Representing Popular Sovereignty The Constitution In American Political Culture Suny Series American Constitutionalism:

Representing Popular Sovereignty Daniel Lessard Levin,1999-01-01 Using the events of the Constitution s Bicentennial from 1987 to 1991 as a case study Representing Popular Sovereignty explores the contradiction between the Constitution s importance as a political document and its weakness as a symbol in American popular culture

Representing Popular Sovereignty Daniel Lessard Levin,1999-03-18 Using the events of the Constitution s Bicentennial from 1987 to 1991 as a case study Representing Popular Sovereignty explores the contradiction between the Constitution s importance as a political document and its weakness as a symbol in American popular culture

Inter-American Judicial Constitutionalism Manuel Eduardo Góngora Mera,2011 **The Limits to Union** Jonathan Goldberg-Hiller,2009-12-22 Revised and updated to include the most current information on same sex marriage The Limits to Union documents a legal struggle at its moment of greatest historical importance The Limits to Union is a superb book about the complexities of recent political struggles over same sex marriage Goldberg Hiller offers a sophisticated account of egalitarian rights advocacy and the reaction it has generated from established majorities animated by a new common sense of exclusionary sovereign authority The author s analysis is multidimensional and nuanced but the core argument is bold important and well supported I recommend it very highly to everyone interested in understanding the character possibilities and constraints of civil rights amid our contemporary culture wars Michael McCann author of Rights at Work Pay Equity Reform and the Politics of Legal Mobilization In this excellent book Goldberg Hiller uses Hawaii s experience to examine the interaction between courts and the political system Relying on briefs legislative statements and interviews with activists from both sides of the question he views this familiar debate through the unfamiliar prism of gay marriage which allows him to gauge the viability and the pliability of the American civil rights ideal and how gay and lesbian issues fit or don t fit within that ideal Willian Heinzen New York Law Journal Goldberg Hiller presents the history of the same sex marriage question since it first sparked debate in Hawaii He follows the shifting debate through court cases state propositions and state and federal legislatures considering questions about the constitutionality of the Defense of Marriage Act and the concept of equal protection under the law for gays and lesbians This detailed treatment of the legal issues surrounding same sex marriages is highly recommended R L Abbott University of Evansville A valuable contribution to the field situating the gay marriage debate in broader contexts of theory law and practice S ame sex marriage is an important issue that finds itself caught in the friction points of much larger debates over the nature of rights the limits of sovereignty and the proper role of courts and law in a democratic society The Limits to Union should therefore be of interest even to those who do not think of themselves as interested in gay and lesbian rights issues Evan Gerstmann Loyola Marymount University Law and Politics Book Review

On Equal Terms Douglas S. Reed,2021-03-09 Since Brown v Board of Education and the desegregation battles of the

1960s and 1970s the legal pursuit of educational opportunity in the United States has been framed largely around race But for nearly thirty years now a less noticed but controversial legal campaign has been afoot to equalize or improve the resources of poorly funded schools This book examines both the consequences of efforts to use state constitutional provisions to reduce the resource segregation of American schools and the politics of the opposition to these decisions On Equal Terms compares the relative success of school finance lawsuits to the project of school desegregation and explores how race and class present sharply different obstacles to courts Since a 1973 U S Supreme Court decision that effectively deferred to the states in the matter of educational equity about a third of state judiciaries have mandated reform of state level educational funding systems Douglas Reed analyzes both the rhetoric of reform and the varying effects of these controversial decisions while critiquing the courts failure to more clearly define educational equity Well written with keen insight throughout the book concludes with an intriguing policy proposal that acknowledges obstacles to such efforts This proposal aims to enhance education by fostering racial and economic integration locally Setting the stage for a more coherent debate on this controversial issue and expanding our understanding of constitutional design On Equal Terms will have far reaching implications for law public policy politics and not least the future of American education American Book Publishing Record ,1999 *Forthcoming Books* Rose Arny,1999 **Subject Guide to Books in Print** ,1991 **Representing popular sovereignty** , **Bulletin of the Atomic Scientists** ,1995-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **Sovereignty and Liberty** Michael G. Kammen,1988 **American Citizenship and Constitutionalism in Principle and Practice** Steven F. Pittz,Joseph Postell,2022-01-13 Questions at the very heart of the American experiment about what the nation is and who its people are have lately assumed a new even violent urgency As the most fundamental aspects of American citizenship and constitutionalism come under ever more powerful pressure and as the nation s politics increasingly give way to divisive partisan extremes this book responds to the critical political challenge of our time the need to return to some conception of shared principles as a basis for citizenship and a foundation for orderly governance In various ways and from various perspectives this volume s authors locate these principles in the American practice of citizenship and constitutionalism Chapters in the book s first part address critical questions about the nature of U S citizenship subsequent essays propose a rethinking of traditional notions of citizenship in light of the new challenges facing the country With historical and theoretical insights drawn from a variety of sources ranging from Montesquieu John Adams and Henry Clay to the transcendentalists Cherokee freedmen and modern identitarians American Citizenship and Constitutionalism in Principle and Practice makes the case that American constitutionalism as shaped by several centuries of experience can ground a shared notion of American citizenship To achieve widespread agreement in our fractured polity this notion may have to be based on thin

political principles the authors concede yet this does not rule out the possibility of political community By articulating notions of citizenship and constitutionalism that are both achievable and capable of fostering solidarity and a common sense of purpose this timely volume drafts a blueprint for the building of a genuinely shared political future Constitutional Rights and Powers of the People Wayne D. Moore,1998 American constitutionalism rests on premises of popular sovereignty but questions remain about how the people and their rights and powers fit into the constitutional design In a book that will radically reorient thinking about the Constitution political scientist Wayne Moore offers new insights into central problems of constitutional history theory and law American Sovereigns Christian G. Fritz,2014-05-14 *A Machine That Would Go of Itself* Russell Fraser,Michael Kammen,2017-07-12 In this volume Pulitzer Prize winning historian Michael Kammen explores the U S Constitution s place in the public consciousness and its role as a symbol in American life from ratification in 1788 to our own time As he examines what the Constitution has meant to the American people perceptions and misperceptions uses and abuses knowledge and ignorance Kammen shows that although there are recurrent declarations of reverence most of us neither know nor fully understand our Constitution How did this gap between ideal and reality come about To explain it Kammen examines the complex and contradictory feelings about the Constitution that emerged during its preparation and that have been with us ever since He begins with our confusion as to the kind of Union we created especially with regard to how much sovereignty the states actually surrendered to the central government This confusion is the source of the constitutional crisis that led to the Civil War and its aftermath Kammen also describes and analyzes changing perceptions of the differences and similarities between the British and American constitutions turn of the century debates about states rights versus national authority and disagreements about how easy or difficult it ought to be to amend the Constitution Moving into the twentieth century he notes the development of a cult of the Constitution following World War I and the conflict over policy issues that persisted despite a shared commitment to the Constitution **America's Constitutional Soul** Harvey Claflin Mansfield,1991 Focusing on the elections of 1980 1982 and 1984 Mansfield critiques contemporary conservatism for its ignorance of the political theory implicit in the Constitution Provides food for thought for both left and right and in particular for the American citizens about whom this book is concerned Bradley A Kletscher Constitutional Commentary The Johns Hopkins Series in Constitutional Thought Sotirios A Barber and Jeffery K Tulis Series Editors **The People Themselves** Larry Kramer,2004 This book makes the radical claim that rather than interpreting the Constitution from on high the Court should be reflecting popular will or the wishes of the people themselves *"The Constitution of the People"* Robert E. Calvert,1991 *From the Declaration of Independence to the Constitution* Carl Joachim Friedrich,Robert Green McCloskey,1954 *Constitutionalism, Executive Power, and the Spirit of Moderation* Giorgi Areshidze,Paul O. Carrese,Suzanna Sherry,2016-05-20 Leading scholars and legal practitioners explore constitutional legal and philosophical topics In Constitutionalism Executive Power and the Spirit of Moderation contributors ranging from scholars to practitioners

in the federal executive and judicial branches blend philosophical and political modes of analysis to examine a variety of constitutional legal and philosophical topics Part 1 The Role of Courts in Constitutional Democracy analyzes the proper functions and limits of the judiciary and judicial decision making in constitutional government Part 2 Law and Executive Authority reflects on the tensions between constitutionalism and presidential leadership in both domestic and international arenas Part 3 Liberal Education Constitutionalism and Philosophic Moderation shifts the focus to the relationship between constitutionalism and political philosophy and especially to the modern modes of philosophy that most directly influenced the American Founders A valuable resource for specialists the book also will be of use in political science and law school classes
