Tarnished Victory William Marvel, 2011-11-15 A full and insightful account of the Civil War's final year from the award winning author of *Lee's Last Retreat* Publishers Weekly Beginning with the Virginia and Atlanta campaigns of May 1864 and closing with the final surrender of Confederate forces in June 1865 *Tarnished Victory* follows the course of the Civil War's final year As the death toll rises with each bloody battle the home front is devastated and the nation suffers incredible losses on both sides of the political divide Victory in the North required great sacrifice and here first rate scholar William Marvel considers what that sacrifice was worth in the aftermath of 1865 as Abraham Lincoln's political heirs failed to carry through on the occupation of the South resulting in a tarnished victory Booklist Just as he did in *Mr Lincoln Goes to War* Lincoln's Darkest Year and *The Great Task Remaining* the prize winning historian has drawn on personal letters newspaper articles of the time and official documents and records to create an illuminating work of revisionist history that ultimately considers the true cost of Lincoln's war

Unredeemed Land

Erin Stewart Mauldin, 2021 *Unredeemed Land* examines the ways the Civil War and the emancipation of the slaves reconfigured the South's natural landscape revealing the environmental constraints that shaped the rural South's transition to capitalism during the late nineteenth century

Competition and Coercion

Robert Higgs, 2008-10-30 *Competition and Coercion* Blacks in the American economy 1865-1914 is a reinterpretation of black economic history in the half century after Emancipation Its central theme is that economic competition and racial coercion jointly determined the material condition of the blacks The book identifies a number of competitive processes that played important roles in protecting blacks from the racial coercion to which they were peculiarly vulnerable It also documents the substantial economic gains realized by the black population between 1865 and 1914 Professor Higgs's account is iconoclastic It seeks to reorganize the present conceptualization of the period and to redirect future study of black economic history in the post Emancipation period It raises new questions and suggests new answers to old questions asserting that some of the old questions are misleadingly framed or not worth pursuing at all

The Attitude of Illinois Toward the Federal Reconstruction Policy

Elizabeth G. Pearce, 1914

Wilmington's Lie David Zucchino, 2020-01-07 A Pulitzer Prize winning searing account of the 1898 white supremacist riot and coup in Wilmington North Carolina By the 1890s Wilmington was North Carolina's largest city and a shining example of a mixed race community It was a bustling port city with a burgeoning African American middle class and a Fusionist government of Republicans and Populists that included black aldermen police officers and magistrates There were successful black owned businesses and an African American newspaper *The Record* But across the state and the

South white supremacist Democrats were working to reverse the advances made by former slaves and their progeny. In 1898, in response to a speech calling for white men to rise to the defense of Southern womanhood against the supposed threat of black predators, Alexander Manly, the outspoken young *Record* editor, wrote that some relationships between black men and white women were consensual. His editorial ignited outrage across the South with calls to lynch Manly. But North Carolina's white supremacist Democrats had a different strategy. They were plotting to take back the state legislature in November by the ballot or bullet or both, and then use the Manly editorial to trigger a race riot to overthrow Wilmington's multi-racial government. Led by prominent citizens including Josephus Daniels, publisher of the state's largest newspaper, and former Confederate Colonel Alfred Moore Waddell, white supremacists rolled out a carefully orchestrated campaign that included raucous rallies, race-baiting editorials, and newspaper cartoons and sensational fabricated news stories. With intimidation and violence, the Democrats suppressed the black vote and stuffed ballot boxes or threw them out to win control of the state legislature on November 8th. Two days later, more than 2,000 heavily armed Red Shirts swarmed through Wilmington, torching the *Record* office, terrorizing women and children, and shooting at least sixty black men dead in the streets. The rioters forced city officials to resign at gunpoint and replaced them with mob leaders. Prominent blacks and sympathetic whites were banished. Hundreds of terrified black families took refuge in surrounding swamps and forests. This brutal insurrection is a rare instance of a violent overthrow of an elected government in the United States. It halted gains made by blacks and restored racism as official government policy, cementing white rule for another half century. It was not a race riot as the events of November 1898 came to be known, but rather a racially motivated rebellion launched by white supremacists. In Wilmington's *Lie*, Pulitzer Prize winner David Zucchino uses contemporary newspaper accounts, diaries, letters, and official communications to create a gripping and compelling narrative that weaves together individual stories of hate and fear and brutality. This is a dramatic and definitive account of a remarkable but forgotten chapter of American history. *Lincoln Day by Day*, United States Lincoln Sesquicentennial Commission, 1960. **1861-1865**, United States. Lincoln Sesquicentennial Commission, 1960. 1861-1865. By C. Percy Powell, United States. Lincoln Sesquicentennial Commission, 1960.
