Repetition In Latin Poetry Figures Of Allusion:

Repetition in Latin Poetry Jeffrey Wills, 1996 The first comprehensive treatment of Latin figures of repetition this poetic handbook includes over ten thousand quotations from Ennius to Juvenal with numerous examples from Latin prose and Greek literature for comparison Long relegated to commentary notes the figures of gemination epanalepsis polyptoton anaphora etc are finally treated systematically as distinct stylistic markers Under each topic Professor Wills studies extensively the authorial preferences and traditions of the various genres with figures arising from the positional and framing structures of repetitions collected at the end A section on formal means of allusion and the special attention given throughout the book to the use of figures for intertextual reference also makes the work a major contribution to the Latin poetics of allusion Literary critics textual critics and commentators should all find this volume indispensable in different ways The Cambridge Companion to Virgil Charles Martindale, 1997-10-02 Virgil became a school author in his own lifetime and the centre of the Western canon for the next 1800 years exerting a major influence on European literature art and politics This Companion is designed as an indispensable guide for anyone seeking a fuller understanding of an author critical to so many disciplines It consists of essays by seventeen scholars from Britain the USA Ireland and Italy which offer a range of different perspectives both traditional and innovative on Virgil's works and a renewed sense of why Virgil matters today The Companion is divided into four main sections focussing on reception genre context and form This ground breaking book not only provides a wealth of material for an informed reading but also offers sophisticated insights which point to the shape of Virgilian scholarship and criticism to come Wordplay and Powerplay in Latin Poetry Phillip Mitsis, Ioannis Ziogas, 2016-07-28 The political allegiances of major Roman poets have been notoriously difficult to pin down in part because they often shift the onus of political interpretation from themselves to their readers By the same token it is often difficult to assess their authorial powerplays in the etymologies puns anagrams telestichs and acronyms that feature prominently in their poetry It is the premise of this volume that the contexts of composition performance and reception play a critical role in constructing poetic voices as either politically favorable or dissenting and however much the individual scholars in this volume disagree among themselves their readings try to do justice collectively to poetry's power to shape political realities The book is aimed not only at scholars of Roman poetry politics and philosophy but also at those working in later literary and political traditions influenced by Rome's greatest poets **The Arts of Imitation in Latin Prose** Christopher Whitton, 2019-06-27 Imitation was central to Roman culture and a staple of Latin poetry But it was also fundamental to prose This book brings together two monuments of the High Empire Quintilian's *Institutio oratoria* Training of the orator and Pliny's *Epistles* to reveal a spectacular project of textual and ethical imitation As a young man Pliny had studied with Quintilian In the *Epistles* he meticulously transforms and subsumes his teacher's masterpiece together with poetry and prose ranging from Homer to Tacitus *Dialogus de oratoribus* In teasing apart Pliny's rich intertextual weave this book reinterprets

Quintilian through the eyes of one of his sharpest readers radically reassesses the Epistles as a work of minute textual artistry and makes a major intervention in scholarly debates on intertextuality imitation and rhetorical culture at Rome The result is a landmark study with far reaching implications for how we read Latin literature **The Poetics of Late Latin Literature** Jaś Elsner, Jesús Hernández Lobato, 2017 For a host of reasons traditionalist scholarship has failed to give a full and positive account of the formal aesthetic and religious transformations of ancient poetics in Late Antiquity This collection of new essays attempts to capture the vibrancy of the living ancient tradition reinventing itself in a new context in the hands of a series of great Latin writers of the fourth and fifth centuries AD *Lustrum Band 63 – 2021* Marcus Deufert, Irmgard Männlein-Robert, 2023-05-15 Der in englischer Sprache verfasste Forschungsbericht zu Ovids Metamorphosen wurde von einem Forscher innenteam der Universität Huelva unter Leitung von Antonio Ramírez de Verger und Luis Rivero García erstellt und arbeitet die schier unerschöpfbare Literatur zu diesem gegenwärtig wohl meistgelesenen und meistforschten Werk der römischen Dichtung kritisch auf Im Zentrum des zweiten Teils stehen Arbeiten zu Sprache und Stil der Metamorphosen außerdem Arbeiten zu Quellen und Vorbildern sowie zur Rezeptionsgeschichte **Pestilence and the Body Politic in Latin Literature** Hunter H. Gardner, 2019 Roman writers of the late Roman Republic and early Empire developed important conventions of the western plague narrative as a response to the destabilization of the body politic This volume examines how they used largely fictive representations of epidemic disease to address the collapse of the social order and suggest remedies for its recovery **Greek to Latin** G. O. Hutchinson, 2013-09-26 The relationship between Latin and Greek literature is one of the most fundamental questions for Latin literature and for the reception of Greek literature This innovative volume shows some of the contexts in which the interaction of the literatures should be viewed Professor Hutchinson investigates Roman conceptions of their own literary history and Greek literary history as two chronological sequences artificially separated and takes the reader around the Mediterranean to see the different places where Romans encountered Greek art with words The volume looks at Roman perceptions of the contrasting Greek and Latin languages and compares in detail Latin adaptation of Greek writing with Latin adaptation of Latin It views the different approaches to Greek material ideas and works between three prose super genres and within the poetic super genre of hexameters It is based on an independent collection of evidence and draws extensively on inscriptions archaeology papyri scholia and a wide range of texts **Lucilius and Satire in Second-Century BC Rome** Brian W. Breed, Elizabeth Keitel, Rex Wallace, 2018-03-01 This volume considers linguistic cultural and literary trends that fed into the creation of Roman satire in second century BC Rome Combining approaches drawn from linguistics Roman history and Latin literature the chapters share a common purpose of attempting to assess how Lucilius satires functioned in the social environment in which they were created and originally read Particular areas of focus include audiences for satire the mixing of varieties of Latin in the satires and relationships with other second century genres including comedy epic and oratory Lucilius satires emerged at a time when Rome's new status

as an imperial power and its absorption of influences from the Greek world were shaping Roman identity With this in mind the book provides new perspectives on the foundational identification of satire with what it means to be Roman and satire s unique status as wholly ours tota nostra among Latin literary genres Ennius and the Architecture of the Annales Jackie Elliott,2013-11-21 Ennius Annales which is preserved only in fragments was hugely influential on Roman literature and culture This book explores the genesis in the ancient sources for Ennius epic and in modern scholarship of the accounts of the Annales with which we operate today A series of appendices detail each source s contribution to our record of the poem and are used to consider how the interests and working methods of the principal sources shape the modern view of the poem and to re examine the limits imposed and the possibilities offered by this ancient evidence Dr Elliott challenges standard views of the poem such as its use of time and the disposition of the gods within it She argues that the manifest impact of the Annales on the collective Roman psyche results from its innovative promotion of a vision of Rome as the primary focus of the cosmos in all its aspects *Carpe Diem* Robert A. Rohland,2022-12 Reveals the critical importance of the ancient carpe diem motif for understanding ancient literature and its creation of vivid presents *The Collected Papers of J. L. Moles - Volume 2* John Marincola,2023-05-08 J L Moles 1949 2015 made fundamental contributions to the fields of ancient especially Cynic philosophy Greek and Roman historiography and biography Latin poetry and New Testament studies These two volumes gather together all of his major articles and reviews along with six previously unpublished papers The papers display Moles individual and sometimes iconoclastic approach his impressive range in both Classical and New Testament texts and his unrivalled abilities in close reading This is volume 2 **Ovidian Transformations** Philip Hardie,Alessandro Barchiesi,Stephen Hinds,2020-08-30 An important collection of essays on Ovid s Metamorphoses and its reception

Carmina Horace,2012-04-26 This edition provides current information and guidance on fundamental matters of language usage poetic structure and literary interpretation *Latin Language and Latin Culture* Joseph Farrell,2001-02-15 The Latin language is popularly imagined in a number of specific ways as a masculine language an imperial language a classical language a dead language This book considers the sources of these metaphors and analyses their effect on how Latin literature is read It argues that these metaphors have become id es fixes not only in the popular imagination but in the formation of Latin studies as a professional discipline By reading with and more commonly against these metaphors the book offers a different view of Latin as a language and as a vehicle for cultural practice The argument ranges over a variety of texts in Latin and texts about Latin produced by many different sorts of writers from antiquity to the twentieth century

The Cult of St Swithun Michael Lapidge,2025-04-03 Following the translation of his relics from a conspicuous tomb into the Old Minster Winchester the massive rebuilding of the cathedral and a vigorous publicity campaign by Bishop Aethelwold 963 84 St Swithun became one of the most popular and important English saints whose cult was widespread in England Ireland Scandinavia and France *An Anthology of Informal Latin, 200 BC-AD 900* J. N. Adams,2016-09-26 This

book contains over fifty passages of Latin from 200 BC to AD 900 each with translation and linguistic commentary It is not intended as an elementary reader though suitable for university courses but as an illustrative history of Latin covering more than a millennium with almost every century represented Conventional histories cite constructions out of context whereas this work gives a sense of the period genre stylistic aims and idiosyncrasies of specific passages Informal texts particularly if they portray talk reflect linguistic variety and change better than texts adhering to classicising norms Some of the texts are recent discoveries or little known Writing tablets are well represented as are literary and technical texts down to the early medieval period when striking changes appear The commentaries identify innovations discontinuities and phenomena of long duration Readers will learn much about the diversity and development of Latin *Classica et Mediaevalia* vol. 61 , **The Cambridge Companion to Catullus** Ian Du Quesnay,Anthony John Woodman,2021-04-29 Comprehensive coverage accessible to students and non specialists of one of the most popular poets of classical antiquity **Intratextuality and Latin Literature** Stephen J. Harrison,Stavros Frangoulidis,Theodore D. Papanghelis,2018-10-08 Recent years have witnessed an increased interest in classical studies in the ways meaning is generated through the medium of intertextuality namely how different texts of the same or different authors communicate and interact with each other Attention although on a lesser scale has also been paid to the manner in which meaning is produced through interaction between various parts of the same text or body of texts within the overall production of a single author namely intratextuality Taking off from the seminal volume on Intratextuality Greek and Roman Textual Relations edited by A Sharrock H Morales Oxford 2000 which largely sets the theoretical framework for such internal associations within classical texts this collective volume brings together twenty seven contributions written by an international team of experts exploring the evolution of intratextuality from Late Republic to Late Antiquity across a wide range of authors genres and historical periods Of particular interest are also the combined instances of intra and intertextual poetics as well as the way in which intratextuality in Latin literature draws on reading practices and critical methods already theorized and operative in Greek antiquity

This is likewise one of the factors by obtaining the soft documents of this **Repetition In Latin Poetry Figures Of Allusion** by online. You might not require more epoch to spend to go to the book introduction as capably as search for them. In some cases, you likewise get not discover the publication Repetition In Latin Poetry Figures Of Allusion that you are looking for. It will completely squander the time.

However below, subsequently you visit this web page, it will be consequently extremely easy to get as skillfully as download lead Repetition In Latin Poetry Figures Of Allusion

It will not assume many period as we accustom before. You can do it even if put on an act something else at house and even in your workplace. consequently easy! So, are you question? Just exercise just what we meet the expense of below as with ease as review **Repetition In Latin Poetry Figures Of Allusion** what you with to read!
