“INDO-CHINA TRADE RELATIONS”

“A critical analysis”

INTRODUCTION

India and China are the two largest countries in the world in terms of population; they are also the fastest growing economies in the world. India and China together are home to the world's largest pools of skilled human resources, and there is a general consensus that these two countries will continue to be the engines of global economic growth in the 21st century. Both China and India have also consciously deepened their economic relations within Asia as is clear from their dialogue partnership with ASEAN and signing of framework agreements for closer economic cooperation with it in 2002 and 2003 respectively.

An Overview of China-India Economic Relations :

The OSS and Ho Chi Minh Dixee R. Bartholomew-Feis, 2006 Some will be shocked to find out that the United States and Ho Chi Minh our nemesis for much of the Vietnam War were once allies Indeed during the last year of World War II American spies in Indochina found themselves working closely with Ho Chi Minh and other anti colonial factions compelled by circumstances to fight together against the Japanese Dixee Bartholomew Feis reveals how this relationship emerged and operated and how it impacted Vietnam's struggle for independence Although the OSS did not bring Ho Chi Minh to power Bartholomew Feis shows that its apparent support for the Viet Minh played a significant symbolic role in helping them fill the power vacuum left in the wake of Japan's surrender Her study also hints that had America continued to champion the anti colonials and their quest for independence rather than caving in to the French we might have been spared our long and very lethal war in Vietnam Based partly on interviews with surviving OSS agents who served in Vietnam Bartholomew Feis's engaging narrative and compelling insights speak to the yearnings of an oppressed people and remind us that history does indeed make strange bedfellows

Diplomatic and Consular Reports Great Britain. Foreign Office, 1901 **Japanese War Crimes and Related Topics: A Guide to Records at the National Archives** United States. National Archives and Records Administration, 2007 This finding aid will help researchers interested in Japanese war crimes war criminals and war crimes trials to navigate the vast holdings of the U S National Archives and Records Administration at College Park NARA It will also be useful to anyone interested in military intelligence political diplomatic economic financial social and cultural activities in the Far East during 1931 1951 as well as to those searching for information regarding Allied prisoners of war the organization functions and activities of American and Allied agencies and the Japanese occupation of countries and the American occupation of Japan While not aimed at researchers interested in the strategic and tactical military and naval history of the war in the Far East this finding aid may nevertheless be useful to those with such interests if only to identify record groups and series of records that may bear on those topics This finding aid covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government Disclosure Act of 2000 P L 106 567 as well as records that were never classified and those declassified before the passage of the Disclosure Act Because the process of identifying declassifying accessioning and processing of records under the Act is taking place as this finding is being compiled late arriving records may not be identified in this finding aid Researchers should consult the IWG Web site <http://www.archives.gov/iwg> for a

complete and up to date list of records declassified under the Japanese Imperial Government Disclosure Act Federal agencies involved in the identification and declassification of relevant classified records ascertained that there were relatively few pertinent records that were still classified Most relevant records were either never classified or were declassified decades before the Act and were already in NARA s custody While this finding aid s coverage is broad it is not comprehensive Researchers may find other relevant series of records within the record groups mentioned or not mentioned Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest In addition the National Archives at College Park holds nontextual records such as still photographs and motion pictures that researchers may want to examine Other NARA facilities hold many records and donated material related to World War II including records related to the subjects covered in this finding aid This is particularly true of the Franklin D Roosevelt the Harry S Truman and the Dwight D Think of archives as vast mountain ranges of records with the archivists guiding the expeditions Explorations on familiar well trodden paths produce new perspectives when examined with fresh eyes and imagination

America's Vietnam War and Its French Connection Frank Cain,2016-12-08 That America was drawn into the Vietnam War by the French has been recognized but rarely explored This book analyzes the years from 1945 with the French military reconquest of Vietnam until 1963 with the execution of the French endorsed dictator Ngo Dinh Diem demonstrating how the US should not have followed the French into Vietnam It shows how the Korean War triggered the flow of American military hardware and finances to underpin France s war against the Marxist oriented Vietnam Republic led by Ho Chi Minh
