Restoring the First-century Church in the Twenty-first Century Warren Lewis, Hans Rollmann, 2005-10-15 Restoring the First century Church in the Twenty first Century Essays on the Stone Campbell Restoration Movement in Honor of Don Haymes is a snap shot of a major American religious movement just after the turn of the millennium When the Disciples of Alexander Campbell and the Christians of Barton Warren Stone joined forces early in the 19th century the first indigenous ecumenical movement in the United States came into being Two hundred years later this American experiment in biblical primitivism has resulted in three possibly four large segments Best known is the Christian Church Disciples of Christ active wherever ecumenical Christians gather The denomination is typically theologically open having been reshaped by theological Liberalism and the Social Gospel in the twentieth century and has been re organized on the model of other Protestant bodies The largest group the Churches of Christ easily distinguished by their insistence on a cappella music singing only is theologically conservative now tending towards the evangelical and congregationally autonomous though with a denominational sense of brotherhood The Christian Churches Churches of Christ Independent are a via media between the two other bodies theologically conservative and evangelical congregationally autonomous pastorally oriented and comfortable with instrumental music The fourth numerically significant group the churches of Christ Anti Institutional is a conservative reaction to the a cappella churches much in the way that the Southern a capella churches reacted against the emerging intellectual culture and social location instrumental music and institutional centrism of the Northern Disciples following the Civil War Besides these four numerous smaller fragments typically one article splinter groups decorate the history of the Restoration Movement One Cup brethren Premillennialists No Sunday School congregations No Located Preacher churches and others This movement to unite Christians on the basis of faith and immersion in Jesus Christ and to restore New Testament Christianity is too little recognized on the American religious landscape and it has been too little studied by the academic community This volume is focused primarily on the a cappella churches and their interests but implications for the entire Stone Campbell Restoration Movement abound The voices that

speak freely within were unimpeded in authoring these essays by standards of orthodoxy imposed from without All of the contributors are acquainted with Don Haymes the honoree of the volume and have been inspired by this friend and colleague a man with a rigorous and earthy intellect and a heavenly spirit David Bundy series editor Studies in the History and Culture of World Christianities [Making Disciples in the Twenty-First Century Church](#) Joel Comiskey, 2013-12-02 We know that the goal of the Christian life is to glorify God and to enjoy him forever While this is God's ultimate plan does he have a particular purpose for the cell based church I've been wrestling with this question for the past twenty two years This question confronts me every time I coach a pastor or pastors In preparation for coaching I ask myself What is my principal objective in helping this pastor Where am I guiding this church What am I trying to do I've come to the conclusion that the primary goal of cell ministry is to make disciples who make disciples Christ's last command to his disciples was for them to repeat the process and to reproduce new disciples But how were they supposed to do that This book answers these questions The early church followed Christ's pattern by making disciples through the house churches that periodically celebrated together in public worship In 2 Timothy 2:1-2 Paul tells Timothy to continue the discipleship process by passing on the pure gospel message to faithful men and women Even though the term disciple is later replaced by words such as brothers sisters Christians and saints the concept remains the same We in North America and the Western world often project our own cultural bias into Christ's great commission Matthew 28:18-20 Most discipleship books in fact assume that discipleship is an individualistic endeavor between me and God And yes there is an important individual aspect e.g. personal devotions etc Yet in Matthew 28 Jesus was talking to a group of disciples He wanted them to follow his example by making disciples in a group Jesus molded twelve disciples in a group and then sent them house to house So how does the cell church make disciples In this book I show how the cell small group works together with the cell system to make disciples who make disciples In the cell a potential disciple is transformed through community priesthood of all believers group evangelism and team multiplication In the cell potential disciples are formed through learning how to love one another exercising their gifts evangelizing together as a group and then sent forth as teams to start new groups Discipleship is a group process in the New Testament and God is calling his church to re-emphasize this truth The cell system ensures each leader has a coach and that training equipping track happens Then the cells gather together to worship and grow through the teaching of God's Word All three aspects are essential to form disciples Training is needed because disciples won't learn all they need to know in the cell Coaching ensures that each leader is cared for and receives shepherding The celebration service brings the cells together to hear God's Word worship and receive fresh vision The goal of the two wing cell church is to make disciples who make disciples The cell church today makes disciples by following the early church pattern of cell and celebration Recommendations I've read all of Joel Comiskey's books but Making Disciples in the Twenty First Century Church is his best work yet In this book Joel reminds us that the real call and challenge of the Church is not developing leaders or numerical growth but making disciples who

make disciples He also helps us understand why that is best done in a cell or small group context and gives us great insight about how to make that happen I m looking forward to having all of our Pastors Coaches and Cell Leaders and Members read this book in the near future Dennis Watson Lead Pastor Celebration Church of New Orleans ____ I am so excited about Joel Comiskey s new book Making Disciples in the Twenty First Century Church When I m asked what makes a cell church thrive I always say discipleship Thank you Joel for unpacking discipleship not just as an endeavor for individuals but as the critical element for creating a church community and culture that reproduces the Kingdom of God all over the earth I pray this book won t only be read but lived out as we were made to make disciples Jimmy Seibert Senior Pastor Antioch Community Church President and Founder Antioch Ministries International ____ I really like that Joel asked the Why question before the How question He even takes on the What question which is just as important The interest in discipleship is greater now than anytime in the last fifty years I fear however that we are using the same words but are not speaking the same language I recommend this work I cheer Joel on he joins many of us who are masters of the obvious It seems so obvious that our purpose is to be disciples and make disciples I cheer him on because he goes beyond the What and Why and does address the How This will help any person who reads it and I pray that there will be many Bill Hull Author of Jesus Christ Disciple Maker Disciple Making Pastor Disciple Making Church and The Complete Book of Discipleship Adjunct Faculty at Talbot School of Theology Biola University __ The history of the cell church movement in Brazil has many names of great man of God Joel Comiskey certainly is one of them We see how over the years his understanding of the New Testament Church has deepened Again Joel surprises us with this jewel He covers many aspects of cell church life showing us how discipleship relates to the broader scope of it and how to shape followers of Jesus He takes us to the heart of the matter of the cell church as he states it The purpose of cell ministry is making disciples who make disciples Excellent book The movement in Brazil certainly will be blessed through this book Enjoy it Robert Michael Lay Cell Church Ministry in Brazil Pioneer in the cell movement in Brazil and publisher of Joel s books __ In his tremendously helpful new book Making Disciples in the Twenty First Century Church Joel Comiskey cuts directly to the core purpose of cell ministry which is making disciples who make disciples Then he tells us how to do it through the Cell Based Church Like Joel s other books Making Disciples in the Twenty First Century Church is solidly biblical highly practical wonderfully accessible and is grounded in Joel s vast research and experience Great job Joel Dave Earley Lead Pastor Grace City Church of Las Vegas Nevada Author Eight Habits of Highly Effective Small Group Leaders Adjunct Professor Liberty Baptist Theological Seminary __ For more than twenty years Joel Comiskey has served the cell church movement He has helped scores of congregations move from being traditional churches to communities where edification and harvest occurs Twenty years Now he combines two decades of observation as his capacity as a researcher He has scoured many books to assemble wise counsel for us His discussion of how community varies from culture to culture is indeed penetrating As I read through the pages I mentally noted specific Christian workers who need to read these pages

Thanks Joel for the way you allow the King to speak through you to enlarge His Kingdom on earth Ralph Neighbour Jr key pioneer of the cell church movement ____ Joel Comiskey continues to deepen our understanding of the cell based church In Making Disciples we are equipped to carry out the Great Commission at maximum capacity Get ready to have your vision for ministry strengthened and expanded Andrew S Mason Small Groups Pastor Thrive Church Elk Grove CA Founder SmallGroupChurches.com ____ As one of the world's leading experts on cell based churches Joel Comiskey is well placed to show how New Testament style disciple making works His decades of experience in fields of ministry all over the world confirm that every member ministry and personal investment in disciples are God's pathway to true maturity and expansion of the kingdom of God This well written book deserves attention from every serious Christian Dennis McCallum Author Organic Discipleship

Toward a Twenty-First Century Biblical, Apostolic Church SuYeon Yoon, 2019-09-19 This book explores biblical values that critique the ecclesiology of the New Apostolic Reformation Church NARC and compares the ecclesiology to other missional movements in the North American context A biblical exegesis of Ephesians 4:11-13 as well as C Peter Wagner's conceptualization of an apostle and apostolic ministry allow the author to demonstrate the gap between the biblical perspective and Wagner's concept of an apostle The biblical role of an apostle is to make the church missional by emphasizing the concept of sending whereas Wagner sees the apostle as a church leader Based upon interviews and participant observation in three NARCs SuYeon Yoon describes the leadership and ecclesiology based on their own self descriptions This book then demonstrates the gap between

the biblical and conceptual ideals and the reality of ecclesial practice The author argues that the NARC serves as a charismatic manifestation of a similar cultural response to establish a relational structure for church communities that can appropriately reflect upon and identify with the contemporary context This implies that each movement needs to be biblically sound faithful to its conceptualization and relevant to the context in order to cultivate its own way of being the church 40

Questions About the Historical Jesus C. Marvin Pate, 2015-04-27 Answers to critical questions regarding the study of the Jesus of history and the Christ of faith The conclusions of the quest for the historical Jesus which casts the majority of Christ's life as a myth are a stark contrast to the orthodox view of Christ as presented in the Bible Pate demonstrates that a critical analysis of the gospel text along with historical and cultural methods of investigation actually point toward an orthodox view of Christ This work argues that the canonical Gospels are the most trustworthy information we have about the gospel writers as well as the life and ministry of Jesus including his death visit to hades resurrection and ascension Readers will be encouraged by the reliability of the Gospel writers the reality of Jesus humanity and deity and the inferiority of the apocryphal gospels

The Body for the Lord Alistair May, 2004-09-24 Alistair May explores the part played by sexual ethics and the rhetoric of sexual morality in the formation of Christian identity by focusing on the longest discussion of sex in the New Testament 1 Corinthians 5:7 Viewing this passage as a unified discourse he considers how Paul's ethics serve to give his converts a distinct identity Although tools from the social sciences are used the major focus of the work is in careful exegesis of the text As the study progresses through the text of 1 Corinthians 5:7 May argues that Paul strives to maintain an absolute distinction between insider and outsider in regard to morality Immorality belongs exclusively to the outside and to the pre-conversion identity of the Corinthians Hence those labelled immoral can no longer remain in the community 1 Corinthians 6:12-20 reveals that for Paul sexual sin is unique in its destruction of Christian identity and that any sexual participation is a potential conflict with participation in Christ Thus chapter 6 is directly connected with the discussion of the legitimacy of marriage in 1 Corinthians 7 Rejecting the scholarly consensus that Paul is reacting to ascetics May controversially argues that chapter 7 should be read as Paul's commendation of singleness to a reluctant Corinthian audience This is volume 278 in the *Journal for the Study of the New Testament Supplement series*

An Ecclesiology for the Twenty-First Century* Cheryl M.

Peterson,2013-05-01 Many congregations today are beset by fears whether over loss of members and money or of irrelevancy in an increasingly pluralistic society To counter this many congregations focus on strategy and purpose what churches do but Cheryl Peterson submits that mainline churches need to focus instead on what or who they are to reclaim a theological rather than sociological understanding of themselves To do this she places the questions of the church s identity and mission into a conversation with the primary ecclesiological paradigms of the past century the neo Reformation concept of the church as a word event and the ecumenical paradigms of the church as communion She argues that these two paradigms assume a context of cultural Christendom that no longer exists focused on the church that is gathered rather than the missional church that is sent out *The Cambridge Companion to American Methodism* Jason E. Jane Ellen Nickell,2014-10-15 As Protestant denominations are fracturing over whether to ordain gays and lesbians this work looks at The United Methodist Church s conversations about the issue in light of Methodism s historic contests over the leadership of African Americans and women to see what can be learned from these earlier periods of change Using the uniform context of the Methodist General Conference where denominational policy is set the book analyzes transcripts of

floor debates in key years of these struggles letting those who argued for and against the changes speak for themselves Those arguments are read through the lens of French sociologist Pierre Bourdieu whose theory offers a sophisticated model that goes deeper than simple resistance to change in articulating a dialectic between social structures and agents that predisposes both to reproduce existing power relationships This interdisciplinary historical study seeks to move beyond conscious motivations for the exclusion of these three groups and uncover deeply embedded misrecognized social dynamics In exploring these groups stories this book examines who holds power in Methodist churches how changes in authority structures occur and why it is such a long and painful process
