So Fast, So Easy Pressure Cooker Cookbook Beth Hensperger, Julie Kaufmann, 2015-12-15 The only pressure cooker cookbook for electric and stovetop pressure cookers you'll ever need. What's not to love about the pressure cooker? Using pressure created by superheated steam the pressure cooker can cut cook times by 70 percent meaning dinner is on the table faster and with significantly less energy use. Your dinner will be more nutrient rich because vitamins and other good things won't be lost in evaporating steam. And it will taste delicious and succulent because none of the food's moisture has been allowed to escape. Finally today's modern pressure cooker has been re-engineered for safety and ease of use including the development of the electric pressure cooker. Because no moisture evaporates during cooking conventional stovetop recipes do not work in the pressure cooker. For success the pressure cooker requires different food to liquid ratios and because of that superheated pressure cook times are very precise. With this comprehensive guide the busy cook can use fresh ingredients to create more than 700 tasty recipes developed for and scrupulously tested and retested for the pressure cooker. Chapters on Poultry Pork Beef Veal Lamb Game and Seafood include Zinfandel braised short ribs that cook in just 30 minutes herb stuffed whole turkey breast and braised lamb shanks ready in 25 minutes and baby back ribs that pressure cook in just 15 minutes. Individual chapters on grains beans rice dishes including risotto and breakfast rice potatoes chili and tomato sauces with and without meat as well as on soups vegetables desserts making your own baby food and much more. An introductory chapter explains the ins and outs of the pressure cooker with valuable tips and advice. The authors also include recipes for lots of basics such as how to cook different types of rice and varieties of dried beans.
