

REPUBLICANS & LABOR 1919-1929

ROBERT H. ZIEGER

Republicans Labor 1919 1929

Charles van Onselen

Republicans Labor 1919 1929:

Republicans and Labor Robert H. Zieger, 2021-10-21 At no other time in American history had labor unrest been more evident than the period immediately after World War I Robert H Zeiger here recounts the labor problems that faced the Republican administrations of Presidents Harding and Coolidge massive strikes antiracial hysteria and the hardening of class attitudes throughout the nation and describes the programs and policies of Republican leaders particularly those of Herbert Hoover to solve them Zeiger finds that while suspicion and animosity between the Republicans and the union leaders persisted the rising prosperity of the nation together with the adroit efforts of Hoover and his associates tended to lessen the influence of extremists in both groups Labor reached an accommodation of sorts with the Coolidge administration and when in 1928 Hoover defeated Al Smith the substantial labor vote he received was among the factors that lent stature to his victory

Rethinking the American Labor Movement Elizabeth Faue, 2017-04-28 Rethinking the American Labor Movement tells the story of the various groups and incidents that make up what we think of as the labor movement While the efforts of the American labor force towards greater wealth parity have been rife with contention the struggle has embraced a broad vision of a more equitable distribution of the nation's wealth and a desire for workers to have greater control over their own lives In this succinct and authoritative volume Elizabeth Faue reconsiders the varied strains of the labor movement situating them within the context of rapidly transforming twentieth century American society to show how these efforts have formed a political and social movement that has shaped the trajectory of American life Rethinking the American Labor Movement is indispensable reading for scholars and students interested in American labor in the twentieth century and in the interplay between labor wealth and power

Workers' Paradox Ruth O'Brien, 1998 Reinterpreting the roots of twentieth century American labor law and politics Ruth O'Brien argues that it was not New Deal Democrats but rather Republicans of an earlier era who developed the fundamental principles underlying modern labor policy By exam **The Industrialists** Jennifer Delton, 2022-08-30 The first complete history of US industry's most influential and controversial lobbyist Founded in 1895 the National Association of Manufacturers NAM helped make manufacturing the basis of the US economy and a major source of jobs in the twentieth century The Industrialists traces the history of the advocacy group from its origins to today examining its role in shaping modern capitalism while also highlighting the many tensions and contradictions within the organization that sometimes hampered its mission In this compelling book Jennifer Delton argues that NAM an organization best known for fighting unions promoting free enterprise and defending corporate interests was also surprisingly progressive She shows how it encouraged companies to adopt innovations such as safety standards workers comp and affirmative action and worked with the US government and international organizations to promote the free exchange of goods and services across national borders While NAM's modernizing and globalizing activities helped to make American industry the most profitable and productive in the world by midcentury they also eventually led to deindustrialization plant closings and the

decline of manufacturing jobs Taking readers from the Progressive Era and the New Deal to the Reagan Revolution and the Trump presidency *The Industrialists* is the story of a powerful organization that fought US manufacturing's political battles created its economic infrastructure and expanded its global markets only to contribute to the widespread collapse of US manufacturing by the close of the twentieth century

Encyclopedia of U.S. Political History Andrew Robertson, Michael A. Morrison, William G. Shade, Robert Johnston, Robert Zieger, Thomas Langston, Richard Valelly, 2010-04-01 Unparalleled coverage of US political development through a unique chronological framework *Encyclopedia of US Political History* explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the *Encyclopedia of US Political History* identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the *Encyclopedia* brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the US Constitution and the development of the party system

VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877

VOLUME 4 From the Gilded

Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt s presidency the Supreme Court s conservative traditions and a new judicial outlook VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered *Bridgeport's Socialist New Deal, 1915-36* Cecelia Bucki, 2001 A backdrop to the evolving national developments of the New Deal this study stands at the intersection of political labor and ethnic history and provides a new perspective on how working people affected urban politics in the interwar era BOOK JACKET *Structures of the Jazz Age* Chip Rhodes, 1998 Rhodes grants the truth of appearances to the clichés of the Jazz Age the lost generation of writers the era of mass consumption and the silver screen while revealing their roots in a conservative ideology which sustained Republican rule **Nonunion Employee Representation** Bruce E. Kaufman, Daphne Gottlieb Taras, 2016-07-08 Examines the history contemporary practice and policy issues of non union employee representation in the USA and Canada The text encompasses many organizational devices that are organized for the purposes of representing employees on a range of production quality and employment

issues Focus On: 100 Most Popular 20Th-century American Politicians Wikipedia contributors, *The Life of Herbert Hoover* K. Clements, 2010-06-21 This latest volume in the definitive six volume biography of Herbert Hoover tracks Hoover's life and career from 1918 to 1928 a period defined largely by his role as United States Secretary of Commerce and leading directly to his election as the thirty first President of the United States The Cowboy Capitalist Charles van Onselen, 2018-04-20 The Jameson Raid was a pivotal moment in the history of South Africa linking events from the Anglo Boer War to the declaration of the Union of South Africa in 1910 For more than a century the failed revolution has been interpreted through the lens of British imperialism with responsibility laid at the feet of Cecil Rhodes Yet the raid was less a serious attempt to overthrow a Boer government than a wild adventure with transnational roots in American filibustering In *The Cowboy Capitalist* renowned South African historian Charles van Onselen challenges a historiography of over 120 years locating the raid in American rather than British history and forcing us to rethink the histories of at least three nations Through a close look at the little remembered figure of John Hays Hammond a confidant of both Rhodes and Jameson he discovers the American Old West on the South African Highveld This radical reinterpretation challenges the commonly held belief that the Jameson Raid was quintessentially British and in doing so drives splinters into our understanding of events as far forward as South Africa's critical 1948 general election with which the foundations of Grand Apartheid were laid **The Best Transportation System in the World** Mark H. Rose, Bruce Edsall Seely, Paul F. Barrett, 2006 From 1920 to the mid 1990s American transportation in the form of railroads trucks and airlines was simply a creature of politics and public policy In brief the markets for rail truck and airlines were not natural entities but had been created through hard fought political contests full time lobbying and unceasing litigation Between 1940 and the late 1970s moreover leaders of rail truck and airline firms lobbied and litigated to protect the workings of this regulatory regime In the mid 1950s President Eisenhower asked Congress to award railroad executives authority to modify prices and service Eisenhower was concerned about a railroad industry in decline During the 1960s President Johnson sought broad deregulation of rail trucks and airline firms Johnson wanted another device to fine tune the economy In the 1970s Presidents Nixon Ford and Carter sought to deregulate transportation with a view toward reversing stagflation Between 1978 and 1980 Congress and President Carter approved deregulation of airlines trucking and railroads Carter aide Mary Schuman played a crucial role in bringing about airline deregulation For all the market talk that surrounded transportation politics before and after 1980 however officials of the American state had been and remained the principal agents creating those markets **BOOK JACKET** **Our Own Time** David R. Roediger, Philip S. Foner, 1989-11-17 *Our Own Time* retells the story of American labor by focusing on the politics of time and the movements for a shorter working day It argues that the length of the working day has been the central issue for the American labor movement during its most vigorous periods of activity uniting workers along lines of craft gender and ethnicity The authors hold that the workweek is likely again to take on increased significance as workers face the choice

between a society based on free time and one based on alienated work and unemployment **From Paesani to White Ethnics** Stefano Luconi,2001-02-01 Examines the transformations of Italian American ethnic identity in twentieth century Philadelphia *America's Great War* Robert H. Zieger,2001-11-13 Recent bestsellers by Niall Ferguson and John Keegan have created tremendous popular interest in World War I In America s Great War prominent historian Robert H Zieger examines the causes prosecution and legacy of this bloody conflict from a frequently overlooked perspective that of American involvement This is the first book to illuminate both America s dramatic influence on the war and the war s considerable impact upon our nation Zieger s engaging narrative provides vivid descriptions of the famous battles and diplomatic maneuvering while also chronicling America s rise to prominence within the postwar world On the domestic front Zieger details how the war forever altered American politics and society by creating the National Security State generating powerful new instruments of social control bringing about innovative labor and social welfare programs and redefining civil liberties and race relations America s Great War promises to become the definitive history of America and World War I The Republicans and Labor Robert H. Zieger,1965 *The CIO, 1935-1955* Robert H. Zieger,2000-11-09 The Congress of Industrial Organizations CIO encompassed the largest sustained surge of worker organization in American history Robert Zieger charts the rise of this industrial union movement from the founding of the CIO by John L Lewis in 1935 to its merger under Walter Reuther with the American Federation of Labor in 1955 Exploring themes of race and gender Zieger combines the institutional history of the CIO with vivid depictions of working class life in this critical period Zieger details the ideological conflicts that racked the CIO even as its leaders strove to establish a labor presence at the heart of the U S economic system Stressing the efforts of industrial unionists such as Sidney Hillman and Philip Murray to forge potent instruments of political action he assesses the CIO s vital role in shaping the postwar political and international order Zieger s analysis also contributes to current debates over labor law reform the collective bargaining system and the role of organized labor in a changing economy Capital, Labor, and State David Brian Robertson,2000 Capital Labor and State is a systematic and thorough examination of American labor policy from the Civil War to the New Deal David Brian Robertson skillfully demonstrates that although most industrializing nations began to limit employer freedom and regulate labor conditions in the 1900s the United States continued to allow total employer discretion in decisions concerning hiring firing and workplace conditions Robertson argues that the American constitution made it much more difficult for the American Federation of Labor government and business to cooperate for mutual gain as extensively as their counterparts abroad so that even at the height of New Deal American labor market policy remained a patchwork of limited protections uneven laws and poor enforcement lacking basic national standards even for child labor American Workers, American Unions Robert H. Zieger,Gilbert J. Gall,2002-12-11 What this little book does and does engagingly and perceptively is to analyze the cyclical fortunes of organized labor Eminently successful History **Enterprise and American Law, 1836-1937** Herbert

Hovenkamp,2009-06-01 In this integration of law and economic ideas Herbert Hovenkamp charts the evolution of the legal framework that regulated American business enterprise from the time of Andrew Jackson through the first New Deal He reveals the interdependent relationship between economic theory and law that existed in these decades of headlong growth and examines how this relationship shaped both the modern business corporation and substantive due process Classical economic theory the cluster of ideas about free markets became the guiding model for the structure and function of both private and public law Hovenkamp explores the relationship of classical economic ideas to law in six broad areas related to enterprise in the nineteenth and early twentieth centuries He traces the development of the early business corporation and maps the rise of regulated industry from the first charterbased utilities to the railroads He argues that free market political economy provided the intellectual background for constitutional theory and helped define the limits of state and federal regulation of business behavior The book also illustrates the unique American perspective on political economy reflected in the famous doctrine of substantive due process Finally Hovenkamp demonstrates the influence of economic theory on labor law and gives us a reexamination of the antitrust movement the most explicit intersection of law and economics before the New Deal Legal economic and intellectual historians and political scientists will welcome these trenchant insights on an influential period in American constitutional and corporate history

This Engaging World of E-book Books: A Comprehensive Guide Revealing the Advantages of Kindle Books: A Realm of Convenience and Versatility E-book books, with their inherent portability and ease of access, have freed readers from the limitations of physical books. Gone are the days of carrying bulky novels or carefully searching for particular titles in shops. E-book devices, sleek and lightweight, seamlessly store an extensive library of books, allowing readers to indulge in their preferred reads anytime, everywhere. Whether commuting on a bustling train, relaxing on a sun-kissed beach, or simply cozying up in bed, Kindle books provide an exceptional level of convenience. A Literary Universe Unfolded: Exploring the Wide Array of E-book Republicans Labor 1919 1929 Republicans Labor 1919 1929 The Kindle Shop, a virtual treasure trove of literary gems, boasts an extensive collection of books spanning diverse genres, catering to every readers preference and choice. From captivating fiction and thought-provoking non-fiction to classic classics and modern bestsellers, the Kindle Shop offers an exceptional abundance of titles to explore. Whether seeking escape through immersive tales of imagination and exploration, diving into the depths of historical narratives, or expanding ones understanding with insightful works of science and philosophy, the Kindle Shop provides a gateway to a bookish world brimming with limitless possibilities. A Revolutionary Factor in the Bookish Landscape: The Persistent Influence of Kindle Books Republicans Labor 1919 1929 The advent of E-book books has certainly reshaped the literary scene, introducing a paradigm shift in the way books are published, disseminated, and consumed.
