciling questions of collective identity and

recognition with a commitment to individual rights and related principles of liberal democracy They further argue that this philosophy can serve as a model for nations around the world faced with internal complexities and growing demands for recognition from populations more diverse than at any previous time in their histories **Eyes on the Street** Robert Kanigel,2017-08-08 The first major biography of the irrepressible woman who changed the way we view and live in cities and whose influence is felt to this day Jane Jacobs was a phenomenal woman who wrote seven groundbreaking books saved neighborhoods stopped expressways was arrested twice and engaged in thousands of impassioned debates all of which she won Robert Kanigel s revelatory portrait of Jacobs based on new sources and interviews brings to life the child who challenged her third grade teacher the high school poet the mother who raised three children the journalist who honed her skills at Architectural Forum and Fortune before writing her most famous book The Death and Life of Great American Cities and the activist who helped lead a successful protest against Robert Moses s proposed expressway through her beloved Greenwich Village **Irishness in a Changing Society** Princess Grace Irish Library,1989-01-01 Contents R V Comerford Political Myths In Modern Ireland Hugh Leonard The Unimportance of Being Irish Louis Le Brocqy A Painter s Notes On His Irishness Patrick Rafroidi Defining The Irish Literary Tradition In English Maurice Harmon Definitions of Irishness In Modern Irish Literature Terence Brown Awakening From the Nightmare Irish History in Some Recent Literature Richard Kearney The Transitional Crisis of Modern Irish Culture Mary E Daly The Impact of Economic Development on National Identity Joseph Lee State and Nation in Independent Ireland David Harkness Nation State and National Identity in Ireland Some Preliminary Thoughts John A Murphy Religion and Irish Identity Dermot Keogh Catholicism and the Formation of the Modern Irish Society Maurice Goldring National Identity and Class Conscience Mark Mortimer The Anglo Irish Influence In The Shaping of Irish Identity Garret Fitzgerald Towards A New Concept of Irishness John Hume A New Ireland The Healing Process Andy O Mahony Moderator A Round Table On A Changing Concept Appendix 1 The Conference Programme and List of Participants Appendix 2 Irishness in Print A Selective Bibliography Notes Notes on Contributors Index R Becoming Jane Jacobs Peter L. Despite having no formal training in urban planning Jane Jacobs deftly explores the strengths and weaknesses of policy arguments put forward by American urban planners in the era after World War II They believed that the efficient movement of cars was of more value in the development of US cities than the everyday lives of the people living there By carefully examining their relevance in her 1961 book The Death and Life of Great American Cities Jacobs dismantles these arguments by highlighting their shortsightedness She evaluates the information to hand and comes to a very different conclusion that urban planners ruin great cities because they don t understand that it is a city s social interaction that makes it great Proposals and policies that are drawn from planning theory do not consider the social dynamics of city life They are in thrall to futuristic fantasies of a modern way of living that bears no relation to reality or to the desires of real people living in real spaces Professionals lobby for separation and standardization splitting commercial residential industrial and cultural spaces But a truly visionary approach to urban planning should incorporate spaces with mixed uses together with short walkable blocks large concentrations of people and a mix of new and old buildings This creates true urban vitality **The Statesman's Year-Book 1990-91** J.
