Rereading Prophecy:

Of Flying Saucers and Social Scientists: A Re-Reading of When Prophecy Fails and of Cognitive Dissonance Timothy Jenkins, 2013-06-20 What happens when prophecies fail Timothy Jenkins re reading of Leon Festinger's classic work on cognitive dissonance seeks to answer this question by studying a 50s doomsday group This volume explores the relations between anthropology and psychology and between social scientific and natural scientific accounts of human behavior

Rereading Prophecy Homer Kizer, 2002-12-01 "Strange Prophecies Anew" Tony Trigilio, 2000 This book revives questions of religious and political authority in poetic prophecy It argues that modern prophecy operates within a dynamic of continuity and estrangement that combines immanent and transcendent modes of representation creating a poetry that revises the very tradition that authorizes it The Book of Amos and its Audiences: Prophecy, Poetry, and Rhetoric Andrew R. Davis, 2023-06-22 Analyses the poetic audiences of the book of Amos by distinguishing the textual addressee from its actual audiences Re-Reading Tragic Africa Amy Rushton, 2024-05-31 Grounded in world systemic analysis this book revisits the literary and social implications of tragedy in relation to global narratives about Africa and within fiction by writers from the continent It argues that working through the full complexity of tragedy helps to identify and challenge plots that depict Africa as reaching a tragic impasse Instead reconsidering tragedy allows for further related interventions including the implications of narratives of development the argument for formally engaging with literary texts that present challenging material reformulations of African political and cultural agency and the possibilities to be found in utopian thinking It claims that contemporary fiction helps to scrutinise the familiar big picture of Africa and create space for discussions about wider political and historical commonalities between the continent and the rest of the world As such the novels discussed in this study are not simply about Africa these fictional narratives position Africa as a central actor within the global history of late capitalism Re-Reading the Scriptures Christoph Levin, 2013 This volume contains 15 papers written by Christoph Levin between 2001 and 2011 four of them unpublished One main focus is on the Pentateuch mainly on the oldest comprehensive narrative source the Yahwist which was written at the beginning of the Jewish diaspora A second focus is on the books of Kings on their chronological structure as well as on the final two chapters 2 Kgs 24 25 Christoph Levin also deals with the Israelite religion in the time of the monarchy the origins of biblical Covenant theology and the Old Testament attitude to poverty All the papers are based on a detailed investigation of the literary growth of the biblical text The author shows that the Old Testament as we know it originated from a process of continual re reading during the Second Temple period The Production of Prophecy Diana Vikander Edelman, Ehud Ben Zvi, 2014-12-18 The Persian and Hellenistic periods saw the production and use of a variety of authoritative texts in Israel The Production of Prophecy brings together a range of influential biblical scholars to examine the construction of prophecy and prophetic books during the Persian period Drawing on methodological and comparative research and studies of particular biblical texts the volume

explores biblical prophecy as a written phenomenon examining the prophets of the past setting this within the general history of Yehud The relationship between prophetic and other authoritative written texts is explored as well as the general social and ideological setting in which the prophetic books emerged Russian Literature and the Classics Peter I. Barta, David H. J. Larmour, Paul Allen Miller, 2013-12-02 Russian Literature and the Classics attempts to fill a gap To date there has been no book length systematic study of the impact of antiquity on Russian literature and culture While by no means claiming to offer a comprehensive approach the authors focus on various aspects of the influence which the Classics have had on Russian literature at particularly significant junctures the beginning of the nineteenth century the age of the great Russian realist novel the Silver Age Stalin s terror the Thaw after 1956 and the period just before the collapse of Soviet society In their introductory essay the editors offer an overview of the Classical Tradition In it they provide an insight into the contrasting ways in which that tradition manifested itself in the literatures of Western Europe and of Russia **Romans in context** Graham Jackman, 2013-03-03 Breaking with the tradition of reading Romans as a theological treatise devoted essentially to justification by faith this re reading drawing upon the insights of the new perspective on Paul views it as a true letter written to Christians in Rome It argues that Paul s prime concern in Romans is the troubled relationship of Jews and Gentiles in the early church and specifically in Rome and it seeks to follow the Apostle's argument and his attempts to bring the separate groups together in unified worship It also includes a short overview of the early church in Rome a brief introduction to issues of reading and interpretation and reflections on the importance of Romans for readers today

Chronicles of the End Times Mark Davidson, 2018-10-05 Mark Davidson author of Daniel Revisited has created a unique interpretation of end time Bible prophecy using the ancient concentric reading method known as chiastics Lost centuries ago it was rediscovered by seminary scholars in the eighteenth century This reading method reveals the form of the scripture text via the flow of its words giving us a heightened sensitivity to the words in the text When combined with the words meanings we receive a greater understanding of prophetic scripture In Daniel Revisited Davidson showed us the four signposts four events prophesied in Daniel 7 and 8 and Revelation 6 to occur in the Middle East prior to the Rapture and Tribulation Now in Chronicles of the End Times chiastic reading has been applied to all of Daniel Revelation and other books pulling back the veil further to expand our view from four events to all the main events from the Middle East to the ends of the earth A chiastic reading of Daniel Zechariah 1 6 Matthew 23 25 and Revelation all shown in ninety illustrations yields many solid answers to the following questions as well as to many others How do Daniel 2 and 7 interact and why are the kingdoms metals and beasts What s the purpose of Daniel s Aramaic chapters and how do they affect the end times Which parts of Daniel 11 are to be fulfilled in ancient times versus end times What is the real identity of Mystery Babylon and how does this help us in the end times How do the two scrolls of Revelation give greater understanding of the trumpets and bowls What are the Seven Events of the end times and which one is next This all may seem incredible for one book but is

nevertheless true The chiastic reading of Bible prophecy revolutionizes our view of the end times and how we read Bible end Holiness, Righteousness and the New Covenant Homer Kizer, 2002-12-17 In Holiness Righteousness time prophecy and the New Covenant Homer Kizer deconstructs Christianity to show that its foundational constructs require each believer to do what he or she knows is right whenever a decision is made This application transcends denominational doctrines and traditional readings of prophecy In it Kizer challenges orthodoxy by asserting the necessity for Christian disciples to produce works consistent with the disciples knowledge with disciples continuing to grow in grace and knowledge while enduring to the end Kizer also produces the first inspired reading of the prophecies of Daniel since humanity has entered that historic **Prophetic Books and their Theological Witness** Odil Hannes Steck, 2020-10-20 period known as the time of the end For many years Odil Hannes Steck has been regarded as among the world s foremost authorities on the Hebrew Bible s prophetic tradition yet very little of his work has appeared in English In this book Steck surveys the results of his extensive and careful research presenting his theory of the prophetic books development from oral to current canonical form He summarizes his redactional work on the prophetic corpus and develops an understanding of the theological import of the text in its history of development **Poetry as Re-Reading** Ming-Qian Ma, 2008-08-20 Grounded in a detailed and compelling account of the philosophy guiding such a project Ma s book traces a continuity of thought and practice through the very different poetic work of objectivists Louis Zukofsky George Oppen Carl Rakosi and John Cage and language poets Susan Howe Lyn Hejinian Bruce Andrews and Charles Bernstein His deft individual readings provide an opening into this notoriously difficult work even as his larger critique reveals a new and clarifying perspective on American modernist and post modernist avant garde poetics Ma shows how we cannot understand these poets according to the usual way of reading but must see how they deliberately use redundancy unpredictability and irrationality to undermine the meaning oriented foundations of American modernism and to force a new and different kind of reading Pub desc **Printing and Prophecy** Jonathan Green, 2011-11-17 Examining possible connections between prophecy and changes in media in the century after **Apostolic Insight Into the Prophetic** Randy Brown, 2007-10 Do you believe you are a Prophet If so this Gutenberg book will help you answer that question with accuracy It is a complete manual and guide on the difference between one who has the gift of prophecy and one who actually is called to the Office of the Prophet This book gives in depth insight on the following How do I know if I am truly called to be a Prophet In depth training on how to operate in the gift of the Prophecy Should one prophesy anytime and anywhere Are there different types of Prophets Who were the sons of the Prophets And much more information on the acts of the Prophets Apostle Randy Brown is a living example of the Word of God The scripture John 10 14 I am the good shepherd and I know My sheep and am known by My own Is a testimony for the Apostle Divine Guidance John A. Jillions, 2020-01-24 The twenty first century opened with the religiously inspired attacks of 9 11 and in the years since such attacks have become all too common Over against the minority who carry out violence at God's direction

however there are millions of believers around the world who live lives of anonymous kindness They also see their actions as guided by the divine How is divine guidance to be understood against the background of such diametrically opposed results How to make sense of both Osama bin Laden and Mother Teresa In order to answer this guestion John A Jillions turns to the first century world of Corinth where Jews Gentiles and early Christians intermixed and vigorously debated the question of divine guidance In this ancient melting pot the ideas of writers and poets philosophers rabbis prophets and the apostle Paul confronted and complemented each other These writers reveal a culture that reflected deeply upon the realities ambiguities and snares posed by questions of divine guidance Jillions draws these insights together to offer an outline for the twenty first century and suggest criteria for how to assess perceived divine guidance Jillions opens a long closed window in the history of ideas in order to shed valuable light on this timeless question A Philadelphia Apologetic Homer Kizer, 2012-11-17 A Philadelphia Apologetic Volume Four continues the subject matter of Volume Three in addressing the bifurcation of truth with truth in New Testament Greek being the negation of what has been concealed Although APA was intended to be a three volume text once it became evident in Volume Three that the Book of Acts was a Sophist novel not factual history of the early Christian Church rereading of other canonical texts opened APA to being multiple volumes This Volume Four principally addresses Matthew's Gospel As stated in Volume Three in doubled voiced discourse there is factual truth what is true for an event driven timeline as well as literary truth in the space above a horizontal timeline with literary truth making no claim for historicity The genealogy of Christ that begins Matthew's Gospel is not factually true it lacks historicity as shown in this Volume Four but nevertheless is literarily true for the indwelling Christ Jesus that gives life to the Elect Thus the synoptic problem that has Matthew copying from Mark s Gospel permits where Matthew deviates from Mark deconstruction of Matthew to show that Matthew's Gospel was never intended to be read literally as a historically correct biography of Jesus but was from its composition intended to be read metaphorically as the biography of the indwelling Christ Jesus the spirit of Christ that gives eternal life to the previously dead inner self of the person truly born of God And when Matthew's Gospel is the biography of the indwelling Christ it is also the spiritual biography of the disciple In doubled voice discourse words form the skeleton of a story produced in the reader s mind for as long as suspension of disbelief continues meaning for Matthew s Gospel that as long as disciples believe Matthew is true it is true If disbelief returns the indwelling Christ is not raised from death and the soul remains numbered among the dead who bury the dead of themselves **Interpreting the Prophetic Word** Willem A. VanGemeren, Willem VanGemeren, 1996 The diversity of prophetic voices in the Bible provides a message that is rich and variegated But the variety of the testimony can be lost by limiting one s interpretations or application of the prophetic word Interpreting the Prophetic Word helps readers understand the harmony of the voices that reveal God s purposes in redemptive history Dr Willem VanGemeren explains clearly and fully the background of the prophetic tradition He then interprets the message of the major and minor prophets using historical context and literary form and structure as

tools in his analysis He concludes with an explanation of the relevance of the prophetic word today Dr VanGemeren s extensive research and scholarship is presented in a readable way to unlock the door of prophecy for readers He helps them to interpret prophecy and invites them to listen to the prophets and to lives the prophetic word The Re-Enchantment of the West, Vol 2 Christopher Partridge, 2006-06-20 Challenging some assessments of religion in the West this study argues that although much organized religion particularly Christianity is in numerical decline in actual fact we are witnessing an alternative spiritual re enchantment of society and culture Re-Reading Gregory of Nazianzus Christoper A.
