## **Report On The State Of The Drugs Problem In The European Union 1998:**

**The European Union and Internal Security** V. Mitsilegas, J. Monar, W. Rees, 2003-03-03 In the post Cold war period new security threats have arisen in Western Europe Amongst these organized crime and illegal immigration are acknowledged to represent significant security challenges The European Union and Internal Security analyses the nature of these challenges and investigates how the EU has been evolving to counter them Written by experts in the fields of political science and law this book addresses a hitherto neglected area of study

**The European Union and Health Policy** Ed Randall, 2000-11-27 The European Union is becoming increasingly involved in health policy The Treaties of Maastricht and Amsterdam require the EU to consider health issues in all that it does Even though the Union has no direct involvement in the delivery of health services its range of responsibilities including the ramifications for health of the Single European Market make it a key player This is the first major academic book solely devoted to EU health and health related policy

*European Drug Policies* Renaud Colson, Henri Bergeron, 2017-01-27 The drug control regime established by the international community has not succeeded in curbing either the demand for or the offer of narcotics But despite a series of developments in the Americas including the legalisation of cannabis in Uruguay and in several states in the United States of America there is still little support in Europe for repealing drug prohibition laws Nevertheless a gradual policy convergence reveals the emergence of a European model favouring public health strategies over a strictly penal approach to combatting drugs while growing transnational support for legalisation indicates the persistence of an alternative paradigm for drug policy This book examines the various influences on drug policies in Europe as grassroots movements NGO networks private foundations and academic research centres increasingly confront the prevailing discourses of drug prohibition Pursuing an interdisciplinary approach and bringing together legal scholars social scientists and practitioners it provides a comprehensive and critical assessment of drug policy reform in Europe

**Anti-Drugs Policies of the European Union** M. Elvins, 2003-08-06 Martin Elvins book is the first to trace the evolution of anti drugs policies at European Union level from the late 1960s to the present Phases of drug policy development key policy actors and institutions are described with particular reference to the influence of transnational networks of expertise Policy development is placed in the context of both European integration and a broad harmonization of international policies against drug trafficking Concerns are also raised about secretive and anti democratic features on intergovernmental EU decision making

Stephens,2006-02-23 This state of the science review looks at all aspects of cannabis dependence from whether it occurs to how to prevent it      Drug Abuse: Prevention and Treatment Mangai Natarajan,2017-05-15 Ever since the Shanghai convention in 1909 the threat posed to human well being by drug abuse has led countries around the world to take action to deal with their drug problems There are wide variations in the policies pursued but most countries try to reduce both the supply of and the demand for drugs Unfortunately there is little research consensus on the respective merits of these two approaches or about the best ways to pursue them Consequently control and prevention policies are mostly driven by political considerations economic realities and cultural expectations though research has played an important part in formulating and evaluating treatments for drug addiction This volume reviews studies on drug abuse prevention and treatment strategies under five main areas 1 Reducing supply strategies to control the flow of drugs from production to retail distribution 2 Reducing demand prevention of drug use at all stages of involvement and consumption levels 3 Reducing harm promoting situational risk reduction practices for regular users addicts and recreational users 4 Reducing addiction drug treatment options for various groups in various settings and 5 Drug policies and prescriptions focused on debates about prohibition and legalization      Key Publications of the European Union ,1999      *Cannabis Use and Dependence* Wayne Hall,Rosalie Liccardo Pacula,2003-11-28 The use of cannabis in the late twentieth and this century is an area of medical and moral controversy Despite its illegality cannabis is the most widely used drug after alcohol and tobacco among young adults in the USA Europe and Australia This book explores the relationship between health policy public health and the law regarding cannabis use It assesses the impact of illegality in drug use and relates this to policy analysis in Australia the UK the US and other developed societies It evaluates debates about safe use and harm minimisation approaches as well as examining the experiences of different prevention treatment and education policies Written by two leading drug advisors Cannabis Use and Dependence makes a valuable addition to this important field of research      The European Union in the Security of Europe Steve Marsh,Wyn Rees,2012-03-12 This book examines the European Union s contribution to providing security in Europe amidst an increasingly complex and challenging environment In this new and comprehensive guide to the EU s role in security since the end of the Cold War the authors offer an explanation of EU internal and external security regimes and argue that the Union has become an important exporter of security within its region However the Union s rhetorical ambitions and commitments continue to outstrip its capabilities and it lacks both a common conceptualisation of security and a meaningful shared strategic culture Drawing extensively on primary sources the book examines the Union s relations with the US and Russia in a time of shifting geostrategic calculations and priorities With the EU capacity for enlargement slowing this text presents a detailed assessment of EU security policies towards Central Europe the
